SCIENTIFIC LAYOUT AND EXQUISITE ASSEMBLY TECHNOLOGY

● Base

The base is a sealed bottom which install on the spa bottom. With a solid sealed fiberglass forever floor(Or ABS floor), it can stop insects and pests, damp and long-term structural problems. It also allows the spa (hot tub) to be placed anywhere that's level (without any ground preparation) giving total portability.

METALLIC STRUCTURE

All Sunrans spas are equipped with a robust metal structure(#304 stainless steel) that prolongs their service life. Given a rustproof treatment, this metal structure not only supports the weight of a spa over the years but is also able to withstand humid environments and resist the passage of time, even if installed outdoors.

● Cabinet

The premium maintenance-free cabinetry for lasting good looks. With a realistic wood-look finish and a modern design, you can have the beauty of wood without the work.

● Power line Layout

The Strong and weak electricity are isolated to make sure the SPA is 100% safe.

Also all weak electrical elements are installed on the integrated plate for easier maintenance.

● Air blower (option)

Spa Air Blower feature revolutionary turbo design for more air output using less power. Silent air motor runs cool and quiet.

As an added feature, all Sunrans Spas can be equipped with Therapy Air also come with a fully integrated aromatherapy system that introduces fragrance directly into the spa! The power of natural scent both refreshes and relaxes, complimenting a totally therapeutic soak.

● Water massage pump

Perfect match with Sunrans SPA & swim spas.

Large flow volute design with 2 inch inlet and outlet. And 4 locations available for pump housing installation.

Single phase motor installation T1 thermal protector.

Motor adopts high temperature resistant bearing that be long life, reliable and durable.

Liquid absolutely separate with shaft to keep safer and more reliable.

Insulation class F, protection IP × 5.

CE, TUV, SAA, KC, ETL certification approval.

● Circulation pump

We choose the high quality, long-life, extremely quiet circulation pump. This pump is rated for continuous duty operation, features an integrated mounting bracket;
