THINK365: MENTAL HEALTH TRAINING

September marked the beginning of our partnership with **Think Mental Health** - an enterprise designed to improve wellbeing in the workplace for employees and employers alike.

Their newly developed Think365 programme runs for one year and works to guide leaders from "Base Camp to Summit" by offering valuable insights and practical skills that can be applied both in the workplace and at home.

Mental health support and employee engagement are central to the smooth running of any kind of business, and we are pleased to be partnering with Think Mental Health.

MARKET WEIGHTON ANGLING CLUB

We had a great day at the Market Weighton Angling Club Junior Championship, proudly sponsored by Hawk Furniture.

The young anglers did a brilliant job - lots of smiles, some great catches and friendly competition along the bank. MWAC are running fishing tournaments for Adults and Juniors in 2025.

HAWK SPONSORS BRITISH SUPERSPORT RIDER

We are proud to announce our sponsorship of British Supersport talent and Team SBR member Carl Harris.

The promising young rider made his full-time debut in the prestigious series with Team SBR Racing, stepping into a championship where his late father, Karl Harris, claimed three titles.

Hawk is delighted to support Carl as he takes this next important step in his racing journey. We look forward to seeing his continued progress and are proud to play a part in carrying forward the Harris legacy on the track.

CULTURE CLUB: GOLF AFTERNOON

A few of the Hawk team hit the green on Friday evening for a round at Kilnwick Percy Golf Club in Pocklington. Great way to end the week with some fresh air, friendly competition and good company.

WOMEN IN MANUFACTURING AND ENGINEERING EVENT

Hawk joined a number of fellow companies from manufacturing, engineering, construction, digital and renewables sectors at the **Women in Engineering Careers Fair** at Guildhall in Hull.

Participants from local schools had the opportunity to find out more about current and future job vacancies at Hawk, learn about apprenticeship opportunities, and discover what qualifications and training are offered within the industry.

AUTODESK CUSTOMER VIDEO

Software provider Autodesk joined us on site to film a customer profile video, featuring our Bespoke Furniture Design team and Operation Director Ben Appleyard. Hawk have been using their products for a number of years, so we were delighted that Autodesk asked to share our story. Click on the image above to watch the full video.
