CASAMONTE

INTRODUCTION

Casamonte was founded on the belief that true artistry is a collaborative journey. Inspired by the timeless interplay of texture and design, Casamonte partners with distinguished artists and designers to craft surfaces that are both transformative and enduring. Through these partnerships, we have crafted collections that transcend trends, standing as timeless testaments to the power of design to inspire and connect. With every collection, we invite our customers to see their spaces not just as places, but as canvases for self-expression and stories waiting to be told.

CARLOS BETANCOURT

Carlos Betancourt (b. 1966, San Juan, Puerto Rico) is a Miami-based multidisciplinary artist recognized for his vibrant, layered works that explore memory, identity, and cultural symbolism. His art has been exhibited worldwide and is included in the permanent collections of The Metropolitan Museum of Art, the Smithsonian National Portrait Gallery, the Pérez Art Museum Miami, and the New Orleans Museum of Art, among others. Betancourt's practice extends beyond fine art into curating, design, and collaborations with leading international brands. His partnership with Casamonte marks a new chapter in his career—translating his iconic imagery and one-line drawings into wallcovering and mural designs. Drawing inspiration from his Puerto Rican upbringing, his gardens in Miami and El Yunque rainforest, and his collaborations with architect Alberto Latorre, this collection infuses interiors with the spirit, symbolism, and magic that define his work.

FLOWERS & FLOWERS

The Flowers & Flowers Collection by Carlos Betancourt x Casamonte celebrates the artist's deep emotional connection to nature through vivid, layered compositions of florals. Each bloom becomes a visual diary—a reflection of the places he has visited and the memories they hold. Within this collection, Flowers Flowers and More Flores transforms these personal symbols into an expressive wallcovering that balances structure and spontaneity. Through Casamonte's refined surface design, each flower gains depth and permanence, capturing the ephemeral beauty of nature in tactile form. The result is a radiant collection that turns every wall into a poetic expression of joy, nostalgia, and artistic storytelling.

TOTEMS FOR LIGHT

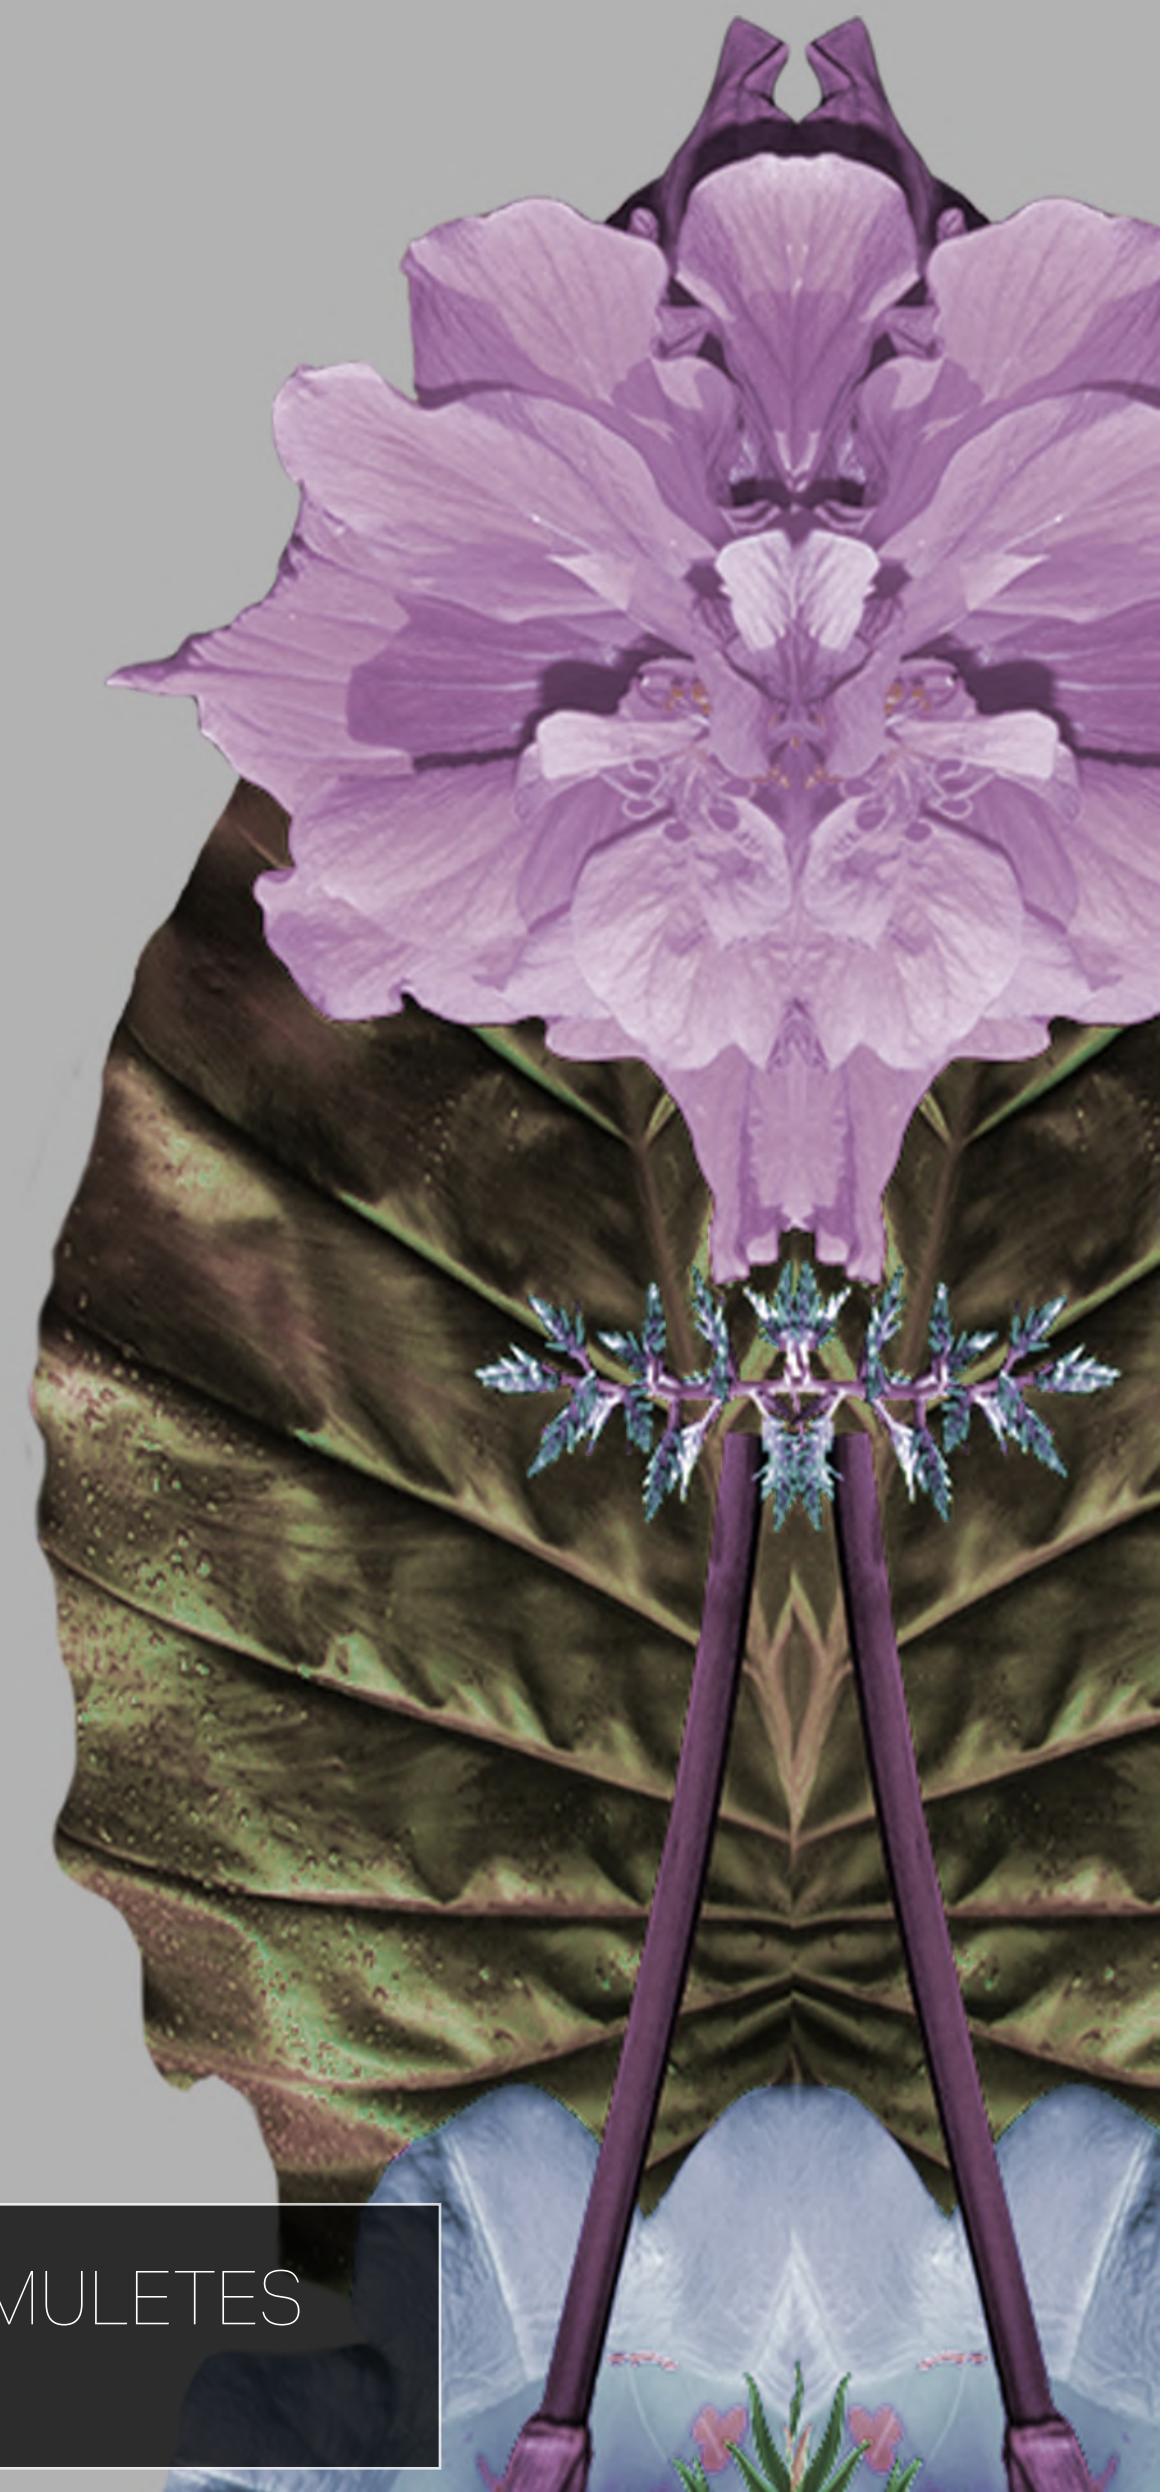

The Totems for Light Collection by Carlos Betancourt x Casamonte reimagines the artist's acclaimed Amulets for Light series into a striking wallcovering that transforms interiors into expressive sanctuaries. Drawing inspiration from ritual and symbolism, Betancourt arranges floral elements into towering totemic forms that honor the grace and mystery of nature. Each vertical composition functions as a visual amulet—radiating protection, strength, and spiritual beauty. Crafted with Casamonte's signature attention to texture and depth, the collection merges fine art and design into a sensorial experience. The result is a luminous expression of memory and artistry, where every wall becomes a beacon of light, reflection, and contemporary sophistication.

RECOLLECTIONS KINGDOM

These wallcovering patterns and repetitions are inspired by my Re-Collections series, an ongoing body of work that has been widely exhibited and is now part of several permanent museum collections. I am honored that the original artworks have also been featured on multiple book covers. Re-Collections Kingdom is a wallcovering homage to this series—an extension of its spirit into a new medium. Wherever I travel, I make it a point to photograph flowers—not only for their inherent beauty and the enigmatic forces that bring them into being, but also because they serve as personal memory beacons.

RECOLLECTIONS MURAL

Each image is curated and layered to evoke emotional resonance, forming a rich narrative grid that is both deeply intimate and universally expressive. With Casamonte’s signature attention to texture and dimension, the Re-Collections Mural transforms any space into a gallery of lived experiences, offering a sophisticated yet spirited homage to the memories we choose to preserve.
