

MADIBAS PACKAGING

Madibas Packaging, formerly known as Hassim's Packaging & Haspak, has been a leader in the packaging industry since 1965. Originally a family-run retail shop, it has grown into a national packaging powerhouse, offering both retail and wholesale products, including household packaging, personalized printed bags, catering items, and disposable eatware.

As a fourth-generation family business, it was time to separate the retail and wholesale divisions. The wholesale division, now located at 39 Riverhorse Road, Riverhorse Valley, near eThekweni Heart Hospital and Builders Warehouse, can still be reached at 031 579 5408.

The wholesale division operates under two brands: Madiba's Packaging, which handles general packaging needs, and Mkhulu Packaging, which specializes in personalized printed packaging. Despite the changes, the company remains committed to innovation and the values of its founders, ensuring quality products, excellent pricing, and outstanding service delivery.

MADIBAS PACKAGING

COMPANY BACKGROUND

Madibas Packaging is a Durban based company which was established in 2020. The company is a family owned business and derived from Hassim's Packaging which was established in 1965. In 1976 the company grew with the opportunities arising from the manufacturing industry and with the 4th generation taking over, the company then changed from Hassims Packaging to Madibas Packaging and is ever-growing and evolving to best suite our customers. The company has over 100 man-years experience with the knowledge and skills handed over from generation to generation. Thanks to the ever-growing catalogue of supplier resources, Madibas Packaging has become South Africa's main purveyors of packaging all under one roof.

To add to the portfolio, we deliver nationwide.
