AMANDA CAM

HEY KEY CLUB! WITH AP TESTING AND FINALS ON THE WAY! BEST OF WISHES TO EVERYONE ON TESTING :) THERE'S ONLY ABOUT A MONTH LEFT OF SCHOOL SO WE'RE AT THE FINAL STRETCH. WITH THAT SAID, MAKE SURE TO GET YOUR HOUR REQUIREMENTS IN TO THE BEST OF YOUR ABILITY. THERE ARE MANY SIMPLE EVENTS PROVIDED BY PCS ON THE FB GROUP. ALSO, GOOD LUCK TO ANYONE WHO IS APPLYING TO BE AN OFFICER. SINCERLY,

*amanda cam*

APRIL 2021

9.

Being in a pandemic has affected the entirety of the world's population in a jarring myriad of ways. One of these ways includes something that is vital to Key Club: the way we volunteer to help our community. But as the valiant and persevering key clubbers we are, we must take this tumultuous adversity and turn it into something that can be truly impactful to the members of our community and, more importantly, the members of our club (just kidding obviously.) Ways that we can volunteer but still maintain COVID guidelines are endless. For example, one of our officers just found an event where you can bake a cake at home and the cake would go to someone in need. And our lovely esteemed project coordinators have been excellent at finding ways online to help others. Such as the zooniverse, where you can lend a helping hand to scientists by doing tasks from a wide array of difficulties. In addition, we've done events like letter sending, where you can write a warm heartfelt letter to someone in need that can truly uplift their day and bring a smile to their face (and maybe even sunshine to their life!) Although these methods of volunteering are a whole other world away from what we knew last year, they are still excellent ways to help the community, but as a club we should also look to what the future can be. Eventually the vaccine will be made available to the general population and an approximate normal life for the privileged will resume, but for the unfortunate, their life may never be the same again. A large abundance of people have lost their jobs, their families, and their whole livelihoods due to this pandemic, so when it is completely safe, Key Club should do their best to come to the aid of these marginalized people. These can be seen in ways such as volunteering at homeless shelters, and putting an even larger emphasis on canned food drives. This might be a little bit different compared to the more lighthearted activities are club tended to do in the past, but I believe that these volunteering events can truly and wholly make a profound impact on the people in Key Club, and the people affected by it. No matter what happens though, I know that Key Club has and always will be able to produce the greatest good for the greatest number of people, whether in a pandemic or not.

YANNICK MOFOR

# WAYS TO VOLUNTEER

DURING A PANDEMIC

# LETTER FROM YOUR LTG

Hello Division 3N Key Clubbers!

I cannot believe that I have nearly reached the end of my term as Lieutenant Governor. This past year has been an incredible journey and I am grateful to have served you as a division. From the COVID pandemic to the winter storm last month, we have gone through many challenges, which is why it is so impressive that all of you have accomplished so much and helped our community in such great ways.

Of course, the Key Club year is not quite over yet. After all, we are still waiting for this year's LEDCON, which will take place on April 17th. I am super excited for this conference because of all the work me and the other LTGs have put into making it as fun and helpful as it can possibly be. Of course, your hard work throughout this year is just as important because our district's success depends on every single member's participation and dedication. In other words, the true purpose of LEDCON is to celebrate your accomplishments and to motivate you to keep striving for great community service projects. To accomplish this, the event will be filled with informational forums and meetings for every Key Clubber. I also wanted to congratulate those of you that earned a leadership position for the upcoming year. As officers and even presidents you will have an opportunity to lead your club in the right direction and I know that all of you are ready for this responsibility. Being elected is no small feat and completing your terms will be an even greater accomplishment.

Ultimately, the skills and adaptability we all learned from this year's challenges will prove to be valuable assets for the future of Key Club and the K Family as a whole. Therefore, I encourage all of you to reflect back upon this year's milestones and setbacks in order to prepare to reach even greater success next year.

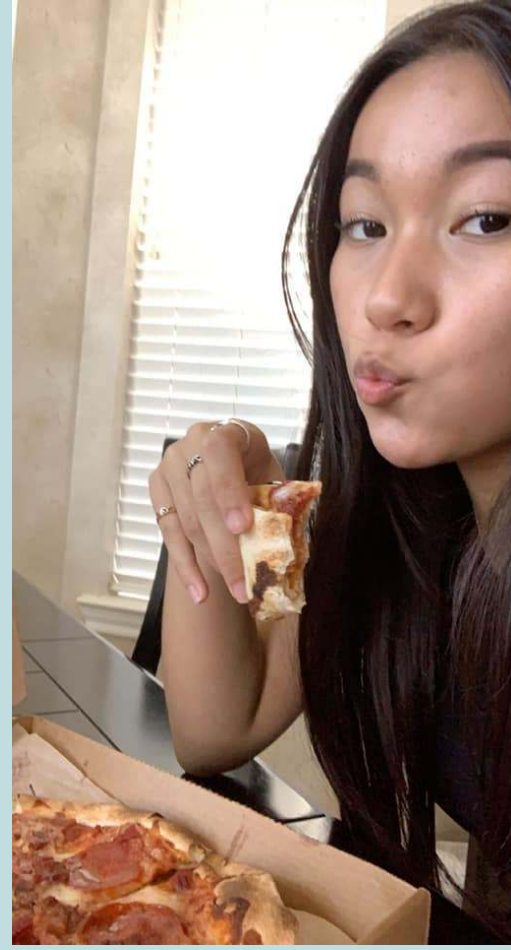

Respectfully,

Letizia Fazzini  
Divion 3N LTG

# THIRST PROJECT

**give water, give life**

Key Club supports Children's Miracle Network Hospitals by having members work together to sponsor fundraising events and conduct service projects at local hospitals. Cy-Ridge often helps out at Texas Children's Hospital.

Over 663 million people on earth do not have access to safe, clean, drinking water. Key Club works with the Thirst Project to help end the global crisis for water with the Thirst 30 fundraiser.

Key Club organizations across the country have worked to raise money for the March of Dimes since 1978. After decades of strong partnership, Key Club International and the March of Dimes continue to innovate new awareness and fundraising activities which students participate in alongside joining their local March for Babies.
