CANADA'S PREMIER NUCLEAR SCIENCE FACILITY

Inspire curiosity and creativity in your class

Canadian Nuclear
Laboratories

Laboratoires Nucléaires
Canadiens

Canadian Nuclear Laboratories is inspiring the next generation of innovators across Canada! Through our education outreach program, we are making science, technology, engineering, and mathematics a fun and accessible adventure for students in grades K–12.

As Canada's premier nuclear science facility, our extensive range of expertise enables us to provide resources and presentations on a variety of topics. The outreach program covers not only STEM but also trades, career pathways, and various non-STEM topics.

Our experienced presenters and industry professionals engage students in these subjects through hands-on activities, site tours, merit badge programs, classroom and virtual presentations.

Don't miss out on this unique opportunity to inspire curiosity and creativity in your class! Explore our full range of K–12 offerings and connect with us to plan an unforgettable engagement experience.

Visit us at cnl.ca or email communications@cnl.ca to get started!

The science of tomorrow, **today.**

CNL is Canada's premier nuclear science and technology organization. Our scientific expertise helps solve some of the world's biggest problems.

Clean energy for today and tomorrow

To build a clean energy future here in Canada, we have to pursue scientific progress today. Science to develop energy that is free of greenhouse gases; science to protect our environment; and, science to make clean energy technologies work better together.

Restore and protect the environment

CNL has developed some of the world's most advanced waste management technologies and practices. And now our talented engineers, researchers and operators are putting them to good use – tackling some of the world's most challenging environmental problems.

Contribute to the health of Canadians

For 75 years, CNL has been at the forefront of innovation in nuclear medicine, radiopharmaceuticals, and low dose radiation research. We've changed the lives of millions of people around the world. And now, we are about to do it again.

Environmental Protection

CNL factors sustainable development into all activities, from the boardroom to the lunchroom to the laboratory.

Spark Wonder

with our dynamic and inspiring school programs!

**Our three museums offer an array
of interactive field trips for students of all ages.**

Field trips are curriculum-linked to help meet your learning objectives.

All programs are available in English or French!

Learn more about our in-person
and virtual field trips!

ingenium.ca/en/learn/teachers-zone/

Ingenium

Canada 

Ingenium: three science museums that will inspire your students!

With three diverse museums under the Ingenium brand, you can “choose your own adventure” when it comes to school programs! With 28 in-person programs and 20 virtual programs, there’s truly something to enhance every teacher’s curriculum. You can even opt to skip the school bus and have our AgVenture van come right to your classroom! Dig into the science of soil at the **Canada Agriculture and Food Museum**, take learning to new heights with the history of aviation technology at the **Canada Aviation and Space Museum**, or test the boundaries of engineering at the **Canada Science and Technology Museum**. Scan the QR code on the opposite page to peruse a full list of our school program offerings.

Spark wonder with unforgettable experiences

Through attention-grabbing demonstrations and hands-on learning, our on-site, in-school, and virtual school programs will engage your students — sparking curiosity and leaving them with lasting memories. Directly linked to provincial curricula and available in your choice of English or French, our field trips are designed to celebrate success and learning through failure, while encouraging students through experimentation, observation, and discussion of their findings.

Leave it to the experts

At Ingenium, it’s our job to make your job easier! Our experienced team will work with you, to make planning for your educational program as smooth as possible. Many of our school programs also include online resources — to enrich your lessons when you’re back in the classroom.

This has been a great experience. It was very easy to contact the museum and stay organized. Thank you!

- Teacher, Ottawa Catholic School Board

FOR AN AMAZING ACTIVITY!

Altitude Gym is the biggest climbing center in the area! With three locations in Gatineau, Kanata and Orleans, Altitude Gym offers a complete and exciting range of activities for all age groups and for all levels. Everyone will be challenged and learn more about the wonderful sport of rock climbing.

To maximize your experience, you can choose from different group packages: Challenge Altitude, Forma-Grimpe, Forma-Bloc and Ninja Warrior theme park!

Challenge Altitude

The Challenge Altitude takes the form of a friendly competition. The participants, divided into groups of 10 to 14 people, move from station to meet challenges and collect points. The Challenge Altitude allows you to discover various style of climbing while having fun!

For an activity focused more on training, two options are available:

1) The Forma-Bloc

The Forma-Bloc is an activity that teaches how to climb effectively. It allows you to learn positioning, specificities of different climbing holds, terminology of movements, and more! This activity is easily adaptable to participants age and abilities.

2) Forma-Grimpe

The Forma-Grimpe is an activity that involves teaching the basics of top-rope. Climbing participants learn belaying and climbing techniques, tying the roping knot, and manipulating the required equipment and devices. Participants will climb higher than Forma-Bloc, from 25ft. to 45ft. high. This activity can also easily be adapted to participants age and abilities.

For the ultimate challenge enthusiasts, there is only one choice: The Ninja Warrior in Kanata

The Ninja Warrior offers three corridors that will make you combine dynamic movement, strength, balance, endurance, and agility. This type of activity, which is inspired by the television show American Ninja Warrior, is one of the best complementary training for climbing. Timed or not, the Ninja Warrior allows you to challenge yourself and above all, offers a 100% adrenaline experience!

Bottom line, Altitude Gym is the perfect place to live an ultimate experience where each activity brings you higher! You will leave craving more!

Gatineau Park guided tours

Did you know that a red squirrel can smell a pinecone buried under 4 m of snow?

Join our nature interpreters to hear incredible stories of survival, featuring the plants and animals of Gatineau Park.

Students will learn how amazing and diverse Park species are and what everyone can do to protect them.

Curriculum-based for kindergarten to grade 6

Snowshoes provided for winter activities

Tours offered in English and French

In-class presentations also available

The Gatineau Park Visitor Centre is located at
33 Scott Road, Old Chelsea, Quebec

OMNES
ARTS CIRCLE

OMNES [om-ness]: All people: everybody, everyone.
ALL WELCOME. ALL VALUED.

SCHOOL WORKSHOPS
We bring quality arts education programs, customized to meet the needs of your student base, directly to you! These programs in music, dance, and theatre are delivered by highly trained and skilled instructors who are passionate about making arts education accessible to every student.

**DANCE CLASSES
MUSIC LESSONS
THEATRE CLUB
PA DAY CAMPS
SUMMER CAMPS
MARCH BREAK CAMP**

REGISTER ONLINE AT OMNESARTSCIRCLE.CA

Omnes Arts Circle offers high-quality, customizable arts education programs in music, dance, and theatre, delivered by passionate and skilled instructors directly at your school.

Our music options include Boomwhackers, desk bells, recorder, ukulele, and choral singing, all adaptable to your students' needs. Dance sessions cover styles like ballet, jazz, modern, hip hop, and musical theatre, with students learning basic techniques and choreographed routines. Our theatre program fosters creativity through script study, character development, and performance opportunities, with content that can align with classroom subjects or be student-created. Each program is designed to make arts education engaging and accessible for every student.

Email us at info@omnesartscircle.ca to discuss the possibilities and to book your school's workshops!

Our escape rooms are live action games that require teamwork, logical thinking and all your smarts to solve. You and your class groups will need to explore the rooms, open locks, complete the puzzles, and ESCAPE before your time is up!

The themes are non-threatening, there are no jump scares, and no rooms are too dark. The difficulty of each room is customizable for kids from grades 2 to 12.

We have 5 escape games in our location – there are for options for both small and large groups – and the possibility to include group trivia and outdoor field games for big gatherings.

Contact us at unlockedott@gmail.com or through a contact form at www.unlockedottawa.com.

**ROOM
ESCAPE**
O T T A W A

THE ULTIMATE DAY OUT!

**Ages 5+ can team up for
safe & fun combat
archery or Nerf battles!**

**Games & tournaments for
groups of 12 - 60 kids.**

**7 different rooms loaded
with puzzles, challenges
and surprises!**

**Teamwork based escape
rooms for up to 56 kids.**

Combine both activities for a day of awesome games!

ARCHERY GAMES

Give your students a chance to get active, communicate and use teamwork in every battle!

Each 75-minute Archery or Nerf session includes all the required equipment and training.

Kids aged 10+ can use the bows, and younger players can use a range of different Nerf blasters!

Set up a game or tournament for your group, then follow it up with some room escapes or food & drinks at the tables in our lobby!

**GET IN TOUCH
TODAY!**

archerygames.ca

ROOM ESCAPE

Adventuring into one of our 7 rooms is fun, challenging and educational!

Each room lasts 60 minutes and can accommodate up to 8 players
- no training required.

We have a scenario for everyone, with most rooms suitable for ages 7 and up.

Split your group between archery and the rooms to give your students a choice between a mental or physical activity!

GENERAL INQUIRIES
ski@mountpakenham.com

Plan a field trip that will fill a bus!

Mount Pakenham is eastern Ontario's top destination for school programs. With over 40 years of experience, we have an innovative station teaching format for beginners, a graduated lift access program to ensure student safety, a sophisticated pre-set rental assignment program, and an easy-to-use online reservation system. Teachers choose Mount Pakenham for fun and safe experiential learning opportunities for their students.

Work with us to ensure the success of your school outing.

We offer:

- **Skiing & Snowboarding:** 10 clearly marked alpine runs; 7 lifts (including carpet lift & quad chairs), impeccable snowmaking and grooming, night skiing 5 nights/week.
- **Snowshoe Nature Trails & Orienteering Adventure** designed to meet Ontario's physical education and social studies curriculum standards.
- **Cafeteria** with a full menu: soup, salad, sandwiches, fries, chili, and pizza — all reasonably priced.
- **Rental equipment** – ski, snowboard, snowshoe

Our **Skiing-in-Schools Video** is available online to help you and your students prepare for your trip at www.mountpakenham.com. Please also see www.schoolsonsnowontario.ca for excellent resources about outdoor experiential learning!

OFFERING CHILDREN
A CHANCE TO LEARN
ABOUT THE FOOD
THEY EAT

www.cannamoreorchard.com
613-448-3633

Cannamore Orchard is a family run farm that offers agricultural tours focusing on what is in season at the time. Mid-June to early July we have strawberries. Late August into September there are apples.

Finally late September through to October is pumpkin season. Tours involve a wagon ride around the farm, with stops to talk about the different aspects of the farm.

Enjoy exploring the grounds, seeing live farm animals, and running through our hedge mazes.

Contact us at

info@cannamoreorchard.com

or call us at **613-448-3633** to book a tour.

See our website for more details

INFLATION BUSTERS

A game-based program about inflation

In the country of Canuckland, prices are rising, and people will need to make some serious decisions about how to afford what they need and want in a troubled economy. How will your students fare in this time of inflation?

Students are assigned one of six consumer profiles and must budget for and acquire certain goods and services to survive until the end of the game as prices skyrocket. But help is on the way! As the game progresses, the central bank's inflation targeting tools are employed and students can observe monetary policy at work—and have some fun while they're at it!

Available in French or English. Programs are approximately 120 minutes long. Add a visit to the Museum for more fun and interactive economic education.

The details

- Grades 9–12, Secondary Cycle Two and CEGEP, linked to Ontario and Quebec curricula for economics, business studies and financial education
- Museum admission and programs are always FREE
- Reservations are required
- Program offered Thursdays and Fridays from 10:00 a.m. to 3:00 p.m.
- Convenient bus drop-off location
- Indoor and outdoor on-site eating areas
- Comfortable, secure programming space for up to 50 students
- Free Wi-Fi

BANKOFCANADAMUSEUM.CA

**30 BANK STREET
OTTAWA, ONTARIO**

The poster features a large, colorful wheel of fortune on the right side. The wheel is divided into segments with various outcomes: '+200', 'SELL SOME OF YOUR STUFF ONLINE', 'MAKE A NEW FRIEND', 'VOLUNTEER IN YOUR COMMUNITY', 'LOSE YOUR WALLET', 'GIFT FROM YOUR GRANDMA', 'CASH', and '-100'. A smiley face icon is also visible on the wheel.

TRADING PLANETS

A game-based program about trade and currency

Students will take part in the first trade mission between Earth and the planet Plutopia. But they soon discover that trading goods without a common currency is difficult indeed.

As traders, students discover that it's not always easy to get exactly what they need when resources are limited and factors such as the environment and labour shortages affect supply. How will they manage to make a trade?

Available in French or English. Programs are approximately 90 minutes long. Include a visit to the Museum for more fun and interactive economic education.
