

The background of the advertisement is a composite image. The left side features a black and white architectural sketch of a long, covered walkway with a series of columns, with a modern building and trees in the background. The right side is a color photograph of a similar structure, showing a covered outdoor area with large, light-colored concrete columns and a wooden roof. The foreground of the photograph shows outdoor seating with tables and chairs. A large red geometric shape, resembling a stylized 'R' or a series of overlapping triangles, is overlaid on the bottom right of the image.

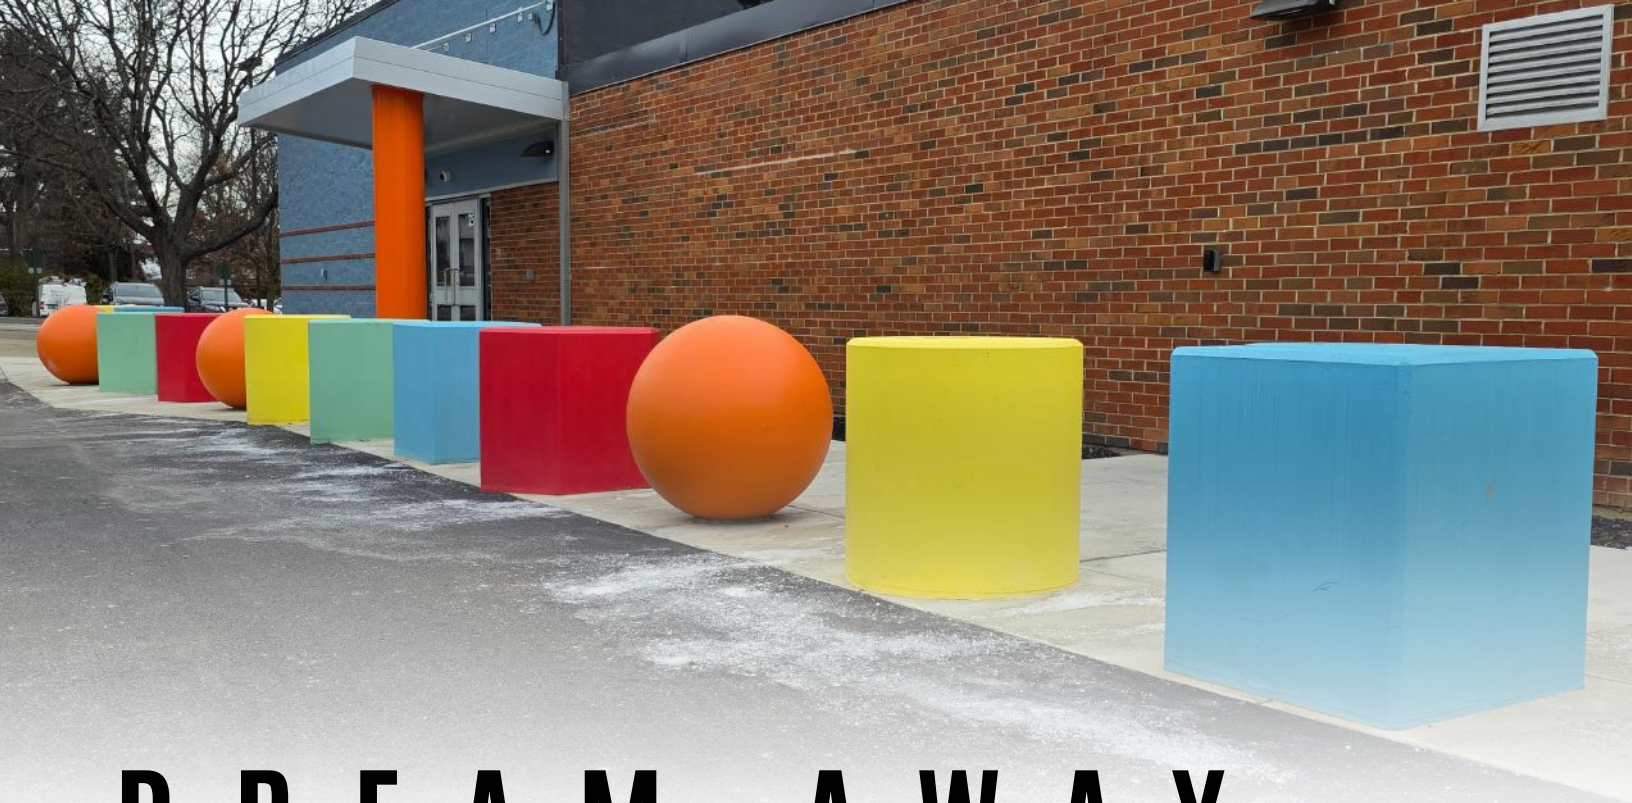

# CUSTOM SITE SOLUTIONS

YOUR CREATIVITY + OUR EXPERTISE = IMAGINATION BECOMES REALITY

Experience*

# DREAM AWAY IN CONCRETE

At Reading Rock, we believe **design shouldn't be limited** by what's "standard." From aesthetic to structural, our concrete solutions allow you to create the exact look and feel you envision.

## ONE SOLUTION ENDLESS POSSIBILITIES

### SITE FURNISHINGS

Benches, Planters, Bollards, Chairs

### STRUCTURAL ELEMENTS

Pergola Supports, Entrance Monuments

### CUSTOM PAVERS

Plank, Slab, Unique Designs, ADA Options

### INFRASTRUCTURE NEEDS

Light Pole Bases, Stanchions, Curbs, Catch Basins, Barriers, AC Pads, Pull Boxes, Tree Monuments

SEAMLESS  
Site Integration

CUSTOM MADE  
to Your Specs

COLOR FLEXIBILITY  
Standard or Color Match

# OUR PROCESS

Quality at Every Step

## 1 From Concept to CAD

IN-HOUSE EXPERTISE

Our in-house design team brings your vision to life. Backed by expert engineering in anchoring, tie-backs, and installation essentials, we remove the guesswork and keep your project moving.

## 2 Precision Mold Creation

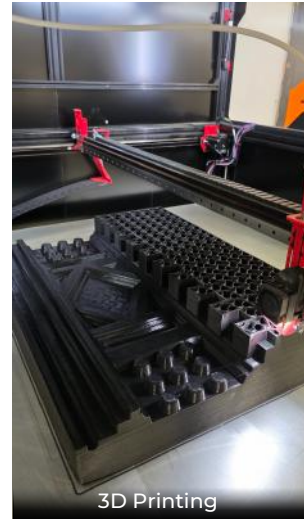

NO DETAIL MISSED

5 Axis Wood Carving CNC

7-Axis Foam Cutting

3D Printing

We craft molds in wood, rubber, fiberglass, foam, plastic, and steel—built for any project, any detail, bringing even the boldest ideas to life.

## 3 Engineered Excellence

QUALITY THAT SETS US APART

Every step is built around quality. With NPCA certified facilities and CSI certified cast stone, we deliver products that meet the highest standards every time. Need reinforced structures? No problem!

### Concrete Solutions that Deliver

Your designs deserve products built to last

TEST PARAMETER	ASTM TEST STANDARD	SERIES PERFORMANCE
Density (lbs per cu.ft.)	C140	>120 pcf
Compressive Strength	C1194	>6,500 psi
Absorption	C1195	<6%
Linear Shrinkage	C426	<0.065%
Freeze-Thaw Resistance	C666	<5%
Air Content	C173/C231	4–8%

### Design with Confidence

AIR ENTRAINMENT AND FREEZE-THAW  
PROTECTION

#### What Are Those Small “Holes”?

They result from intentional air entrainment where tiny air pockets relieve pressure during freeze-thaw cycles.

#### Why Air Entrainment Matters

This built-in protection helps prevent cracking and surface spalling. For Cast Stone made with slump concrete, air entrainment is essential, and that subtle texture is proof of engineered durability. It's protection you can see, and durability you can trust.

# ABOUT US

## THE RIGHT SOLUTION FOR OVER 78 YEARS

### Our Legacy of Quality

Since 1947, Reading Rock has been driven by a passion for manufacturing quality building materials and delivering exceptional service. What began as a small block manufacturing operation has grown into a trusted leader in the industry.

### Expanding Our Solutions

Today, Reading Rock is recognized for providing a comprehensive range of products and services, including hardscapes, architectural stone, brick, thin veneer, CMU, and hearth solutions.

### Driven by Innovation

At Reading Rock, we never stop refining our processes to ensure we exceed expectations. With state-of-the-art technology, certified technicians, in-house LEED® APs and GAs, and experienced engineers, we're equipped to deliver excellence every time.

### Our Purpose

Our purpose is to help support and finance the initiatives of the International Rett Syndrome Foundation. Every one of our customers and every associate plays a meaningful role in supporting those who cannot help themselves.

### Making an Impact

To learn more about Rett syndrome and the profound challenges it presents for families, please **visit [rettsyndrome.org](http://rettsyndrome.org)**. The International Rett Syndrome Foundation is committed to accelerating full-spectrum research aimed at curing Rett syndrome, while empowering families through information, knowledge, and vital connections.
