Professional Cleaning

Not all Heroes wear capes!

We know that behind every delicious plate of food there is a whole army of unsung heroes behind the scenes, armed with mops and sprays, protecting kitchens and keeping food safe for your diners.

Clean Range Pro is the new brand of professional cleaning products by Country Range – arming you with powerful, reliable cleaning solutions to win the battle against bacteria. The range has been developed to help you to simplify the cleaning process whilst being able to clean and disinfect in less time with products you can trust.

CREATED WITH CARE

- Our 750ml trigger spray bottles and triggers are 100% recyclable, manufactured entirely from plastic with no metal parts.
- Our products are not tested on animals.
- All surfactants used in our products comply with the current European regulations concerning biodegradability and protection of the environment.

WASHROOM HEROES

From bleach to toilet cleaner, we've got you covered for keeping washroom areas clean and safe.

EVERYDAY HEROES

Fresh laundry, clean hands, and gleaming floors and surfaces—everything you need to keep low-risk areas spotless and shining.

FOOD & BAR HEROES

Everything you need to keep dishes and glassware sparkling and kitchens safe.

TOOLS OF THE TRADE

Mops, cloths, scourers and tea towels – everything your heroes need to get the job done.

Do you currently use Country Range Professional products? Clean Range Pro products are the same great quality but with a new look! See page 19 to find the corresponding code for all of our chemical products.

SAFETY FIRST

We use the British Institute of Cleaning Science (BICS) colour coding system for our chemical products, to ensure safe and effective use:

RED FOR WASHROOMS

GREEN FOR FOOD AND BAR AREAS

BLUE FOR LOW-RISK AREAS

On every product, you will find a QR code linking to the safety data sheet, so you can access full safety information quickly and easily.

Each product has a clear and simple code for easy and quick identification.

FLOOR CARE

FOOD & BAR HEROES

Our food and bar range of products ensure that equipment, surfaces and general areas where food and beverages are prepared are hygienically clean and safe.

TOP TIPS

Five top tips for keeping professional kitchens clean and safe:

1. Use daily, weekly and monthly cleaning checklists. High-risk areas such as prep surfaces, handles and sinks should be cleaned multiple times per day.
2. Encourage staff to clean as they go throughout service, making end-of-day cleaning faster and more thorough and preventing build-up and cross-contamination.
3. Colour-code cloths, brushes and mops to avoid cross-contamination with other areas such as washrooms.
4. Don't forget hidden areas - regularly clean under equipment, behind appliances, hard to reach areas and drains.
5. Ensure all staff are trained on cleaning procedures. Assign clear responsibilities and conduct routine inspections to maintain high standards..
