EMPOWER

INTRODUCING THE NEW WOMENS CORE COLLECTION

We are committed to empowering women to embrace their individuality, confidence, and strength. Through our dedicated EMPOWER initiative - led by women in sport - each product is thoughtfully crafted to honor the diverse journeys of all women. Our designs are both fashion-forward and functional, created to inspire empowerment in every step.

No longer are women required to wear the same cut as men. We place women's performance at the heart of everything we do, working closely with both elite and everyday female athletes.

Through collaborative working groups, we have developed apparel specifically tailored to women's needs.

The Classic **EMPOWER** seal is proudly featured on key pieces from our Women's Core collection. These items have been tested and refined through wearer trials to ensure they promote confidence, strength, and beauty at every moment.

Each piece is expertly designed to complement the female form, offering a perfect balance of athletic performance and a feminine silhouette.

WOMENS CORE TRAINING SINGLET

Our Women's Core Training Singlet is a versatile mid-neck singlet in a cross-back design that will keep you cool and comfortable all game long. Featuring the same high-performance fabric trusted by Classic's pro team athletes.
