VIKING/PFAFF OWNERS:

Friday, June 19 – 9:30 AM to 4 PM

Discover the full creative potential of your embroidery machine in this comprehensive course centered around the breathtaking Dream Big Panel by A Bit Orange—designed specifically for the Hoffman's digitally printed Dream Big fabric panel.

This exclusive class will guide you step-by-step through the process of embroidering this intricate floral masterpiece using multiple hoopings.

You'll learn how to:

- Plan and execute multiple hoopings with precision, ensuring perfect alignment through easy-to-follow instructions and layout diagrams.
- Properly use hoop sizes 8" x 12" (and larger) or 13" x 14" (and larger), selecting the best fit for your machine and project.
- Apply advanced machine functions such as scanning and pinpoint placement to flawlessly stitch each segment of the design.
- Expand your embroidery skills by integrating techniques that can be applied to all your quilting and embroidery projects, enhancing your confidence and creativity.
- The Dream Big Dahlia design comes divided into 60 segments — some subdivided further — with buffer zones to ease segment alignment. You'll receive detailed PDFs featuring layouts, templates, and clear instructions that make the process manageable and enjoyable.

Whether you're a seasoned embroiderer or looking to expand your machine knowledge, this course is designed to empower you to complete a show-stopping, large-scale embroidery project with skill and ease.
