Craftsmanship meets the technological
vanguard.

Penta Light designs and produces high-quality contemporary lamps, 100% made in Italy. In the course of their history they have interpreted the ideas of sought-after designers, transforming their vision into objects in which formal beauty meets functional utility.

PRECISION. RIGOR. EXCELLENCE.

ABOUT US

Born in 1975 in Cabiato, in the heart of Brianza, Penta originally entered the furnishing market with the production and sale of five lines of basic complements to decorate the home.

However, their firm belief that being successful meant offering excellent quality together with an intriguing and recognizable design, pushed the firm to specialize in only one of the five original branches: lighting.

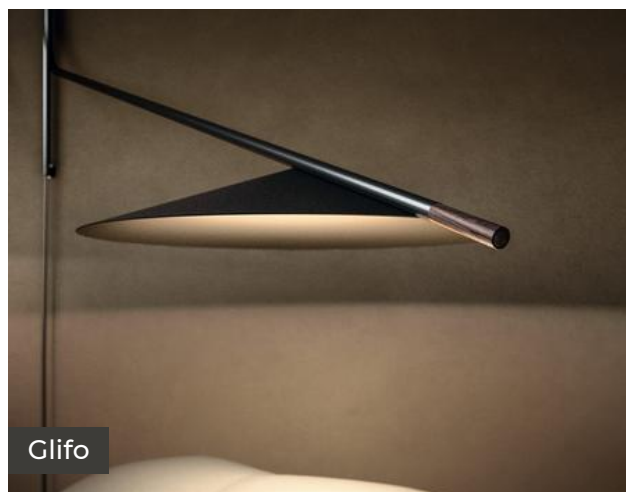

Since then the development of Penta has not stopped, making it part of the limited bunch of leading firms in this field.

In 2014 Penta was acquired by Andrea Citterio, who gave a new imprint to the corporate structure.

DESIGNER PICK:

Mamì Collection

Halfway between design and art, Mamì is a versatile and elegant collection. The white oval blown-glass body is reinterpreted with a modernist look in the suspension compositions, while remaining linear in the floor and table variants.

“CONTEMPORARY
DESIGN,
100% MADE IN
