NEWSLETTER

OCTOBER

2025

GLOBAL
Conference

BANGKOK

16 - 17 MARCH

2026

October – 2025

Welcome to the October edition of the CLC Projects newsletter. I just returned from a site visit at the Waldorf Astoria Bangkok in preparation for our next global conference. It is a beautifully designed venue, you can see the [photos here](#). In network news we have member movements related to: Mozambique, Slovenia - West Africa, UK - Australia, Mexico, Uruguay - Argentina, UAE, Spain & China - Australia, China - Kuwait, China - UK, Malaysia, China - Ukraine, Spain - Kazakhstan, Oman, Czech Republic - Sweden, Spain - Thailand, Honduras, Croatia - Hungary, Netherlands - Cyprus, China - South America, USA, Solomon Islands, USA - India, Switzerland - USA, Malaysia, Turkey - Tanzania, and Finland.

Note upcoming **online one-to-one meetings** with members scheduled for every Wednesday. Email [Heidi](#) to signup for a meeting, see herein for the upcoming meeting schedule. See also several pages of **shipping line contacts** we met at Breakbulk Americas in Houston, or you can download the [spreadsheet here](#).

Our networking lunch in Houston alongside the Breakbulk Americas event was well attended, thank you all who joined. I have included a page of photos from the event in this newsletter.

The next Global Conference will be held at the **Waldorf Astoria Bangkok** on the **16th & 17th of March, 2026**.

REGISTER FOR THE NEXT GLOBAL CONFERENCE

The conference fee is 970 USD per person and is inclusive of welcome drinks on the evening of the 15th, two days of one-to-one meetings, coffee/snack breaks and lunches on the 16th & 17th and dinner on the evening of the 16th. The venue is a refined, beautiful and luxurious hotel in the heart of Bangkok, near Central World and several other attractions. It is also walking distance from the Chit Lom BTS (sky train) station.

Best regards,
Cody Thrush

Thank you to all members who visited our booth at Breakbulk Americas, it was a pleasure to catch up.

Networking Lunch in **HOUSTON**

PAPPADEAUX SEAFOOD KITCHEN **30TH SEP 2025**

Upcoming Zoom Meetings

Wednesday 19th November

14:00 Sweden time (GMT +1)

MFC Extreme Moved a 10m High, 170mt Mooring Buoy & 24mt Anchors & 85mt Shackles

After receiving, storing, and consolidating cargoes at MFC JAFZA facility from various origin points the entire shipment, totalling a massive 1,072 metric tons, was moved in an overnight operation.

This colossal cargo was transported on SPMTs and a 37-trailer-long convoy.

Due to the complexities of this logistical move, MFC was granted special permissions to move the cargo, roads were temporarily closed and modifications were made to the route so that the move could be conducted in the shortest time.

The buoy and its accessories were then placed on the charter vessel, with all customs clearance formalities duly completed as per schedule.

Formag Group Delivered an Industrial Production Line from China to Ukraine

Formag transported almost 100 tonnes of equipment for a production line. That's 9 40HC containers, 1 standard 20DV container and a specialised 20FR container, the cargo in which was oversized and subsequently transferred to a barge.

Route: Shanghai → Gdańsk by sea, then by road to the Poltava region.

Volume: 11 containers + special transport for oversized cargo.

Terms:

The ship sailed from China to Gdańsk in 42 days. This is an excellent result for sea transport.

It took another 9 days to deliver the cargo by road to Ukraine.

In total, it took 51 days from start to complete delivery to the destination.

Manuport Logistics & Logistics Plus Thailand Cooperated on a Catamaran Transport

The project included towing the unfinished catamaran with dimensions 18 x 9 x 8m for 12 hours from the Spanish shipyard to Valencia where it was loaded as breakbulk and shipped to Laem Chabang. A floating crane / barge was used to discharge safely in Rayong with a 16m tall mast. There was also road transport involved. Once the catamaran is complete Logistics Plus will be shipping it to the USA.

ICS Delivered 147mt Natural Gas Gen-sets to the Island of Roatan, Honduras

The gensets were made by Bergen Engines were delivered to the local energy company Roatan Electric Company - RECO and placed onto the foundation.

Due to very limited draft at the pier, the cargo arrived on a special low-draft vessel chartered from BBC Chartering. But not before months of meticulous planning, engineered evaluation of different logistics scenarios and extensive port-, road- and site surveys.

The logistics for this project also included container and airfreight deliveries as part of the client's broader logistics needs.
