Product Information (stockist customers)

Specifications

Please refer to our website or catalogue for full product specifications.

Assembly

Products with the prefix * require some assembly. We offer a Premium White Glove delivery service in the UK, which includes assembly. Please ask your retailer for a quotation.

Capri Tray

You can only use the Capri Clip on Tray (product code - 1CAT) with the Capri Lounger Standard (1CAS).

Dimensions

The product dimensions in our catalogue and website are approximate and we reserve the right to alter them without notice.

Fabric codes

Product codes with the prefix + require you to add a fabric colour code. You can see all our fabrics and codes in our catalogue or website.

Furniture Covers

Covers for Standard Dining Groups are designed to cover the furniture with the chairs around but not underneath the table. Our covers and storage bags are designed to provide maximum weather protection with 'breathability'. Failure to follow storage recommendations may result in the voiding of your warranty.

Parasols

All our Napoli parasols will fold above our standard height dining tables.

Dining tables with a parasol hole

Our standard dining tables with a parasol hole are listed with the prefix P and supplied with fittings to take parasol poles from 40 mm to 70mm diameter. We supply a flush fitting insert in a material to match the top, in order to blank the hole when the table is used without a parasol.

Important - The Bermuda Pedestal table 90 Ø (product code - 2BEC09), Bermuda High Dining Table 90 Ø (product code - 2BECH09) and Equinox High Dining Bistro Table 70 Ø (product code - 2EQCH07.T) have a 40mm hole. Our Napoli Parasol 2.8 metre Ø (product code - 4NA28C.302) is our only parasol that you can use with these tables.

Rustic Teak

Our Titan Rustic Teak collection uses teak featuring knots and a varied grain pattern, which we believe is part of its charm and character. Please note that a laminated timber product in an outdoor environment is 'alive' and cracking is normal.

Stainless Steel

Our Equinox, Layout, Luna and Mercury collections feature stainless steel. We use the highest quality, 316 "marine grade" stainless steel to withstand the rigours of an outdoor environment. However, you should undertake regular maintenance using our care product to preserve the fine appearance of your furniture. Cleaning once or twice a year will be adequate in most circumstances but we recommend more frequent cleaning in a coastal environment.

Important - Stainless steel furniture in a chlorinated, indoor environment will require frequent cleaning and we therefore do not recommend it.

Glenham Tree Seat

The price shown for the Glenham Circular Tree Seat (product code - 1GLSC) is per half. Two half tree seats are required to complete a seat around a tree.

Terms & Conditions

All orders are subject to our Conditions of Sale, a copy of which is available on request.

Delivery Charge and Postage

Carriage paid - On all orders over CHF 2,000

Carriage supplement - Charged at CHF 200 for shipments below CHF 2,000

Residential delivery - Charged at CHF 200 for shipments below CHF 2,000

Returns Policy

A copy of which is available on request.

We apply the following conditions to product you wish to return for credit:

1. You may only return product for credit if it is "as new" and we can resell it as such. Please ensure your customer knows to keep product under cover if they wish to return it.
2. We only accept the return of product with our prior written consent and marked with the returns number that we will give you.
3. You must repack product in its original carton and protective packaging. Please ensure your customer knows to keep packaging until they have inspected the product, in case they wish to return it.
4. We do not accept the return of cushions that are not one of our stock colours, detailed in our catalogue or product that we have modified in any way.

5. We do not accept the return of “knock-down” (KD) furniture that has been fully or partly assembled.
6. We will reduce your credit by a restocking charge of 10% to cover our cost of delivery, collection, inspection and repackaging. This charge can be more if the cost of delivery and return exceeds 10% of the invoice value; our Customer Service Department will advise you if this is the case.

Residential Delivery

We are manufacturers and do not offer a retail delivery service. Our trade delivery is to the lorry tailgate only. If delivery is to a private address then it is essential that you make your customer aware of the weight of their products. You must agree with your customer which of you is responsible to provide the labour and handling equipment to move potentially very heavy loads. Prior to delivery you must assess the access for sufficient width, height and manoeuvring room for a commercial furniture lorry and advise us if it is unsuitable.
