1:1 Private Tutoring

Offered at a variety of times and locations to best meet you and your student's needs. If you are interested in getting the process started, simply contact us and we will send you the enrollment packet. From there, we will work with our partners to find your student an available tutor.

Tutoring Philosophy

We'll connect with you about your student's academic needs, personality, learning style and interests before matching him/her up with a tutor. Every effort is made to provide a tutor that will work well with your scholar to establish an effective one-on-one relationship. If you're unhappy with your tutor, contact us and we will discuss whether changing the tutor is a viable option.

Tutoring Expectations

We do not "guarantee" grades. We will, however, guarantee your tutor will do their best to teach the subject matter in a way that is most effective and your student can understand. Tutoring is a two-way street. Your child should be open to improving and willing to ask the questions they may be too shy or embarrassed to ask in class. That is why one-on-one tutoring is so effective. No question is too dumb to ask; it's okay to say "I still don't understand that" and we know that not everyone is going to grasp material the first time around. Patience is key - tutoring is a partnership.

Partnership

ISD 279 Osseo Area Schools Community Education partners with licensed teachers to provide fee-based tutoring and support to ISD 279 students in grades K-12.

Program or Enrollment Information

For more information, please call or email us at (763) 391-7242 or TorenJ@district279.org. One-on-one tutoring is individualized for each student, therefore, we do not have enrollment open online. Please contact us for enrollment assistance.

Finding Nemo Kids

Finding Nemo KIDS is a musical adaptation of the beloved 2003 Disney Pixar movie Finding Nemo, with new music by award-winning songwriting team Kristen Anderson-Lopez and Robert Lopez. Marlin, an anxious and over-protective clownfish, lives in the Great Barrier Reef with his kid Nemo, who longs to explore the world beyond their anemone home. With the help of optimistic Dory, laid-back sea turtle Crush, and the Tank Gang, Marlin and Nemo both overcome challenges on their journey to find each other and themselves. Featuring memorable songs such as "Just Keep Swimming," "Fish Are Friends Not Food," and "Go With the Flow," Finding Nemo KIDS brings vibrant underwater world to life on stage in a story full of family, friendship, and adventure.

This is a great show for those who love singing, dancing, and creating different characters. It's a great opportunity for students who want to work together to make something special. All students receive a part. Space is limited to 50 students - all students must be pre-registered before the first rehearsal. The BEAT (Bunce Educational Adventure Theater) provides trained theater staff who lead middle school students through a theater experience that promotes problem-solving skills, cooperation, leadership and confidence. From beginners to experienced, learning never stops. Auditions for lead characters will be held on the first day. There will be performances on Friday, July 12 and Saturday, July 13 at Osseo Senior High School. Costumes are provided; students provide base layer. *No rehearsals July 1-July 5.*
