About Kenneth & Allen, LLC

Kenneth M Paskman
REAL ESTATE PHOTOGRAPHY

After lengthy careers working in the newspaper, media technology and hospitality technology arenas, I decided to make a life change and focus on my combined interests of real estate and photography. It's my intention to build relationships with clients and deliver a level of quality and customer service that surpasses your expectations. Allen was my Dad, who was a well-respected real estate appraiser. I'm honored to have his namesake in my business.
