

Hospital Solution

Disposable Medical Products Catalogue

To be the most professional medical products supplier in the world!

Company Profile

ORIENTMED® founded in 2005, which is specialized in Pharmacy Solution, Lab Products, Disposable Hospital Medical Products Solution, Women and Baby Supplies, Dental Products, Nutritional and Health-care Supplements & Orthopedic & Rehabilitation Supplies.

We had cooperated with many clients from different countries as a manufacturer and trading Enterprise in good relationship and reasonable prices. In order to enlarge the scope of our business, control the quality and timely delivery of goods, we invested in different factories for different products and become the bigger sales partner. All of our goods had been approved the certificate of CE, ISO13485 and FDA.

Thereinto the Disposable Hospital Medical Products Solution is one of our main business projects. Including Medical Protective Series, Operating Room Series, Injection Series, Gynecological Examination Series, Wound Care Series and Incontinence Sanitary Care Series.

Reasonable and competitive prices, excellent quality, professional R&D team and considerate and trustworthy service are our advantage.

To be the most professional medical products suppliers in the world is our mission and vision. For health, we will do better.

ORIENTMED® is worthy of your trust. Sincerely hoping to keep long business relationship with old and new partners all over the world.

ORT221-001

Endotracheal Tube With/Without Cuff

- Made from Medical grade PVC, transparent and with X-Ray
- High volume cuff provides positive tracheal wall seal
- Designed for use during short and long term ventilation
- Packed in individual blister bag

ORT221-003

Oral Preformed Tracheal Tubes With/Without Cuff

- Made from PVC, transparent
- X-Ray through the whole tube
- Packed in individual blister bag

ORT221-002

Nasal Preformed Tracheal Tubes With/Without Cuff

- Made of PVC, transparent
- Nasal surgical intubation only
- X-Ray through the whole tube
- Packed in individual bag

ORT221-004

Reinforced Endotracheal Tube With Without Cuff

- Made from Medical grade PVC, transparent and with X-Ray
- Size: Without cuff 3.0,3.5,4.0,4.5,5.0,5.5,6.0,6.5,7.0,7.5,8.0,8.5,9.0,9.5
With cuff 3.0,3.5,4.0,4.5,5.0,5.5,6.0,6.5,7.0,7.5,8.0,8.5,9.0,9.5
- Supplied sterile in individual blister bag
- Suitable for any patient positions

ORT221-005

Tracheostomy Tube

- Made from Medical grade PVC
- Be used in Tracheostomy
- With 15mm standard connector
- 90° curvature
- With Cuff / Without cuff
- Packed in individual hard blister bag

ORT221-006

Guedel Airways

- Made from semirigid non-toxic polyethylene.
- Color coded
- Guedel style enclosed center channel
- Packed in individual PE bag
- Size: 000#-40mm, 00#-50mm, 0#-60mm, 1#-70mm, 2#-80mm, 3#-90mm, 4#-100mm, 5#-110mm, 6#-120mm

ORT222-001

CPR Mask

- CPR mask is especially designed to be used for first aid rescuing and training.
- The mask features a replaceable one-way valve with biological filter in one housing.
- Optional Accessories: PVC gloves, alcohol pad
- Packing: Foldable: PP case/Mini PP case/Nylon bag
Non-foldable: Polybag

ORT222-002

CPAP Mask

- CPAP mask is an interface for the treatment of obstructive sleep apnea using continuous positive airway pressure.
- It provide a good seal when fitted to be the patient whilst proving maximum comfort.
- Packing: Poly bag
- Optional Accessories: PEEP valve, headgear adult
- Size: Adult-S, M, L

ORT223-001

Disposable PVC Manual Resuscitator

- Color: blue
- PVC Resuscitator is disposable and intended for pulmonary resuscitation.
- 100% Medical level PVC material, Latex-free
- Built-in 60/40cm H₂O pressure relief valve
- Accessories: oxygen reservoir bag, PVC mask, oxygen tubing
- Additional accessories: airway, mouth opener, customized label available
- Size: Adult, child, infant
- Package: PE bag/PP box/Paper box

ORT223-002

Disposable SEBS Manual Resuscitator

- Color: green
- SEBS Resuscitator is disposable and intended for pulmonary resuscitation.
- 100% Medical level TPE material.
- Latex-free, PVC free
- Built-in 60/40cm H₂O pressure relief valve
- Accessories: oxygen reservoir bag, PVC mask, oxygen tubing
- Additional accessories: airway, mouth opener, customized label available
- Built-in 30mm exhale port for PEEP or filter attachment(optional)
- Size: Adult, child, infant
- Package: PE bag/PP box/Paper box

ORT223-003

Solid/Liquid Silicone Manual Resuscitator

- Color: Natural
- Silicone resuscitation(except oxygen tubing and Reservoir bag) can be autoclaved repeatedly at 134°C
- Latex free, high grade medical silicone material
- Built-in 60/40cm H₂O pressure relief valve
- Guaranteed for 5 years or alternatively 20 times autoclave cycles.
- Accessories: Silicone mask, oxygen tubing, Reservoir bag(EVA)
- Additional accessories: airway, mouth opener, customized label available
- Built-in 30mm exhale port for PEEP or filter attachment(optional)
- Size: Adult, child, infant
- Package: PP box/Paper box

Basic Shapes

Suture And Staple Free Skin Closure Device

Applies to deal with irregular wounds
Hypo-allergenic top grade medical adhesives
Simple & easy to use and short stay in hospital
Reduce surgical complexity and speed up wound closure
Decreases potential formation of hypertrophic and keloid scars
Reversible and adjustable bi-directional wound/incision approximation
Reduce risk of infection and avoid damaging of skin edges and adjacent tissue

INJECTION SERIES

Prefilled Syringe

ORT230-001

Pre-filled syringe is the most advanced pharmaceutical packing material which is widely used in the fields of vaccine, biological (such as hyaluronic, interferon, etc) and other injection solutions.

Components: Glass barrel, needle shield, rubber stopper, needle, plunger

Specification: 1ml, 2.25ml, 3ml, 5ml

Components	Material	Quality Standard	Type	Supplier
Glass Barrel	I-class Borosilicate glass	According to SFDA standard /YBB00062004	D10.85+0.10mm ID8.65+0.09mm L150cm	SCHOTT (Germany)
Needle Shield Rubber Stopper	Chlorinated butyl rubber 6422GS	According to SFDA Standard/ YBB00082004 YBB00072004	P0038&C2575	WEST(USA) HELVOET (Italy)
Needle	Stainless steel 304 (AISI304)	According to SFDA standard/YBB00092004	25G × 0.849	Shandong Qiao Pai Group Japan Saito Medical Industries
Plunger Rod	Polystyrene	/	/	Produce under 10,000 grade purification plant
Adhesive	The methyl acrylate resin	/	/	LOCTITE (USA)
Lubricant	Silicon oil	Chinese Pharmacopoeia 2010 Part II	DC 360-12500	Dow Corning (USA)

ORT231-015
ABS, PP male & Female Screw Caps, Silicone Rubber Cap

ORT232-001

Type A

Infusion set, plastic spike with protector, with air vent $\Phi 6$, small size drip chamber, solution filter $\Phi 13.5$, medium size flow regulator, latex injection site, ABS winged luer slip connector, injection needle $0.8 \times 38\text{mm}$, tube 150cm.

ORT232-002

Type B

Infusion set, plastic spike with protector, with air vent $\Phi 6$, small size drip chamber, solution filter $\Phi 13.5$, medium size flow regulator, latex free injection site, ABS luer lock connector, injection needle $0.8 \times 38\text{mm}$, tube 150cm.

ORT232-003

Type C

Infusion set, plastic spike with protector, with air vent $\Phi 6$, small size drip chamber, solution filter $\Phi 13.5$, large size flow regulator, Y injection site, latex injection site, ABS winged luer slip connector, injection needle $0.8 \times 38\text{mm}$, tube 150cm.

ORT232-004

Type D

Infusion set, round disk shape handle metal spike with side hole; air in-let needle with side hole, upper cap of drip chamber, medium size drip chamber, solution filter $\Phi 13.5$, medium size flow regulator, latex injection site, ABS winged luer slip connector, injection needle $0.8 \times 38\text{mm}$, tube 165cm.

ORT232-005

Type E

Infusion set, plastic spike with protector, without air vent, small size drip chamber, without solution filter, medium size flow regulator, straight latex injection site, ABS luer slip connector, injection needle $0.8 \times 38\text{mm}$, tube 150cm.

ORT232-006

Type F

Infusion set, plastic spike with protector, without air vent, small size drip chamber, without solution filter, small size flow regulator, straight latex injection site, ABS luer slip connector, injection needle $0.8 \times 38\text{mm}$, tube 120cm.

ORT232-007

Type G

Infusion set, winged plastic spike with protector, with air vent $\Phi 6$, medium size drip chamber, solution filter $\Phi 13.5$, large size flow regulator, Y injection site, latex free injection site, ABS luer lock connector, injection needle $0.8 \times 38\text{mm}$, tube 150cm.

ORT232-008

Type H

Infusion set, plastic spike with protector, with air vent $\Phi 8$, large size drip chamber, solution filter $\Phi 16.2$, enhanced flow regulator, Y injection site, latex injection site, ABS luer lock connector, injection needle $0.8 \times 38\text{mm}$, tube 150cm.

ORT232-009

Opaque Infusion Set

Plastic spike with protector, with air vent $\Phi 6$, small size drip chamber, solution filter $\Phi 13.5$, medium size flow regulator, Y injection site, latex injection site, ABS luer lock connector, injection needle 0.8 x 38mm, tube 150cm.

ORT232-010

Burette Type Infusion Set

Plastic spike with protector, with air vent $\Phi 6$, medium size flow regulator, PVC tubing above the burette, flexible burette with air-vent and injection port, latex shutoff valve inside, drip chamber with filter, large size flow regulator, Y injection site, luer lock connector, with cap.

ORT233-001

Blood Transfusion Set With Plastic Spike

Plastic spike with protector, with air vent $\Phi 8$, blood drip chamber, blood filter, large size flow regulator, latex injection site, ABS luer lock connector, injection needle 1.2 x 38mm, tube 150cm.

ORT233-002

Blood Transfusion Set With Metal Spike

Round disk shape handle metal spike with side hole, air in-let needle with side hole, upper cap of drip chamber, medium size drip chamber, blood filter, medium size flow regulator, latex injection site, ABS winged luer slip connector, injection needle 1.2 x 38mm, tube 165cm
