Thank-you to everyone who entered our social media giveaway to win one of our top quality whiteboard cabinets for your school of choice

Congratulations to

Ohinewai School

the proud new owners of this stylish and functional whiteboard cabinet

Term 4 2022 - Electronic Edition

Contact us for more information and product pricing

WHITEBOARD CABINETS

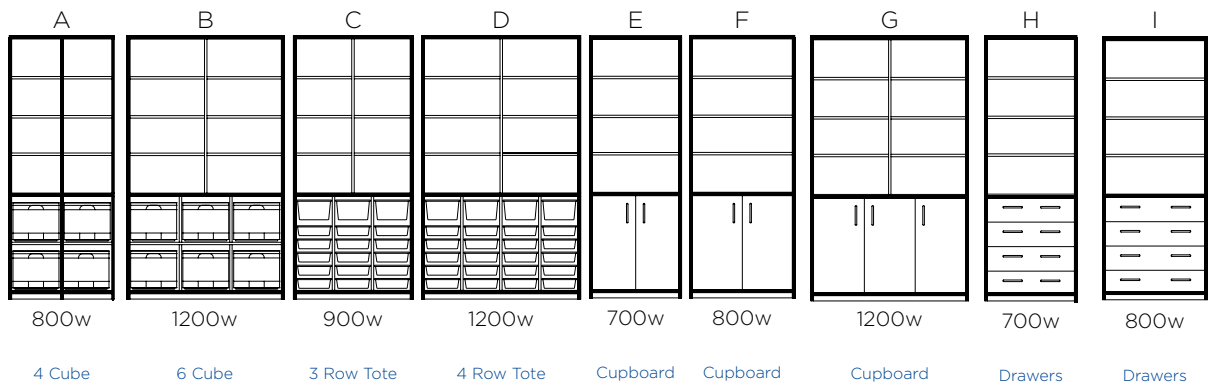

Optimise your storage with a practical and useable storage system, customised to your individual needs. We have a range of cabinet bases that include cupboards, drawers, cube crates & tote trays which enhance your unit, with the upper levels having adjustable shelving, hiding behind the sliding whiteboards.

Pick the sizes you require to make up the overall measurement, keeping this within the 1800, 2400, & 3600mm lengths.

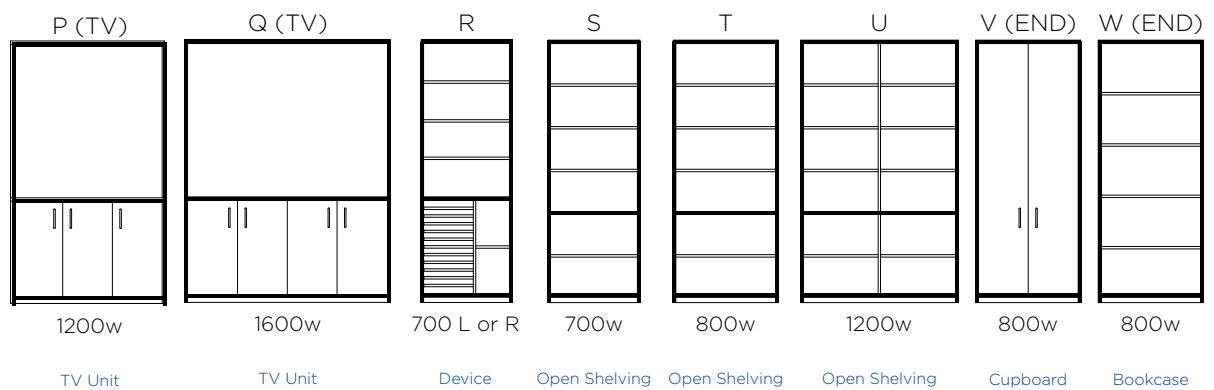

All units are 2000 high x 400 deep with the interior shelf depth in the top section 290mm. Some of the width sizes may vary depending on your combinations. Now also the option for the 600 deep cabinets.

The cabinet incorporates aluminium framed sliding whiteboards that have a porcelain surface, complete with a Forever Surface guarantee. You can also upgrade for the new Porcelain Projection Board.

This is a modular system that can be shipped throughout NZ, and very easily assembled on site.

All 2000h and 400mm deep

CONSULTATION AND DESIGN

How we can help

Let us do the hard work!

Call our locally based Furniture Experts for a consultation. It's free and we come to you!

Here at Educated Furniture we realise that the quality of the physical learning environment is partnered with academic performance. We have over 25 years' experience within the educational sector.

Our aim is not to simply supply furniture. Instead we combine our school's vision and our extensive knowledge to create environments and inspirational learning spaces for students and teachers.

Our Process

Consultation site visit or video consult

We will find out more about your school and work with you to gain a full understanding of your needs, the workspace, the budget and the timeframe

Design

We will create a solution to meet your needs. 2D and 3D computer rendering of the space and furniture will be

generated so you can visualize how the space will be transformed to ensure it meets your expectations.

We will also offer advice and options for the layout of spaces, colour schemes and educational units customised to meet your schools' unique needs.

Our Products

We have literally thousands of products to suit every need. The vast majority of our products are made right here in New Zealand, and our factory team can make any customised unit imaginable.

We partner with high quality and reliable suppliers to bring you the full range of products at value for money prices.

Delivery/Installation/Handover

We work with you every step of the way, from initial consultation right through to project completion.

Ongoing Support

We are always available to assist with any queries or support you require.
