

**OPEN DOORS TO OPPORTUNITY WITH US
BOYS & GIRLS CLUB OF NEW ROCHELLE**

For 95 years, Boys & Girls Club of New Rochelle (BGCNR) has been an integral part of the community, providing achievement-driven programs encompassing academics, mental wellness, fitness, leadership, and civics. We're one of Westchester County's largest nonprofits and a leader in youth development, serving over 8,000 young people at 12 school sites and two clubhouses in Larchmont, Mamaroneck, and New Rochelle.

For every child enrolled in an after-school program, three are waitlisted. BGCNR continually works to expand the scope and reach of our after-school offerings, as well as our before-school programming, electives, and summer camp, to bridge the gap between school and home for working families.

We owe our success to partnerships with government and community leaders, donors, volunteers, and mission-aligned organizations. Recently, our impact was recognized via a New York State "21st Century Community Learning" grant to build STEM and 21st century skills among 500 middle and high school students; and a "Learning and Enrichment After-School Program Supports" grant to accommodate another 800 to 850 elementary school students in our after-school programming.

We've also recently partnered with The Mariano Rivera Foundation to grow our workforce development and college initiatives, supporting 800 young adults aged 18 to 24.

I hope you'll consider joining us in providing paths forward for the youth who need us most and contribute to our mission in your year-end giving plans.
