

"Thank you for being there for me."

Generosity Report | 2022

*"If it wasn't for Bridge Communities,
I wouldn't be where I am today."*

"Bridge Communities prepared me for a better life"

Before Beatrice and her five children entered the Bridge program, they were living in a homeless shelter after escaping a traumatic life of domestic abuse.

While Beatrice knew leaving was the right choice for her family's safety, life in a shelter was very difficult and limiting. There were times Beatrice and her family weren't allowed to leave their room, even to go to the kitchen to get her crying one-year-old a bottle of milk.

She knew her family needed a space to call their own but finding one that would fit her and her five children felt almost impossible. When Beatrice felt most like giving up, some friends referred her to Bridge Communities. After the application process, she was welcomed into the program.

"When I entered the Bridge program, I was so happy. It was like entering a new world," says Beatrice.

In the stability and safety of a Bridge apartment, and with the help of their mentors and case manager, Beatrice and her children were able to focus on what was important.

Beatrice was able to take a new focus on her career and education. "Seeing how people care for one another at Bridge Communities gave me hope for my future," says Beatrice. "It helped

me to focus, get my GED, and go on to get my associate degree." It also helped her discover her dream job of becoming a social worker.

She even noticed a difference in her children. "My mentors helped lead my children down the right path," says Beatrice. They helped instill in them a love for reading and got them more invested in school.

"In the Bridge program, you are surrounded by people who care." "In the Bridge program, you are surrounded by people who care. My mentors gave me strength," Beatrice says. "And having a case manager like Molly Howieson was like having gold in my hand. To this day, I take their impact wherever I go."

Since leaving the Bridge program back in 2015, Beatrice and her family were able to find stable housing and put down roots in DuPage County. Her children are thriving and have really grown since their time in the program. They've also welcomed a sixth child to their family.

Beatrice is on track to receive her Bachelor of Social Work this spring, putting her goal of becoming a social worker within reach.

"The Bridge program had a big impact on my life, and I want to spread that kindness further," Beatrice says. "No matter where God leads me, I want to go forward and be there for others."

You're Never Too Young to Make a Difference

When St. Petronille's 8th grade Religion class first conceived of their fundraiser for a Bridge Communities family, their goal wasn't to create a year-long, community-wide campaign that would raise over \$21,000.

Nevertheless, they did just that and showed that you are never too young to change your community for the better.

St. Petronille's Class of 2022 first became inspired when their teacher, Carol Murray, shared the story of a Bridge Communities family that St. Petronille sponsors and mentors.

"They didn't realize that kids in Glen Ellyn actually use the Glen Ellyn Food Pantry. They didn't understand that homelessness meant sleeping on a neighbor's floor or a mother having to split up her kids to find a place to live," says

Tanya Singh, mother of then 8th grader Jonah.

Tanya had the opportunity to speak with the class and was amazed by their drive. "Their eyes were opened to what the realities of homelessness are, and they were so impassioned by that," she says.

It was that passion that led the students to raise money in innovative ways, including hosting raffles, a basketball tournament, Jar Jousts, a talent show, and selling sweatshirts that they designed.

They worked hard, championed the cause, and made the fundraiser their own. They made their campaign fun and inspired the rest of the school—and even the parish—to get involved!

The students wanted to make a lasting change. "They wanted the younger kids to know that they could go out and make an impact,"

says Tanya. "You don't need to be a grown adult with a job to make a difference."

By helping to forever change the lives of the 100+ families that Bridge Communities serves every year, St. Petronille's Class of 2022 proved that anyone can make a lasting impact and create the change they want to see in their community.

"I'm so proud of these kids," Tanya says. "They weren't patting themselves on the back. They were doing this fundraiser because it was the right thing to do. That's what I was most impressed with."

We would like to express our heartfelt thanks to the Class of 2022 and the entire St. Petronille parish. With people as passionate and kind as these students, our community's future looks bright indeed!

Dear friends,

As we look back at 2022, it becomes clear that it was a year of growth and adaptation for Bridge Communities. Soaring rates of inflation, the scarcity of affordable housing and childcare, and increased mental health and family safety concerns have all posed new challenges to our community and, accordingly, the number of families requesting Bridge's services continues to climb.

Fortunately, thanks to your support, Bridge Communities is evolving to meet these changing needs through innovative programming that improves the experiences of the families, and ultimately their outcomes.

Our newly piloted Stability Program allows us to work with families with more complex needs through direct case management and supportive services, preparing families for successful entry into our Transitional Housing Program. Seven families were welcomed into this program in 2022, and already one family has progressed into our Transitional Housing Program.

To better understand the societal disparities and inequities in which we live, and how Bridge can better serve the needs of our diverse clients and community, we formed an Equity and Belonging Task Force. Through our learnings, we will bridge gaps and differences while building trust and promoting systemic change with our volunteers, clients, and the community.

We are also proud to have launched a new client support initiative. By offering client families peer-to-peer support workshops, families come together in fellowship, learn strategies to heal from past traumas, build resilience, and create connections with others who share lived experiences. The feedback has been overwhelmingly positive.

In this report, you will see evidence of how Bridge has evolved to ensure that client families' experiences are even more impactful and transformative. I know that all of this is only possible through your support, and I am eternally grateful to and for you.

With thanks and appreciation,

Amy Van Polen

Families Feel Satisfied with the Bridge Program

Bridge Communities is driven to develop supportive, life-changing experiences for families facing homelessness. Accurately gauging our clients' satisfaction is an essential part of improving the effectiveness of the support and resources we offer.

In 2022, Bridge piloted a new **Family Satisfaction Survey** aimed at getting our clients' honest feedback on their experiences in the Bridge program.

Here's what our clients had to say:

97% would recommend Bridge Communities to friends or family without hesitation

94% felt safe in and around their apartments

98% felt safe with volunteers

93% stated that staff responded in a timely and professional manner to any repair or maintenance concerns reported

We are happy to see that our client families feel safe and would recommend the Bridge program. We look forward to continuing to develop healthy relationships and attain positive, long-term outcomes.

“My family and I have been given another chance to feel safe and thrive with all of Bridge Communities’ help and guidance. They have always shown us respect and support.”

“The most helpful part of the program was the financial freedom gained.”

Reflections of 2022 Client Graduates:

100% agreed their ability to communicate with and advocate for their children improved

100% developed a trusting relationship with a mentor

100% felt a sense of community within Bridge housing

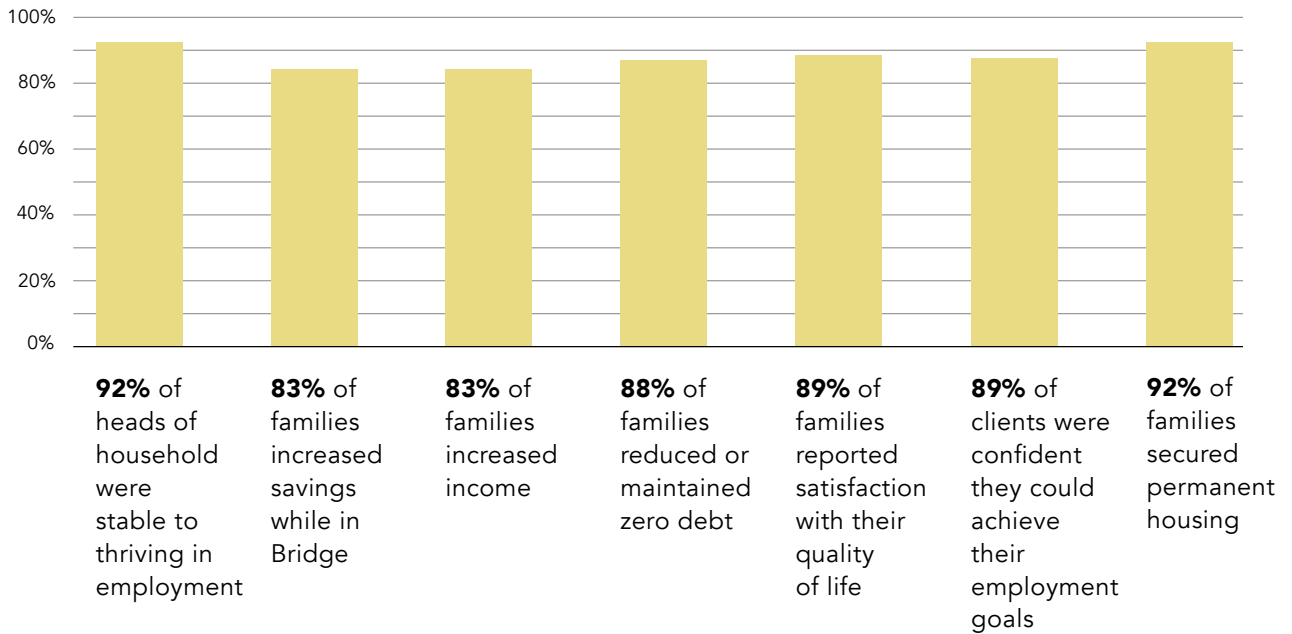

100% felt safe as they exited the program

Client Outcomes: Creating Lasting Change

We monitor and measure our clients' success as they make their way through the Bridge Transitional Housing Program. The statistics below reflect the progress of the clients who completed the exit survey in 2022. By the time these clients left the program:

Graduates reported improved financial stability:

Median Monthly Income grew from \$2,307 to \$3,573

Median Savings increased from \$0 to \$9,625

Median Debt decreased from \$7,880 to \$2,739

Investing in Comfortable, Safe Homes for Years to Come

Bridge Communities owns the apartment buildings in which client families reside. This allows optimal cost controls, establishes our long-term investment in DuPage County, and ensures that each family's housing experience meets our high-quality standards.

Owning our buildings also requires a great commitment to continuously invest in the apartments Bridge families call home.

In 2022, we completed a comprehensive capital investment study that resulted in a 12-year renovation and reinvestment expenditures roadmap. These expenditures include unit renovations, as well as addressing exterior, interior, and mechanical needs. The plan identified nearly \$400,000 in investments needed each year for the next 12 years, which Bridge is committed to fulfill.

Our work began on three campuses, including our flagship apartment building in Glendale Heights. Thanks to funding secured by Congressman Sean Casten and the Wheaton Franciscan Sisters, we completed total renovations of the building, culminating in a ribbon-cutting and rededication ceremony. As you can imagine, our clients were thrilled to see the results.

Bridge Communities is committed to investing in all our properties to reinforce our long-term dedication to serving families facing homelessness in DuPage County. We hope you will come along with us as we continue this journey.
