# Blockchain Trust Features

## DeFi Capabilities:

Blockchain Trust's DeFi integration offers unparalleled financial operations flexibility. Unlike traditional LLCs, our platform enables access to peer-to-peer transactions, smart contracts, and a broad range of DeFi services. This empowers businesses with efficient, transparent, and flexible financial tools, driving innovation and operational efficiency in the blockchain era.

## Blockchain Bank Merchant Account:

The Blockchain Corporate Package includes a Blockchain Bank Merchant Account, enabling businesses to seamlessly accept payments in both fiat currencies and cryptocurrencies. This account not only facilitates traditional financial transactions but also integrates digital currency payments, offering a versatile solution for modern businesses operating in a global market.

With this account, entrepreneurs, their clients, and employees can handle financial transactions in USD, EURO, and various cryptocurrencies, ensuring flexibility and adaptability in a rapidly evolving financial landscape.

## Blockchain Bank MasterCard:

The Blockchain Trust's inclusion of a Blockchain Bank MasterCard is a standout feature not available with traditional LLC registrations.

This MasterCard provides a versatile financial tool for entrepreneurs, their clients, and employees, functioning seamlessly in USD, EURO, and cryptocurrencies.

Such a feature enhances the ease of financial transactions on a global scale, allowing for the smooth operation of business activities across different currencies and financial environments.

It reflects a significant advancement in financial flexibility and accessibility, offering a modern solution that aligns with the evolving needs of today's businesses.

### **Cross-Border Payment Solutions:**

With Blockchain Trust, experience the pinnacle of cross-border payment efficiency. Our platform supports transactions in various currencies, facilitating global commerce with ease.

Unlike traditional LLC or Corporate services, we ensure seamless, secure, and swift transactions, enabling your business to thrive internationally without conventional financial system constraints.

### **Tokenization of RWA's:**

Tokenization of real-world assets (RWAs), secure transactions, and immutable record-keeping.

Real World Assets, ranging from real estate, gold and diamond mines to precious metals and beyond, are now entering the blockchain through the company's strategic tokenization services. This process enhances liquidity and accessibility, granting investors and asset owners the unparalleled transparency and efficiency afforded by blockchain technology.

### **Tokenization: A Bridge to the Future**

Blockchain International Corporate Registry Authority's tokenization service is a testament to the potential of blockchain in transforming traditional asset management. The use of the ERC-1155 standard allows for a more dynamic and flexible representation of assets, fostering a new era of investment and ownership.

As the blockchain industry continues to grow, the company's forward-thinking approach ensures that it remains a leader in the integration of blockchain solutions.

The tokenization of RWAs opens up a realm of possibilities, offering investors a novel way to diversify their portfolios and leverage the intrinsic value of tangible assets in a digital format.

## Digital Asset Management Tools:

Elevate your asset management with Blockchain Trust's advanced digital tools. Beyond traditional state services, our platform offers sophisticated management, including tokenization of Real World Assets (RWA's) and secure transactions. Leverage blockchain technology for enhanced asset liquidity and streamlined management, optimizing your financial operations for the digital age.

- 1. Blockchain Trust Creation:** Offers a unique trust structure built on blockchain technology, enabling a flexible and secure way to manage assets.
- 2. Privacy and Security:** Ensures complete privacy with a proprietary network, keeping trust contents confidential and secure.
- 3. Event-Triggered Flexibility:** Incorporates triggers that allow the trust to adapt its structure based on specific events, enhancing its adaptability and relevance.
- 4. Digital and Accessible:** Provides a completely digital platform for managing the trust, accessible securely online by Trustees, Protectors, and Beneficiaries.
- 5. Asset Registration Feature:** Allows recording of asset transfers to the trust within the blockchain, ensuring a transparent and up-to-date asset accounting.
- 6. Legal Compliance:** Automatically updates with international laws, maintaining compliance without the need for frequent manual updates.
- 7. Integrated Services:** Offers potential integration with related services such as real property transfers, insurance, tax planning, and investment options within the platform.
- 8. Cryptocurrency Integration:** Directly incorporates blockchain-based cryptocurrencies, offering options for asset protection and conversion into cryptocurrencies.
- 9. Estate Planning Simplification:** Simplifies estate planning for attorneys and clients, making it easier to manage and amend trusts digitally.
- 10. Robust Platform:** Provides a comprehensive and secure platform for all estate, tax, and asset protection planning needs, unmatched by traditional estate planning methods.

## International Business Advantages:

Blockchain Trust leverages blockchain's global nature, providing a significant edge over geographically limited state LLC services. Our platform supports seamless international operations, market access, and global partnership engagement, transforming your business into a global enterprise.

The Platinum Blockchain Corporate Package facilitates global business operations, particularly under decentralized finance (DeFi) frameworks, without the need for adhering to additional governmental regulatory compliance's.

This package allows businesses to operate internationally, leveraging the blockchain's inherent borderless nature and providing a streamlined avenue for global commerce. Businesses can engage in international trade, access global markets, and utilize blockchain technology for secure, transparent, and efficient transactions, all while maintaining compliance with a minimal regulatory burden.

This feature is especially advantageous for entities looking to capitalize on the global reach and innovation offered by blockchain and DeFi, setting them apart from traditional corporate structures that are often limited by geographically-bound regulatory constraints.

## Operational Autonomy:

Enjoy unprecedented operational autonomy with Blockchain Trust. Our DeFi frameworks allow global business operations without traditional regulatory constraints, leveraging blockchain's security and transparency. This operational freedom fosters innovation, growth, and compliance in your global financial activities.

The Platinum Blockchain Corporate Package grants unparalleled operational autonomy, enabling businesses to seamlessly operate on a global scale. With this package, your enterprise is not tethered by the constraints of traditional government regulations, particularly under the DeFi (Decentralized Finance) framework.

This means you can expand your business reach internationally without the need for additional registrations or compliance with varying local government rules, providing a significant edge in today's fast-paced, borderless digital economy.

This feature is especially beneficial for companies looking to leverage the global nature of blockchain technology and digital finance, ensuring they remain agile and competitive in the international market.

**Join Our Reseller Program and Earn Rewards**

Become a part of our exclusive Reseller Program and unlock the opportunity to earn substantial financial rewards. For every Blockchain Trust you sell through our dedicated reseller portal, we offer a remarkable reward of \$100. This program is designed to empower you with an additional income stream while promoting cutting-edge blockchain solutions.

**Enhance Your Earnings with Our Loyalty Rewards**

But that's not all – we believe in rewarding commitment and building a thriving community. By introducing a loyalty or rewards program, we aim to incentivize not just sales but also engagement and long-term partnerships. Whether you're referring new clients or are a steadfast reseller, there are additional perks and rewards waiting for you.

**Join us today and be a part of a program that values your contribution and offers you the tools to succeed.**

**With our Reseller Program, your efforts are recognized and rewarded, fostering a sense of community and partnership that grows with every sale.**
