BUILT EXXACT. BUILT TO WIN. /

WHO WE ARE

THREE DECADES IN THE GAME. INTRODUCING EXXACT SPORTS.

For three decades we've lived in the sportswear industry — on the field with teams and on the factory floor producing premium athletic apparel.

Exxact Sports is the natural next step: everything we've learned about performance, quality, and what teams actually need, now under our own brand.

We make custom and stock teamwear for every sport — from fully sublimated game uniforms and warmups to protective gear, bags, and sideline apparel. Custom or off-the-shelf, every piece is engineered for performance, built to last, and finished to look unmistakably yours. How we do it is what sets us apart: we own our manufacturing. Fabric, cut, sublimation, and finishing all happen end to end under our own roof. Most brands source finished goods from outside suppliers and mark them up at every step — after years of watching quality get quietly cut and those markups stacked on before gear ever reached a team, we built a better way. That control means consistent quality, sharper pricing, faster turnaround, and the freedom to build virtually anything you can design. Backed by a US-based warehouse and order operation, we pair factory-direct capability with the responsiveness of a partner who actually picks up the phone — from a single team ordering one set of uniforms to a brand scaling a full program. You work directly with the people who make your gear.

Premium Quality. Vibrant Designs. Endless Possibilities.

US SUPPORT & FULFILLMENT

OFFICIAL UNIFORM & APPAREL SPONSOR OF THE HARLEM GLOBETROTTERS FOR THEIR CENTENNIAL ANNIVERSARY

When the most iconic name in basketball marked the biggest milestone in its history, it came to Exxact Sports.

We're proud to be the official uniform and apparel sponsor of the Harlem Globetrotters' 100th anniversary — outfitting a global institution as it celebrates a century on the court. Every jersey, short, and warmup is engineered and manufactured in our own factory, built to perform under the brightest lights in the game. It's the clearest proof of what we bring to every team we serve: premium, fully custom apparel, made direct, with no compromise on quality. From a global icon to your home team, the standard is the same.

HOW TO ORDER · FREQUENTLY ASKED QUESTIONS

HOW DO I START A CUSTOM ORDER? Two ways. Use our online custom builder to design your uniform piece by piece — colors, logos, names, and numbers — and submit when it's ready. Or send us anything — a sketch, a logo, a screenshot, an idea — and our design team will bring it to life as a production-ready mockup for your approval.

HOW FAST WILL I GET MY ORDER? Stock items ship from our New Jersey warehouse within 24 business hours. Custom orders are produced in about 10 business days and delivered door-to-door in roughly three weeks — materially faster than most of the industry.

IS THERE A MINIMUM ORDER? Yes — minimums are listed in the price list. Your Exxact rep can confirm the right program for you.

WHAT ARTWORK DO YOU NEED? Vector files (.ai or .pdf) work best. No usable art? Our design team will build your look from a logo, photo, or sketch.

CAN I REORDER LATER? Yes. We keep your approved artwork on file, so reorders and fill-ins are fast — just reference your original order number.

HOW DO I GET SIZING RIGHT? Full size charts for every product appear throughout this catalog, and size kits are available through your rep. Because custom apparel is built to your approved spec, we ask you to lock in sizing before production.

WILL THE GRAPHICS HOLD UP? Every custom piece is dye-sublimated edge to edge — designs won't crack, peel, or fade under normal athletic use.

WHAT IF THERE'S AN ISSUE WITH MY ORDER? Custom sublimated apparel is made to your approved design, so custom orders are final once approved — please finalize sizing, roster, artwork, and quantities before production. We stand behind our workmanship: inspect your order within 10 business days and contact us, and we'll replace any piece with a manufacturing or decoration defect.
