Celebrating 20 years with  
20 exceptional holidays across the globe

# Welcome

---

The last 20 years have been an incredible journey for our family business, and we thank you for playing a part in our growth and success. Before founding Tropical Sky, most of our core team had directly worked together in travel.

Our vision was simple: to create a business offering individually personalised holidays in an unhurried, unpressured way, carefully crafted by experienced and passionate travel experts. We set out to deliver service elements that were missing from larger companies.

We hope we have succeeded – our loyal customers ultimately judge us on this.

Our journey has seen highs and lows. In 2012, we received a Sunday Times Fast Track Award for the UK's fastest growing independent businesses. Over the years, our customers have helped us earn numerous accolades including Gold, Silver and Bronze British Travel Awards as well as a FEEFO Platinum Trusted Service Award.

Of course, it hasn't all been plain sailing. The 18-month COVID shutdown was a challenging period, with leisure travel prohibited. During this time, we kept our staff employed and assisted customers with cancellations and rebooking. As travel returned, we were determined to help our customers rediscover the joy of exploring the world.

Our 20th anniversary seemed the perfect opportunity to offer some truly unique journeys. Through our long-standing partnerships, we have expertly crafted 20 once-in-a-lifetime trips available only with the Tropical Sky Group. While many of these trips come with a high price tag due to their exceptional inclusions, we can put together tailor made versions featuring your favourite elements.

From our family to yours, thank you for being part of our journey over the last 20 years– your trust and loyalty means the world to us.

### What makes this tour unique:

- Join Born Free for a day alongside conservation experts – monitor lions, learn how the foundation works with local communities, and gain behind-the-scenes insights, only available with Tropical Sky.
- Meet the Kenya Wildlife Trust team for an insider talk on the Mara Predator Conservation Programme. Help monitor a pride and witness how research protects Africa's big cats – an experience exclusive to our guests.
- Share a private eco-lunch with Dr Mohanjeet Brar, Director of Game Watchers Safaris. Hear his insights on biodiversity and the future of Africa's wildlife in an experience you can only enjoy with Tropical Sky.
- Explore three iconic Kenyan game parks with your own private game drive vehicle, experiencing breathtaking landscapes and wildlife at your own pace.
- Embark on an incredible mountain gorilla trek in Uganda for a once-in-a-lifetime encounter with these majestic primates.

### Overview:

Discover Africa as you've never seen it before on this extraordinary 14-night tour, including a combination of iconic game reserves, handpicked lodges and behind-the-scenes encounters to create a safari experience unlike any other.

Track wild lions with research specialists, come face-to-face with mountain gorillas in Uganda and witness Africa's wildlife in its natural habitat. Gain insights from conservation experts at Born Free and be guided by environmental specialists who will reveal the secrets of the wild through their knowledge.

Delight in the exclusivity of your own private vehicle in many areas for an uninterrupted safari experience. Your Born Free and Kenya Wildlife Trust experiences are shared with a small group.

Stay mostly in conservancies, rather than main game reserves. These vital areas sustain wildlife, benefit local communities and support conservation efforts, while offering a more private safari experience.

Polar bear in Churchill

## A Tailormade Discovery of Grizzly Bears and Polar Bears

### What makes this tour unique:

- Witness two of Canada's most iconic predators in one journey – timed within the rare two-week seasonal window when both grizzly and polar bears are most visible for the best viewing in the wild.
- Stay at the Indigenous-owned Klahoose Wilderness Lodge, where only a handful of guests gain exclusive access to remote bear-viewing platforms in Toba Inlet – complemented by cultural interpretation and intimate fireside storytelling with ex-astronaut and Royal Canadian Geographical Society Ambassador Dr. Dave Williams.
- Private polar bear experiences in Churchill, with your own guide ensuring the most personal and unforgettable encounters with these magnificent animals.
- Travel made effortless – we've combined remote lodges, floatplanes, and expert-led excursions into a seamless itinerary that would be near-impossible to arrange independently.

### Overview:

This remarkable 15-night experience takes you into some of Canada's most remote and wildlife-rich regions – from the coastal rainforests of British Columbia to the icy tundra of the Hudson Bay. What truly sets this trip apart is the unmatched access to some of Canada's most iconic wildlife, including the elusive grizzly and polar bears. We have carefully chosen departure dates to coincide with the only time of year when you are able to see both grizzly bears and polar bears in the wild.

Witness grizzly bears fishing in wild rivers, polar bears roaming the subarctic and marine life gliding through Pacific waters, complemented by Indigenous cultural insights and unforgettable landscapes. This is more than a holiday – it's a journey into the wild heart of Canada.

Vulcano Island

“

This was the first time I had used Tropical Sky but I doubt it will be the last. From first contact to last they were faultless, and it was great to have a dedicated travel expert to deal with as we managed to build up a rapport with each other. Such a joy to deal with a company that goes above and beyond.
