

SHOWCASE™

Generations OF EXCELLENCE SHOWCASE™

Influential, breed-altering sires result from the most impressive maternal lines. The path to create these maternal lines requires decades of development and multiple generations of thoughtful matings. Select Sires admires the breeders who have put their heart and soul into building those foundational families. The Showcase program is anchored by tremendous maternal lines and delivers a sire lineup that will drive the genetic advancement of your herd for multiple generations while supporting your goals of creating Excellent cows.

It is gratifying to see and experience the continued success of Showcase genetics. In each of the past four years, the program has experienced double-digit growth. That growth is only made possible by creating sires that the market desires, and the ultimate proof is the success you see in the barn.

Long-time CEO of Select Sires Inc., Richard Chichester, instilled in many of us a very simple concept: “Our customers vote each time they purchase a unit of semen. Add up the votes and make more sires like them.” This remains a guiding principle for our entire company, but it especially aligns with our mission and vision for Showcase.

The Showcase program has been built on the concept of balanced sires that excel in not only high PTAT values but are complete in all categories. We value sires that have the right conformation but also improve health and fitness, add production and create the kind of cow that can thrive in any environment around the world. In our experiences, these attributes define a “crossover” sire.

Sires like 250H012961 DOC created the crossover standard nearly a decade ago. As his sales near one million units, he continues to deliver success both in the barn and in the showring. Let us not forget that DOC is the result of 12 generations of thoughtful matings by multiple talented breeders all the way back to “Queen of the Breed,” Glenridge Citation Roxy (EX-97). His success isn’t a coincidence, it was by design.

Up-and-coming sires are equally exciting and boast a bright future. Each day, more daughters of 7H015325 HANANS are receiving Very Good classification scores. His success can be attributed to thoughtful matings with 11 Very Good and Excellent dams tracing back to Snow-N-Denises Dellia (EX-95).

Daughters of younger sires like 250H016115 PAZZLE are garnering attention in the heifer pens. PAZZLE’s maternal line was three decades in the making, highlighted by his dam, 2023 Global Cow of the Year, Siemers Lmda Paris 27856-ET (EX-91-EX-MS-GMD-DOM).

DOC, HANANS and PAZZLE are also successful sire fathers, adding to their lasting legacy.

We believe and appreciate the enormous impact of successful maternal lines. We admire the progress made by thoughtful breeders around the world. We strive to create balanced sires that amplify success for our customers. These guiding principles are the foundation of Showcase – today, tomorrow and far into the future.

Thank you again for your role in the success of Showcase!

Kevin Jorgensen

WOODCREST KING DOC (EX-90)

DOC

KINGBOY x MACK x Snowman

Future Millionaire

DOC is the godfather of the modern Showcase program. His ability to sire daughters that win banners in the showing and achieve recognition in the barn for their longtime, elite production define his label as a "crossover sire." DOC is nearing the one million unit sales mark and his influence on the Showcase program and breed has been tremendous.

7H016491
TOWNLINEACRE LEGENDAIRY-ET

LEGENDAIRY

HOMEcomings x DOC x Doorman

LEGENDAIRY has been a long-time leader for Type since his introduction to Showcase. His Type credentials are superb in both the U.S. and Canada. As his sire continues to add more daughters to his proof, LEGENDAIRY will continue to receive greater reliability, building upon the consistency of his strong maternal lines.

250H016490
TOWNLINEACRE DL LOMBARDI-ET

LOMBARDI

Delta-Lambda x DOC x Doorman

LOMBARDI brings together two of the world's most respected cow families, Roxy and Lila Z. Like his brothers, LOMBARDI has garnered international appeal as he is one of our highest sires for Conformation in Canada and delivers a beautiful, well-balanced linear profile.

7H017153
TOWNLINEACRE LOCKSMITH-ET

LOCKSMITH

PAZZLE x DOC x Doorman

LOCKSMITH's pedigree is a recipe for success as he combines the 2023 Global Cow of the Year, Paris, with the "Queen of the Breed," Roxy. His dam pairs well with a variety of sires, but PAZZLE was a logical mating that was guaranteed to make an exciting, high-Type son.

Maternal Lines Matter

Undoubtedly, Townlineacre King Doc Lena (EX-93-EX-94-MS) has the criteria we look for when selecting maternal lines to create Showcase matings. She combines a prestigious pedigree with a well-balanced profile. Lena has already scored Excellent (93) as a four-year-old and impresses everyone that has the privilege to stand in her presence. She lives and thrives in a modern, commercial dairy environment and continually produces exceptional progeny.

L-R: LEGENDAIRY and LOMBARDI, Thomas photo; LOCKSMITH, Erbsen photo; Townlineacre King Doc Lena (EX-93-EX-94-MS), dam of LEGENDAIRY, LOMBARDI and LOCKSMITH, Herges photo; LOMBARDI, Swale photo (reversed).

250H017266
KINGS-RANSOM P CAPSIZE-ET

CAPSIZE

PAZZLE x Delta-Lambda x KING ROYAL

The Cleavage Influence

CAPSIZING hails from the impressive "Cleavage" fork of the Roxy maternal line, which is well-known for their impressive, high-scoring mammary systems. He is one of Select Sires' best sires for Canadian Conformation and will sire cattle with a modern frame, a highly sought after attribute. His robust fitness traits make him compatible with all breeding programs.

L-R: CAPSIZE, Jordan photo; Kings-Ransom Kroy Climax-ET (EX-94-EX-MS), grandam of CAPSIZE, Fisher photo; Kings-Ransom Mg Cleavage-ET (EX-95-EX-MS-DOM), third dam of CAPSIZE, Hopman photo.

7H016116
SIEMERS PFCT HARDY 35126-ET

HARDY

PARFECT x ALVAREZ x DOC

HARDY's dam is a farm favorite at Siemers Holsteins and has already scored Excellent (91) in her second lactation. His popularity continues to grow due to his exceptional sire fertility and elite international conformation rankings. He has a large global following and is one of PARFECT's highest Type sons.

250H016388
SIEMERS HOM HANSKE-P-ET

HANSKE-P

HOMECOMING x LUSTER-P x DOC

HANSKE-P is following in the footsteps of his sire, 250H015397 HOMECOMING, and offers an all-in-one package for fertility boasting an impressive Sire Conception Rate value and elite daughter fertility. He offers a nearly flawless linear profile and is A2A2.

Maternal Influence

Tracing back to the great “Mogul Hanker” of Cookiecutter Holsteins, Siemers Doc Hanan 28286-ET (EX-92-EX-MS-GMD) has made a name for herself as a strong maternal figure in sire pedigrees. Her daughters have continued her legacy and are achieving Excellent status, following the pattern set by the “H” family. Selecting strong maternal lines has always been critically important to the success of Showcase and we’re fortunate to include this Gold Medal, Showcase-sired dam in our genetic offering.
