

Biomes of the Continent Boxes

(ages 8 to 12)

The Biomes of the Continent Boxes may be used to store and organize a set of Continent Biome Cards - Elementary on the shelf for easy access for independent student work. There are seven boxes included with the Biomes of the Continent Boxes. Each has a biome icon etched on the front and nine sections to organize the cards. These boxes are intended to display one continent's set of cards at a time. Please note that not all of the boxes will be needed for each continent (for example, Africa will not need the Temperate Forest or Polar boxes).

The cards can be sorted in a box accordingly:

These are all of the icons for the Biomes of the Continent Boxes:

desert

grassland

mountain

polar

temperate forest

tropical forest

wetland
