## Transform Your Advertising with Local Pulse

Dear Valued Customer,

Let's be honest—traditional advertising can often be uninspiring. However, your business is anything but ordinary, so why settle for ads that fail to engage?

With Local Pulse, we elevate your advertising into a dynamic digital experience. Our Flipbook Advertising breathes life into your brand through:

- **\*\*Interactive Links\*\***: Capture your audience's attention faster than a cat chasing a laser pointer.
- **\*\*Video Capabilities\*\***: Showcase your products or services in a manner reminiscent of a blockbuster trailer—only better.
- **\*\*Affordable Pricing\*\***: Starting at just £45 per month, you don't need a Hollywood budget to achieve remarkable results.
- **\*\*Seamless Upgrades\*\***: Enhance your ad's visibility and engagement as you grow.

Your audience will be inclined to swipe, click,  
and replay your ad rather than scroll past it.

Are you ready to make your advertising unforgettable?  
Click here to learn more: (<https://localpulse.co.uk>).

Let's create something extraordinary together.

# FLEETWOOD

**Here are 10 Very Interesting Facts about Fleetwood, your charming seaside town in Lancashire:**

## **A Master-Planned Victorian Town**

Fleetwood didn't just grow—it was designed. In the 1830s, Sir Peter Hesketh-Fleetwood envisioned a modern seaside resort and port, commissioning famed architect Decimus Burton to lay it out in a bold half-wheel design.

## **Three Unique Lighthouses**

Fleetwood is home to three (yes, three!) lighthouses—a rare arrangement. The Lower (Beach) Lighthouse, Upper (Pharos) Lighthouse, and the offshore Wyre Light worked in unison to guide ships through treacherous sands into the harbour.

## **Wyre Light: A Pioneer of Engineering**

The Wyre Light was Britain's first screw-pile lighthouse—built in 1839–40 by engineer Alexander Mitchell, its structure stands (albeit now in ruins) on piles driven into the seabed.

## **Victorian Architectural Gems**

The Lower Lighthouse, built in 1840 of white sandstone, is neoclassical in style—square with an octagonal lantern gallery and colonnaded base. Named a Grade II listed building in 1950, it remains operational.

## **Transport Links to Scotland**

The North Euston Hotel, built in 1841, served travellers arriving by rail from London (to Fleetwood) and continuing by ferry to Ardrossan—a vital link before the west coast rail route via Shap Fell opened in 1847.

## **Thriving Fishing Hub**

In the early 20th century, Fleetwood became one of the UK's busiest deep-sea fishing ports, bustling with trawlers, shipbuilders, and fish processors.

## **Birthplace of Fisherman's Friend**

The town is home to Lofthouse of Fleetwood, the manufacturer of the famous Fisherman's Friend lozenge, known worldwide.

## **Ancient Landscape Beneath the Coast**

Geological studies reveal that thousands of years ago, Fleetwood's coastline was 50–60 feet higher—and submerged forests of oak, birch, and fir once stood before being buried by shifting sands.

## **Kitesurfing and Coastal Sports**

These days, Fleetwood is a favourite for kitesurfing and power-kite sports, thanks to its open coastline and strong winds.

## **Compact and Well-Connected**

Fleetwood is located at the north-west corner of the Fylde Peninsula, around 8 miles north of Blackpool. Fascinatingly, for many years there were only two roads in and out of town, maintaining its unique coastal identity.

There's a lot more to discover—from hidden architectural gems to local history and natural beauty.

# Mary's Shell – Cleveleys' Storytelling Sculpture

[Picture by MartinO'Hare](#)

Walk along Cleveleys beach and you'll soon spot one of the Fylde Coast's most intriguing landmarks: Mary's Shell. Rising out of the sand like something washed ashore from another world, this gleaming steel sculpture has captured the imagination of locals and visitors alike.

Installed in 2013, Mary's Shell is the work of sculptor Stephen Broadbent. It was commissioned as part of the Mythic Coast Artwork Trail, a project designed to bring literature, art and local folklore together on the seafront. The trail is inspired by *The Sea Swallow*, a modern children's story written by Gordon D. Ramsay and illustrated by Hannah Megee, which draws on the rich tradition of coastal myths and legends.

In the tale, the character Mary uses her magical shell to journey beneath the waves. On Cleveleys beach, her story has been given permanent form – a giant steel shell that you can step inside and explore.

## **A Sculpture That Changes With the Sea**

One of the most fascinating things about Mary's Shell is how it interacts with the tide. At low tide, visitors can walk right inside, run their hands over the engraved words from the story, and even sit down within its curves. At high tide, the sea surrounds it, sometimes covering it completely, transforming it into a mysterious shape emerging from the water.

This clever design makes the shell different every time you see it – a sculpture that shifts with the rhythm of the sea.

## **More Than Just Art**

Mary's Shell is more than a photo opportunity (though it has become one of the most Instagrammed spots on the Fylde Coast). It's a place where families sit together, children play, and visitors pause to enjoy the sounds of the sea echoing around its curves.

It also forms part of a bigger adventure – the Mythic Coastline Trail – which includes other sculptures such as The Sea Ogre, The Shipwreck Memorial, and The Paddle. Together, they encourage walkers to discover Cleveleys with fresh eyes.

## **A Local Treasure**

Built from durable stainless steel, Mary's Shell was designed to withstand the toughest coastal weather. But beyond its physical strength, its true power lies in what it represents: imagination, storytelling, and a community proud of its seafront.

Today, Mary's Shell is more than just an artwork – it's a symbol of Cleveleys itself. Whether you're a day-tripper, a local dog walker, or simply someone chasing a beautiful sunset, the shell is always waiting, ready to spark a story of your own.

## **SUPPORT LOCAL YOUR LOCAL INDEPENDENT BUSINESSES** **\*\*THE HEARTBEAT OF THE FYLDE COAST\*\***

On the picturesque Fylde Coast, where the golden sands meet the rolling waves, a vibrant tapestry of independent small businesses thrives. Picture a sunny Saturday morning; the air is filled with the scent of freshly baked bread wafting from a local bakery. Families gather, laughter echoing as children enjoy homemade ice cream from a nearby shop. This is not just a scene; it's a community brought to life by the passion and dedication of its independent entrepreneurs.

Each small business, whether it's a quaint café, a charming gift shop, or a unique art gallery, tells a story of hard work and creativity. The owners pour their hearts into their ventures, crafting experiences that reflect the unique spirit of the Fylde Coast. When you support these local businesses, you're not just buying a product or service; you're investing in your community.

Your patronage helps sustain jobs, foster innovation, and maintain the character of the area. Unlike larger corporations, independent businesses often reinvest their profits locally, supporting schools, charities, and local events that benefit everyone. Moreover, shopping local means you're likely to find one-of-a-kind items that cannot be found elsewhere, adding a personal touch to your purchases.

But the impact goes beyond economics. The relationships formed with local shopkeepers create a sense of belonging and familiarity. Imagine walking into your favourite bookstore and being greeted by name, or receiving personalised recommendations from the owner of a boutique. These connections enrich our lives and strengthen the fabric of our community.

So next time you're tempted to shop online or visit a big-box store, think about the independent gems on the Fylde Coast. By choosing to support them, you're not just making a purchase; you're nurturing the heartbeat of your community, ensuring its vibrancy and diversity for generations to come. Embrace the charm of local businesses and be a part of something truly special.

# Rossall Beach Residents & Community Group.

Looking after the beach, promenade and public areas at Rossall Beach, Cleveleys. Monthly beach cleans, projects, fundraising and above all lots of **FUN!**

That's another job ticked off the list - the pebbles info board is back where it belongs on the seafront thanks to **Kevin and Keith**

It was broken off the frame in a storm, went for a swim in the sea, then got washed back up onshore. Thankfully it was found and rescued. Just shows that they're robust!

**LEARN MORE**

We're a small local charity and we look after the shingle beach at Cleveleys. Our patch stretches from the end of the stepped sea defences opposite The Venue - to the Five Bar Gate near Rossall School.

Come along to one of our community beach cleans, held every four weeks. On alternate fortnights you can join our monthly meeting, where we hear from a variety of speakers talking about the coast, general topics or about Cleveleys.

We do other things too. Why don't you get involved?

## Health, wellbeing and regular outdoor activities

We have a number of activities that take place regularly in Wyre. These activities are a great way to enjoy the great outdoors, meet new people and take up new hobbies. They are a great way to give your health and wellbeing a regular boost!

## FUTURE EVENTS

### Rossall Point Beach Clean

Beach cleaning the coast around Rossall point. Help to remove marine litter and debris.

Date: 7th August 2025 - 28th August 2025

### Cleveleys Beach Clean

Come and join Cleveleys beach care to help make a difference.

Date: 10th August 2025 - 31st August 2025

### Fleetwood Hutment Barracks, shooting ranges and military graves

Step into Fleetwood's fascinating military past!

Date: 20th August 2025

## **Advertising within the Local Pulse online magazine, shared on its own website plus shareable social media sites offers several distinct benefits to Advertisers:**

### **1. Engaging Visual Experience**

Flipbooks provide a dynamic and interactive way to present content, making it more engaging compared to static images or text. This can capture the audience's attention more effectively.

### **2. Enhanced Storytelling**

Flipbooks allow for a narrative flow, enabling advertisers to tell a story in a sequential and visually appealing manner. This can help convey the brand message more effectively and create a lasting impression.

### **3. Increased Interactivity**

Interactive elements such as **clickable links**, **embedded videos**, and **animations** within flipbooks can enhance user engagement. This interactivity can lead to higher retention rates and more time spent on the advertisement.

### **4. Mobile-Friendly Format**

Flipbooks are optimised for mobile devices, ensuring a smooth viewing experience on smartphones and tablets. Given the high usage of social media on mobile devices, this is a significant advantage.

### **5. Shareability**

Flipbooks are easily shareable on social media platforms, increasing the potential reach of the advertisement. Users can quickly share flipbooks with their network, amplifying the brand's exposure.

### **6. Measurable Analytics**

Flipbook platforms often provide detailed analytics, allowing advertisers to track engagement metrics such as views, clicks, and time spent on each page. This data can be used to measure the effectiveness of the campaign and optimize future advertising efforts.

### **7. Cost-Effective**

Creating and distributing flipbooks can be more cost-effective compared to traditional advertising methods. There is no need for printing or distribution costs, and digital flipbooks can be easily updated and reused.

### **8. Brand Differentiation**

Using a flipbook for advertising can set a brand apart from competitors who may rely on more conventional formats. This innovative approach can enhance brand perception and attract a tech-savvy audience.

### **9. SEO Benefits**

Digital flipbooks can be optimized for search engines, improving the brand's online visibility. Proper use of keywords, metadata, and tags within the flipbook can help drive organic traffic to the content.

### **10. Versatility**

Flipbooks can be used for various types of content, including product catalogues, brochures, reports, and magazines. This versatility allows brands to use a single format for different marketing purposes, maintaining consistency and cohesion in their advertising strategy.

**By leveraging the unique advantages of flipbooks, advertisers can create more compelling and effective campaigns on social media platforms, ultimately driving better engagement and achieving their marketing goals.**
