An Unholy Alliance • Michael Youssef

How Progressivism Brought about an Islamist Invasion

Across Western universities, newsrooms, and halls of government, an unholy alliance has been forged between secular progressivism and political Islamism—two ideologies united by their shared rejection of Judeo-Christian civilization.

In *An Unholy Alliance*, Dr. Michael Youssef—a cultural anthropologist trained at Emory University and raised in Egypt under Islamic socialism—exposes the “Red-Green” convergence: a strategic partnership between Progressive and Islamist movements that exploit democratic freedoms to dismantle the very foundations that make those freedoms possible. Drawing from his unique combination of academic rigor, Middle Eastern heritage, and decades of global ministry, Youssef reveals how this alliance operates through what activists call the “Omnicause”—a fusion of climate activism, identity politics, and anti-Christian sentiment into a single revolutionary movement.

From Qatari funding of American universities to the election of socialist-Islamist politicians in major cities, Youssef traces the ideological and financial networks empowering both movements. He demonstrates how Western moral relativism has created a vacuum now filled by radical absolutism, and how cultural self-loathing has invited civilization’s undoing.

Yet *An Unholy Alliance* is not a book of despair. Grounded in biblical prophecy and concluding with genuine compassion for Progressives and Muslims trapped by radical ideology, Youssef distinguishes between political extremists and ordinary adherents. His twelve-point action agenda equips Christians and other concerned citizens to respond with moral clarity, cultural courage, and renewed commitment to truth.

A prophetic and practical work, *An Unholy Alliance* prepares readers to recognize the forces driving today’s chaos and to stand firm in defense of freedom and faith.

About the Author

Michael Youssef holds a Ph.D. in Cultural Anthropology and is the founder and president of Leading The Way, a global media ministry reaching over six continents in 28 languages. Born in Egypt and educated in theology and sociology, Youssef emigrated to the U.S., where he has dedicated his ministry to defending biblical truth in an increasingly secular culture. He is the author of more than fifty books where he combines scholarship, experience, and conviction to address the world’s most pressing moral, spiritual, and political challenges. Youssef is the Founding Pastor of The Church of The Apostles in Atlanta, GA.

The American Idea

Rediscovering the Words that Build a Nation

"America 250" Commemorative Edition

The American Idea goes straight to the source to let the Founders speak directly to our time. This essential collection presents faithful modern-language restatements of the Declaration of Independence, Constitution, Bill of Rights, and later amendments alongside something no other collection offers: all 85 Federalist Papers rendered into clear, powerful prose that preserves Hamilton's fire, Madison's precision, and Jay's strategic brilliance.

Each restatement captures the urgency of a young nation fighting for survival and the revolutionary ideas that still shape major court decisions and political debates today. Key original passages anchor each text, preserving the Founders' actual voices.

Beyond the constitutional core, discover the flawed Articles of Confederation that nearly doomed the republic and Washington's Farewell Address with its warnings about political division, as well as a gathering of essential writings from Patrick Henry, Thomas Jefferson, John Adams, James Madison, and Benjamin Franklin. Brief contextual notes illuminate why each document mattered then and why it still matters today.

Designed as a beautiful 250th anniversary edition with a deep blue linen cover with gold-foil stamping, *The American Idea* transforms America's founding documents from historical artifacts into living documents that invite you to rediscover the words that built a nation.

About the Authors

Alexander Hamilton was an influential Founding Father, the first Secretary of the Treasury, and a key architect of the U.S. financial system. He wrote the majority of The Federalist Papers, advocating for the ratification of the Constitution.

John Jay was the first Chief Justice of the United States and a seasoned diplomat. He contributed several essays to The Federalist Papers, focusing on foreign affairs and national unity.

James Madison, known as the "Father of the Constitution," played a central role in drafting and promoting the U.S. Constitution and Bill of Rights. He co-authored The Federalist Papers to support its ratification.

The Real Race Revolutionaries, Second Edition

How Minority Entrepreneurship Can Overcome America's Racial and Economic Divides

A BOLD VISION BACKED BY REAL STORIES AND REAL DATA.

This newly revised edition of *Real Race Revolutionaries* by Alfredo Ortiz reasserts a powerful argument: that minority entrepreneurship is the most overlooked and underestimated force for equity and prosperity in America. Originally released to wide acclaim, this updated version arrives at a moment of national economic realignment—fueled by fresh statistics, policy breakthroughs, and new stories of entrepreneurial resilience.

With the passage of the One Big Beautiful Bill, a landmark legislative package aimed at supporting small businesses and promoting economic mobility in historically underserved communities, Ortiz returns with a fully revised narrative. He shows how grassroots capitalism—especially among minority communities—can serve as a civil rights engine for a new generation.

Rich with case studies, current policy analysis, and a hopeful message rooted in lived experience, this book offers readers and leaders alike a renewed understanding of how business creation can bridge the opportunity gap and re-center the American Dream.

About the Author

Alfredo Ortiz is president and CEO of Job Creators Network and publisher of Grace & Favor Publishing, an independent house dedicated to books that celebrate faith, family, freedom, and free enterprise. A respected voice on economic mobility, minority entrepreneurship, and free enterprise, he has been featured on CNBC, FOX Business, CNN, and in The Wall Street Journal and USA Today.

Is Jesus a Socialist?

¡TAMBIÉN EN ESPAÑOL!

What Jesus and the Bible Have to Say About Wealth and Poverty, Generosity and Greed, and Abundance and Scarcity

What did Jesus really say about wealth and power?

Discover the true message of Jesus in an age of political confusion.

Is Jesus a Socialist? challenges a widespread and often misunderstood notion: that Jesus Christ's teachings are aligned with the political ideology of socialism. In an era where discussions about wealth, equity, and social justice are increasingly polarized, this book offers a refreshing examination of what Jesus truly taught.

Drawing from biblical principles, *Is Jesus a Socialist?* delves into Jesus's teachings on wealth, poverty, generosity, and greed. It contrasts the voluntary, love-driven acts of giving and individual responsibility emphasized by Jesus with the coercive, state-enforced redistribution central to socialism.

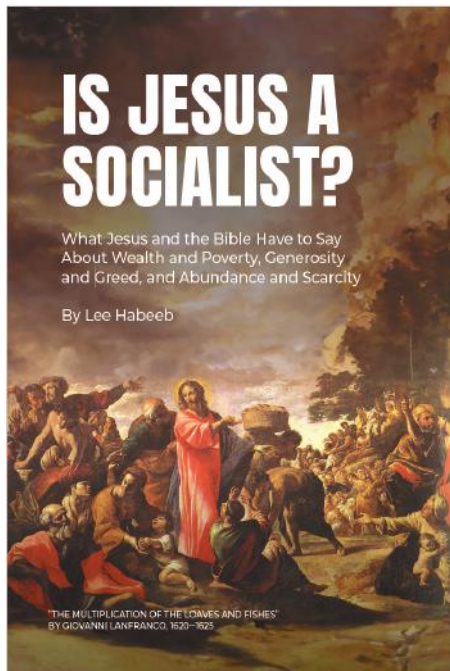

With a blend of scriptural insight and practical analysis, *Is Jesus a Socialist?* encourages readers to reconsider the economic and social debates of our time through the lens of Jesus's teachings. It addresses age-old questions about the nature of wealth, the role of work, the dangers of greed, and the beauty of true generosity. By revisiting the parables and stories that Jesus told, the book provides timeless answers that are as relevant today as they were two thousand years ago.

For Christians and non-Christians alike, *Is Jesus a Socialist?* is a call to rediscover the heart of Jesus's teachings and to understand their implications for our lives and society. It invites readers to reflect deeply on how we can apply Christ's message to the complexities of modern economic and political systems and challenges the notion that human problems can be solved through ideology rather than spiritual transformation.

About the Author

Lee Habeeb co-founded Laura Ingraham's national radio show in 2001, guiding it to Top 5 status in the country by 2007.
