

## IMAGINE

### **Adventures take root in your park!**

Imagine the sheer size and ruggedness of the forest, installed right within your park. Foresta is more than a simple climber; it's an invitation to go adventuring

Designed for climbing, Foresta offers exceptional benefits for the body, stimulating motor skills, coordination, and physical strength. It also fosters collaborative play and social interaction. It's a playful and enriching experience that inspires children to grow freely.

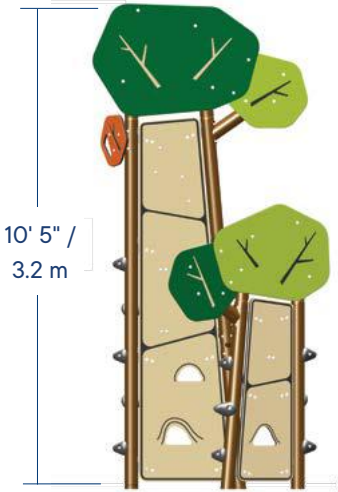

# Jambette

### ELEVATION

Made of durable materials and firmly anchored in concrete, this double climber can accommodate several children at a time for a dynamic and safe climbing experience. Inspired by nature, Foresta features multiple grips and supports that encourage active play. It can be integrated into a complete play module or installed as a stand-alone feature.

## Foresta
