WHO WE ARE

Reece stands for enthusiasm, passion and drive. Our origins are in Australia, a country where hockey is also big and embraces sportsmanship. We are convinced that success on the hockey field is only possible with genuine commitment and enthusiasm. The player who gives his best with dedication, fighting spirit and passion not only makes a difference to his own performance, but also to the success of the entire team and, in addition, his club.

Reece's logo is inspired by the traditional Aboriginal art form, which often features symbols such as a star and people around a campfire. The depiction of people around the fire represents sharing moments, togetherness and the realisation that only as a team can you make a difference. What began as a flower-like shape evolved into the clean, modern design we know today.

Reece

The dynamic line running through the logo symbolises speed and focus, but also the power of connection. Because just like a campfire, the whole team completes the circle. Success comes only when everyone comes together, with the same passion and purpose in mind.

BETTER CLUB, BETTER TEAM, BETTER PLAYER

We are proud partners of hundreds of clubs. From small amateur clubs to the biggest (professional) teams in the Netherlands, Belgium and Germany. Together, we have not only won national championships, but also multiple European titles, world titles and Olympic medals. Yet we always remain true to our roots: designing clothing and accessories for clubs, teams and players.

BETTER CLUB

Reece stands for sportsmanship, enthusiasm and pride. A sports club is the connecting factor for people, whether you are a player, volunteer or supporter. Each of you contributes to the club's success. Together, you make the club strong, and we help you to be a successful and healthy organisation. A club everyone will be proud of.

BETTER TEAM

As an apparel partner, we invest in the strength of your club. Our goal is to give teams the right support so that they not only work well together, but also have fun and perform together. We believe strong teams are made by the right environment and we are proud to contribute to that.

BETTER PLAYER

By investing in the right sportswear and materials, we ensure that every player can get the most out of themselves. The right equipment is essential to grow, develop and perform better, both on and off the pitch.

PASSION FOR TEAMWEAR

At Reece, it's all about passion and teamwork. A team is much more than a group of players on the pitch. It is a family, a unit and a source of pride for the community. And nothing reflects that pride better than the club colours you wear.

From our modern warehouse in Deventer, we supply our range directly from stock. Whether it is a small village club ordering new kits for the first time, or a large club looking for a complete line of sportswear - every order receives the same care and attention.

When a team steps onto the pitch dressed in perfectly fitting kits, and the supporters along the line proudly cheer on their team, we know we are part of something special. It is not just teamwear - it is a symbol of togetherness, enthusiasm, fun and pride. We deliver more than just clothing. We deliver the pride that every club colour brings. Always from stock. Always with passion.

How we work:

- forecasting and planning via slimstock
- voice-controlled order picking
- fast lane with most ordered items
- very high delivery rate

SPORTSWEAR WITH IMPACT

In a world where every choice counts, we believe sustainability is no longer an option, but a responsibility. As a partner of sports associations, we like to contribute to a future where sport is not only about winning, but also about making conscious choices.

Our approach starts at the source:

- almost our entire collection is made of recycled polyester
- orders are sent climate-neutral
- we pack in recycled polybags or reuse cardboard boxes
- our teamwear lasts a long time and is passed on to younger siblings

This is how we create sportswear that lasts longer and has less impact on the environment. Sustainability is a mindset, a joint effort. This is why we ask sports clubs: **Does your club also make sustainable choices when buying new clothes?** By choosing our recycled collections, your club not only chooses quality, but also a step towards a better world.

More information:

YOUR OWN CLUB OUTFIT

**YOUR CLUB.
YOUR PRIDE.
YOUR UNIFORM.**

Together with you, we ensure that team spirit, identity and local pride come together in your club outfit. The possibilities are endless. You can choose from our stock range or we will work together with our Special Design department to create a special unique jersey!

TEAMWEAR FROM STOCK

Everything we make and stock is functional and stylish and fits the colour palette of most hockey clubs. The collection is developed for the hockey player and the demands of the sport. Breathable fabrics, just enough stretch and quick-drying materials can be seen throughout the collection. We develop this range entirely in-house from our headquarters in Deventer. This way, we guarantee quality and attention to every detail.

UNIQUE TEAMWEAR

Does your club want to radiate pride, team spirit and its own identity in a self-designed, super cool uniform? Together with our designers, we create clubwear that perfectly matches your unique character and image. Custom-made for your club in any club colour with endless design possibilities.

'A club wants to convey its own unique identity. The beauty of our work is that we can capture the unconditional club love in a jersey.'

Team Special Design

SPECIAL DESIGN

SKETCH & COLOUR

It all starts with a vision. Together with your hockey club, we set to work to design a uniform that strengthens the team spirit, expresses the club identity and shows local pride! During a personal consultation, we listen to your wishes and ideas. This forms the basis for the first sketch, based entirely on your club colours, logo and the unique look of your club. From there, we develop a design that really suits you. After your feedback, we refine the design into a uniform that feels like a second skin for your team.

DESIGN & MATERIALS

Now the magic begins! Once the design is final, together we choose the materials and finishes that perfectly fit your needs. Think breathable fabrics that ensure ultimate comfort and top performance, combined with finishes that finish the tenues to perfection. We work with tried-and-tested patterns and sizing, so you can be sure everything fits perfectly. Then the exciting sampling process begins: your design comes to life! And only when everyone is 100% satisfied do we set production in motion.

TAILOR-MADE PRODUCTION

We only work with the best, specialised suppliers who deliver the quality you can count on. Based on the approved sample, we determine exactly where and how your jerseys will be produced. Every detail is carried out with care, so that the end result is not only functional, but also reflects the club identity perfectly.

YOUR UNIQUE PRODUCT IS READY!

The moment everyone looks forward to: as soon as the production is ready and arrives at our premises, we carry out a strict quality control. Every detail is checked to ensure that your special design product fully meets your expectations. Once approved, the kits are carefully packed and delivered to the club. You are now ready to take the field in style and with pride! From dream to reality - your Special Design Reece product is waiting for you!

PARTNER PROGRAMME

Deventrade, the home of Reece has always had grassroots sport at its core. Our company objective is to supply high quality product, competitively priced, well stocked and delivered quickly. Now more than ever, clubs need help purchasing kit and equipment to enable them to continue to survive.

We are proud to introduce our Partner Programme. The key objectives are to reward the clubs who spend money on Reece product by offering them extra discount through our nationwide dealer network. This is done by passing on additional discount to our clubs through our retail partners.

Clubs can choose any product from our comprehensive Teamsport-collection or choose your own specially designed kit. With Special Design you can create a kit along with our in-house designers that's unique to your club. Even the socks can be produced in the clubscolours, with a knitted club logo!

Ask your local Reece retailer about our partner programme, and the considerable benefits being a Reece partner club brings.

For more information and conditions for our Partner Programme please scan the QRCode or send an e-mail to support.uk@deventrade.com

About Reece

Lars Balk

THE STORY BEHIND THE DESIGN:

A professional hockey stick made from the best material, with a uniformly sleek and fast look, with an eye for detail, that is suitable for everyone. From young to old and from amateur to professional.

The best carbon types have been used, including those used in Motor Racing. Each carbon type has properties that contribute to the stick's qualities and durability. In addition, an extra layer of carbon was chosen for more rigidity and strength. There is also nothing stronger than a carbon reinforced hook with sand grain finish which is used in the new Reece sticks. The stick is lightweight yet strong!

Besides looking at the materials particularly carefully, the design has also been worked on with an eye for detail. 3D prints can be found which is an extension of the matt PU grip. The carbon, exposed to the eye, gives this hockey stick a professional and technical look. On the outside, the design of all sticks is the same. The specs of the materials can be found on the stick in a subtle graphic manner.

Cool detail: the PRO Supreme hockey sticks feature a small racing car.

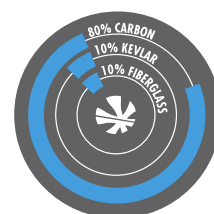

MATERIAL

The ratio of materials determines the stick's stiffness, weight and playing feel.

The more carbon, the stiffer/stiffer the hockey stick, the less energy is lost in flexing the stick. For this reason, these sticks are often chosen by players who value hitting power and power. Less carbon makes for a smooth stick and increases ball feel. This is important for developing technique, so ideal for the novice hockey player. Roughly speaking, you can speak of a smooth stick, an all-round stick or a stiff stick.

- **carbon:** for extra stiffness and striking power
- **kevlar:** for vibration damping and impact reduction
- **fibreglass:** for durability and suppleness
- **wood:** for optimal ball feeling

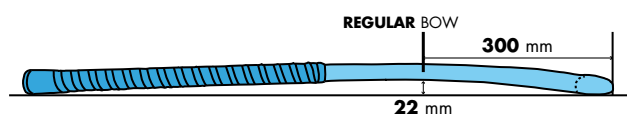

BOW/CURVATURE

The bow/curvature of the stick varies between 22 mm and 24.7 mm. The stronger the curvature, the more technical the player's game often is. Playing with a strong curvature therefore requires some practice.

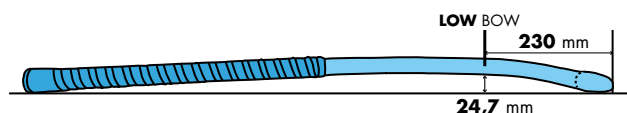

Regular Bow

- ideal for the all-round player in any position
- for the technical player who manoeuvres across the pitch
- shifting the game with a tight push or long stroke

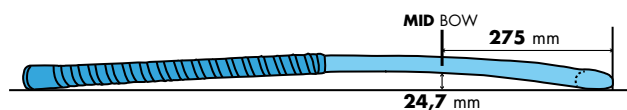

Low Bow

- for the more technical player both offensively and defensively
- easily under the ball to lift it
- faster high strike on goal, for example

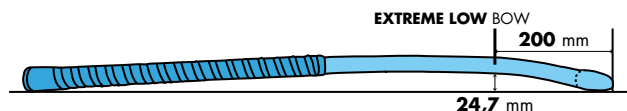

Mid Bow

- perfect for the starting hockey player or precision passer in defence
- less of fiddling, more of good stopping and hitting
- targeted tight passes

Extrem Low Bow

- for the specialist in penalty corner and defence
- ideal for the scorer and hard tight pusher
- maximum ball contact for the perfect drag flick

STICK SIZES

Hockey sticks are available from size 24' up to size 37.5'. Especially for children, it is important to purchase the right size stick. A stick that is too short has a negative impact on body posture. A stick that is too long makes it difficult to control the ball and teaches the wrong technique.

Stick length juniors

The two most important points to watch out for when determining the correct stick length for junior players are:

- That the stick never protrudes above the navel.
- That the stick never goes below the hip bone. The table gives a good indication of the correct stick length for each body length

Stick length seniors

The most common length for seniors (body height from 155 cm) is 36.5'. If, despite having the right posture, your back still regularly bothers you, a longer stick may offer a solution. More and more top players, especially defenders, choose a longer 37.5' stick for extra reach. You have just the extra bit of stick to conquer the ball with.

Body length:

< 105 cm	24"
105 - 110 cm	26"
110 - 112,5 cm	27"
112,5 - 115 cm	28"
115 - 117,5 cm	29"
117,5 - 120 cm	30"
120 - 122,5 cm	31"
122,5 - 125 cm	32"
125 - 132,5 cm	33"
132,5 - 140 cm	34"
140 - 150 cm	35"
> 155 cm	36,5"

Don't know exactly what size you are?

Use our size charts and measurement instructions to determine the size that fits you best.

Our size charts indicate which clothing size best suits your body proportions. We have a wide range of sizes that may vary by garment, fabric or fit, therefore garments may vary slightly from the indicated size.

HOW TO MEASURE CORRECTLY

1	Body length	Measure from the base of your feet to the top of your head.
2	Chest	Measure at the widest part of your chest.
3	Waist	Measure at the narrowest part of your waist.
4	Hips	Measure at the widest part of your hips.
5	Calf	Measure the widest part of your calf.
6	Foot length	Measure from the tip of your toes to the back of your heel.

SIZES ARE MEASURED IN CENTIMETERS.

Please note that our size charts are guides and product varies depending upon style. We recommend that sizes are tried via your local retailer before any orders are placed.
