SILVER SPONSOR

Recycle Me

RecycleME

RIZON is a commercial electric truck brand developed and manufactured by a trusted global OEM. Our fully electric medium-duty trucks are designed based on customer feedback for practical real-world business needs. Developed and built in-house from the ground up, RIZON is setting a new standard in Class 4-5 commercial electric vehicles. Our proven knowledge of the commercial electric vehicle marketplace can help you navigate the integration of eMobility solutions into your business operations. The RIZON dealer network offers eConsulting guidance, infrastructure planning, fleet management systems integration, battery life-cycle management and end-of-life disposition.

Who We Are

RecycleMe is your partner in EPR, plastics regulation, and sustainable packaging, whether scaling sustainability programs or managing multi-market compliance.

We ease your load with expert guidance, efficient reporting, and practical insight, embedding into your workflows to deliver clarity, compliance, and cost-effective results.

Built On Experience Driven By Results

With decades of global experience across five continents, our team has designed and operated producer responsibility systems, advised governments, and guided brands from startups to Fortune 500s.

EPR Strategy

Whether you're setting goals, responding to new reporting obligations, navigating compliance or translating results into business outcomes, we help teams manage risk and move forward with confidence.

Compliance Gap

Identify which of your products are regulated (or soon will be) across North America. Validate that you're completing the right reports, and map exposures and risks so you're not caught off guard.

Reporting Services

We handle product and packaging reports to make sure you're proceeding accurately and efficiently. From material categorization to custom calculators, we ensure every submission is timely, accurate, and audit-ready.

Good Strategy Needs The Right Inputs & Good Follow-Through

We also offer:

Policy Monitoring

We track federal, state, and local changes and notify you when action is needed.

Vendor Chargeback Support

We calculate and allocate EPR-related charges for fair, transparent recovery.

Retainer-Based Services

Use us as needed — we're on call as an extension of your team.

We know these systems inside and out, and put that expertise to work for you.

Test Drive Our Expertise

Whatever your role, in finance, packaging, procurement, or sustainability, we've built quick tools to help you navigate EPR from your perspective.

Scan the QR code to tell us who you are, and we'll recommend the right resources to show how we work and how we can help.

Ready To Get Started?

Let us show you where your compliance exposure is, where the opportunities are, and how we can help.

MEET THE SPEAKERS

Emmanouil Anagnostou, PhD
Distinguished Professor and Tech Park Director
University of Connecticut

Shanoy Anderson, PhD
Environment Director
Qawalangin Tribe of Unalaska

Julie Benabente
Deputy Director
City of San Jose - California

Jason Bergquist
CEO
RecycleMe - North America

Frank Bigelow
Deputy Director
CAL FIRE

Robert Burgy
Climate and Sustainability Program Manager
Clark County Department of Environment and Sustainability (DES)

Dr. David Edwards
Chief Deputy Director
State of California Office of Environmental Health Hazard Assessment

Darien Fernandez
Council Member
Town of Taos, New Mexico

Angela Hodges-Gott
Director and Chief Resiliency Officer
City of Dallas' Office of Environmental Quality and Sustainability

Rachel Gray
Sustainability Manager
Shelby County Health Department

Angela Hill
Deputy Administrator of Environmental Health & Sustainability
Shelby County Health Department

Tory Jackson, PE
Sustainability & Climate Manager
City of Henderson

MEET THE SPEAKERS

Kim Lundgren
CEO
Kim Lundgren Associates

Nathan Lunstad, PhD, PE
Director, Division of Drinking Water
Utah Department of Environmental Quality

Nylah Oliver, MPA
Sustainability Director
Savannah, Georgia, United States

Annette Olson
Founder and Executive Director
Climate Steps

George Rhee, PhD
Professor of Physics and Astronomy
University of Nevada
Las Vegas

Ava Richardson
Sustainability Director
City of Baltimore

Diana Chaman Salas
Director of Climate and Resiliency
Department
Hennepin County
(Virtual)

Michael Shank, PhD
Adjunct Faculty, Center for Global Affairs
New York University

David Silver
VP of External Affairs
California Volunteers

Ron Swanson
Business Development Lead
Sustainable H2O Technologies

Tara Tisopulos
Deputy Director of Environmental
Sustainability
OC Waste & Recycling

Camille Calimlim Touton
Former Commissioner of U.S.
Bureau of Reclamation
University of Nevada
Las Vegas

MEET THE SPEAKERS

Fernando Treviño
Special Deputy Secretary,
Environmental Justice
Department of Environmental
Protection

Nicholas Vallejo
Recycling Specialist, Environmental
Services Department
City of San Diego

Marco Velotta
Planning Project Manager and Chief
Sustainability Officer
City of Las Vegas

Katherine Wiles
Region Analyst
California Conservation Corps

Brent Woodworth
Chairman and CEO
Los Angeles Emergency Preparedness
Foundation

POSTER SESSION

Poster No.	Presenter	Presenter Title
1	Mandy Mountain	Beyond the Flight Season: Hidden Reproductive Timing and Moisture-Dependent Egg Survival in the Nevada Endemic Dune Beetle <i>Pseudocotalpa Giulianii</i>
2	Dr. Hanqing Pan	Electrochemical Carbon Dioxide Reduction and Per- and Polyalkylfluoro Substances Degradation for a Sustainable Future
3	Kal Perera	Long-Term Memory Behavior in Colorado River Streamflow and Implications for Drought Under Prolonged Warming
4	Babak Ghazi	Projecting Future Hydroclimatic Conditions in California's Central Valley
5	Sara Khorramshagol	Stress Responses of Chihuahuan Desert Soil Cyanobacteria to Heat
6	Emily Reese	Evacuation and Resilience Center Design (ERCD) Study
7	Dr. Nicole Pietrasiak	TBA

08:00AM–09:00AM

Celebrity Foyer

Registration and Breakfast

Bon Appétit

Delightful breakfast to fuel a Great Day!

09:00AM–09:30AM

Celebrity 1&2

Welcome Remarks

Dr. Michael Shank (Co-Chairman)

Adjunct Faculty – Center for Global Affairs, New York University

09:30AM–10:00AM

Celebrity 1&2

TBA

Frank Bigelow

Deputy Director of Community Wildfire Preparedness & Mitigation and Fire Engineering & Investigations Division, CAL FIRE

10:00AM–10:30AM

Celebrity 1&2

The Challenge of Managing the Colorado River in the Twenty-First Century

Camille Calimlim Touton

Former Commissioner of U.S. Bureau of Reclamation, UNLV

10:30AM–11:00AM

Celebrity Foyer

Poster Session & Networking Coffee Break

Poster Session Topics and Abstracts

Speaker names are listed clockwise, beginning from the top-left corner.

11:00AM – 12:00PM

Celebrity 1&2

Uncertainty as a Key Element for Climate Change

Dr. George Rhee (Moderator)
Professor of Physics and Astronomy, UNLV

Tara Tisopulos
Deputy Director of Environmental Sustainability, OC Waste & Recycling

Angela Hodges-Gott
Director, Office of Environmental Quality & Sustainability – Dallas City

Jason Bergquist
CEO – North America, RecycleMe

Diana Chaman Salas (Virtual)
Director, Hennepin County

Camille Calimlim Touton
Former Commissioner of U.S. Bureau of Reclamation, UNLV

12:00PM–1:00PM

Celebrity 4

Luncheon

Bon Appétit
Enjoy Lunch While Learning and Exchanging Ideas

01:00PM–1:30PM

Celebrity 1&2

When Funding Is in Question: How Volunteering Programs Backed by Your City Can Create a Lasting Impact — Overview of California Climate Action Corps Long-Term Impact

Katherine Wiles (Moderator)
Region Analyst, California Conservation Corps

Nicholas Vallejo
Recycling Specialist, Environmental Services Department, City of San Diego

David Silver
VP of External Affairs, California Volunteers

01:30PM–02:00PM

Celebrity 1&2

Oliver Kroner

Oliver Kroner

Director – Office of Environment & Sustainability, City of Cincinnati

02:00PM–02:30PM

Celebrity Foyer

Networking Coffee Break

Recharge and connect

Grab a cup and mingle!

02:30PM–03:10PM

Sunset 1

AI in Supply Chain Decarbonization

Dr. Fouad Khan

Climate Specialist Leader, Deloitte

02:30PM–03:10PM

Sunset 2

The Greatest Snow on Earth: Securing Utah's Drinking Water Amid the 2026 Record Snow Drought

Dr. Nathan Lunstad, PE

Director, Utah – Division of Drinking Water

02:30PM–03:10PM

Sunset 3

ALL-IN Clark County: A Case Study in Community and Interlocal Climate Action

Robert Burgy

Climate and Sustainability Program Manager

Clark County Department of Environment and Sustainability (DES)

Five Minutes Transition

03:15PM–03:55PM

Sunset 1

Resilient Rhody 2025: Rhode Island's Statewide Resilience Plan

Kimberly Koriath

Chief Resilience Officer, Environmental Management – RI

03:15PM–03:55PM

Sunset 2

EPR in the U.S.: Key Developments & What They Mean For Producers

Jason Bergquist

CEO – North America, RecycleMe

03:15PM–03:55PM

Sunset 3

Regional Collaboration

Kim Lundgren

CEO, Kim Lundgren Associates

Robert Burgy

Climate and Sustainability Program Manager

Clark County Department of Environment and Sustainability (DES)

Five Minutes Transition

04:00PM–04:40PM

Sunset 1

Diverse Climate Impacts on Communities and the Diverse Solutions That Involve Citizens' Actions

Dr. Annette Olson

Founder, President

04:00PM–04:40PM

Sunset 2

Sustaining Las Vegas

Marco Velotta, AICP

Planning Project Manager and Chief Sustainability Officer, City of Las Vegas

04:00PM–04:40PM

Sunset 3

Recycling, Nature-Based Solutions, and Climate Resiliency

Tara Tisopulos

Deputy Director of Environmental Sustainability, OC Waste & Recycling

04:40PM–04:55PM

Celebrity 1&2

Day 1 Wrap-Up

Dr. Michael Shank

Adjunct Faculty – Center for Global Affairs, New York University

Field Trip to Hoover Dam

11:30 AM - 3:45 PM | Bus and Shuttle Parking | Offsite Guided Tour & Exploration

Explore one of the Southwest's most iconic engineering landmarks during this guided field trip to Hoover Dam. Attendees will gain insight into the dam's critical role in water management, hydroelectric power generation, drought resilience, and climate adaptation efforts across the Colorado River Basin. Transportation will be provided from the conference venue, with time allotted for guided exploration, scenic viewing, and networking with fellow attendees.
