# MORE REALTY

GET MORE • KEEP MORE • 100% COMMISSION!

MORE® Realty was established in 2015 by founders Paul and Denise Knighton. Their vision was to create a real estate firm that would empower agents by offering them more opportunities for growth, advancement, and success than ever before. Through the provision of comprehensive support, cutting-edge tools, extensive training, personalized coaching, and additional benefits, MORE® Realty has successfully realized this objective.

Recognizing that the traditional model for operating a real estate firm was becoming outdated, Paul and Denise sought to create a more agent-focused model where agents could keep MORE of their commissions. Under the MORE® Realty model, agents pay a flat monthly fee of \$129.99 a month along with a small transaction fee at closing, without any hidden costs. The result is that agents are empowered to keep 100% of their commission, enabling them to maximize their earnings.

Paul and Denise remain committed to their conviction that well-trained and thoroughly supported agents can positively impact the entire real estate community. As a result, MORE® Realty has established itself as the industry's best value proposition, with agents across the country recognizing the unparalleled benefits offered by the company.

The image shows two handwritten signatures in black ink. The first signature is 'Paul' and the second is 'Denise'. Both are written in a cursive, flowing style.
