

MIRA

Designed with your family's future in mind

Mirasol St., Brgy. San Roque, Quezon City

Designed by RLC Residences, the award-winning residential division of Robinsons Land Corporation, MIRA is born from a commitment to crafting homes that resonate with the needs and aspirations of residents and their future families. Seamlessly integrating Nordic aesthetics with expansive open spaces, this development sets a new standard for growth-enabling spaces in the city, designed as a family-centric community near key establishments, transport hubs, CBDs, and hospitals.

With productivity upgrades and basic smart home features, MIRA is a future-ready home with more ways to connect, bond, and flourish together in safety and convenience.

LIVE IN A FUTURE-FORWARD FAMILY HOME

With close proximity to key establishments, transport hubs,
and a family-friendly neighborhood, your family's day-to-day life
in MIRA will be as worry-free as possible.

A family of three—a man in a blue shirt and khaki shorts, a woman in a yellow top and white shorts, and a young girl in a white floral dress—are walking hand-in-hand on a paved path in a lush, modern outdoor space. The area features several large, modern tents with white frames and brown fabric, set against a backdrop of greenery and a modern building. In the foreground, a curved swimming pool is visible. The overall atmosphere is bright and inviting, with a clear blue sky and a network of white lines and dots overlaid on the right side of the image.

GROW IN SPACES DESIGNED FOR YOUR FAMILY

YOUR SAFETY AND SECURITY

At MIRA, we prioritize your peace of mind. With key features that ensure top-tier security for you and your family in amenity areas, and extra storage solutions, you can utilize your shared spaces while keeping your family and your belongings safe.

- RFID Access on Selected Common Areas
- Leasable Storage

An artist's perspective rendering of a modern, multi-story apartment building. The building features a grey facade with gold-colored accents around the windows and balconies. The balconies have glass railings. In the foreground, there is a large, curved swimming pool with blue water, surrounded by a paved deck and lush greenery, including palm trees and other tropical plants. A circular wooden structure, possibly a gazebo or a covered seating area, is visible near the pool. The background shows a well-maintained garden area with a paved walkway and more greenery.

BUILDING FEATURES

With a blend of novel building features catering to both leisure and enhanced safety, MIRA ensures that families can truly rest easy.
