Do You Want Your Retriever On the Cover?

We're always looking for cover photos for HUNTING RETRIEVER magazine. If you have a photo you feel is cover quality, please send it in. Following are the guidelines:

1. All dogs in the photo must be UKC registered.
2. Supply the following along with the photo - the owner's name, contact information and HRC membership number, dog's UKC registration number, and a short write-up.
3. If the photo was taken by a professional photographer, written permission to reprint must accompany the submission; for example, an email.
4. Vertically aligned photos are preferred. All photos must be in focus, of sharp resolution, and in color. Digital photos must be 600 dpi. Send your photos by mail to: HUNTING RETRIEVER Cover, 100 E Kilgore Rd, Kalamazoo MI 49002; email to: huntingretrievermag@ukcdogs.com; or via the UKC website, <https://www.ukcdogs.com/cover-dog>.

INHERENT RIGHTS AND POWERS OF UKC

*(Revised December 18, 2009)

United Kennel Club holds and has reserved to itself certain inherent rights and powers in connection with conducting its business, registering litters, transferring registrations of dogs, licensing events, and awarding titles. These inherent rights and powers include but are not limited to the following:

United Kennel Club has the right to inspect all reports, scorecards and documents related to UKC events. Some, but not all, of the items subject to inspection are:

- a) scores;
- b) disqualifications of dogs for fighting or other reasons;
- c) errors by the recording person; and
- d) documentation excluded for any reason.

UKC reserves the right to correct any mistakes found during such inspection whether or not the document has the signature of a Judge or Club Officer.

UKC reserves the right to itself and in its sole judgement and discretion, to take such actions and impose such sanctions as would:

- a) Bar an individual from entering or participating in any way in any UKC licensed event.
- b) Bar an individual from transferring or registering any pups or dogs in that person's name (joint or full registration) or to any member of that person's family.
- c) Bar an individual from receiving Championship points for any dog registered in that person's name (joint or full registration).

By way of illustration, the following constitute some, but not all, of the situations calling for the above sanctions:

- a) Falsification or alteration of a UKC Registration Certificate, Pedigree, UKC Easy Entry™ Card or any other UKC document.
- b) Falsification or alteration of any reports of wins issued to UKC.
- c) Falsification or alteration of receipts issued by UKC Judges.
- d) Switching, wrongfully using or attempting to use a UKC Registration Certificate, Pedigree, UKC Easy Entry™ Card or any other UKC document.
- e) Selling or attempting to sell a dog with false or incorrect UKC Registration Certificate or Pedigree.
- f) Intimidating, threatening, or injuring a Judge, Club/Association member or official, event participant or spectator, or UKC representative.

The six illustrations given above are only by way of example and UKC reserves to itself its inherent right and power to impose such sanctions in any other circumstances deemed appropriate by UKC.

Any individual who is found guilty by a court of law of a crime involving dogs will be barred from United Kennel Club for an indefinite period. A person shall be considered guilty in a criminal proceeding if they are convicted by a judge, jury, or if they enter a plea bargain or other arrangement to plea to a lesser offense, or if their case is disposed of by any form of deferred adjudication; a person shall be considered guilty in a civil proceeding if they are held responsible or liable by a judge, jury, or if a compromised settlement is reached between the parties.

Hello, everyone.

The Spring Grand has come and gone. We had ten great sites. The Grand Judges and the Grand Committee did an excellent job of time management and keeping everything running as smoothly

as possible with the weather conditions. We received over four inches of rain from Saturday evening to Sunday morning. Some of the sites did not get started on Sunday morning until after 11:00am. The Old South HRC team and the W. C. Bradley family and workers responded accordingly. Everyone rose to the occasion. On behalf of our HRC family, we would like to thank everyone that helped make this Grand a success.

By the time most of us get our June/July magazine, the National Meeting on June 8th will be history. I hope that every club is/was represented and that every club voiced their opinions and concerns.

A special thank you to Sonya Edwards from Region 5 and John Borchert from Region 9 for their years of service on the Public Relations Committee. They have both been a big asset to HRC. Please welcome Ashley Cole (Region 5) and Melissa Fyffe (Region 9) to the PR team. We are looking forward to what the HRC future holds for these two ladies.

We want to welcome Cranberry Country HRC to our family. They are based out of Tomah, Wisconsin. They will have their preliminary hunt test later this summer.

If your club has not paid their charter fees, please pay them as soon as possible. You cannot schedule a hunt test or Upland test without your charter fees being paid. You also cannot vote at the National Meetings.

We recently were able to purchase a shipment of camouflage jackets. Most of the backordered jackets have already been shipped. We apologize for the delay. We were not able to buy a large quantity of camo from any of our suppliers. Hopefully this will not happen again.

Currently, hunt test season is in full swing. We hope you are enjoying your dogs.

Train hard, play hard.

Dog to the line!

Jack, Glen, Sarah, and Kristine

Note for Dogs who had Earned 100 Upland points before January 1, 2024:

For dogs that earned 100 Upland points before January 1, 2024 and wish to have the Upland Hunter Champion title, submit a Title Issue Application found under "Forms and Rules" in the "Hunting Retriever" section of the UKC website.

MEMBERSHIP INFORMATION

The Hunting Retriever Club is composed of individuals and clubs interested in the improvement of the retrieving breeds, in the training and testing of Hunting Retrievers, in the awarding of Championships to those dogs that pass the testing program, and in the fellowship, cooperation and learning that can take place when people and dogs, rather than competing with each other, are working together to reach mutual goals of excellence.

The hunts have been designed to closely duplicate actual hunting conditions and situations. The training aspect of the program and the four levels of competition allow dogs and handlers at all levels of experience to learn, improve and work toward Championships.

Your membership includes a year's subscription (6 issues) to *HUNTING RETRIEVER*, a membership card and a copy of the *UKC/HRC Rules and Guidelines for Hunting Retriever Tests*. Domestic rates (U.S. and possessions) are \$25 a year, \$30 a year for a family; (\$17.50 per year is designated for the magazine subscription.) Dues cover a 12-month period. Dues are to be sent to: Hunting Retriever Club, Inc., 100 E Kilgore Rd, Kalamazoo MI 49002-5584. Phone: (269) 343-9020.

DOGS DON'T KNOW HEAT CAN HURT

EXERCISE-INDUCED HEAT-RELATED ILLNESS

When a dog's activity causes his body to generate more heat than he can dissipate.

Heat Related Illness (HRI) in sporting dogs is serious and can result in significant injury, if not death. It occurs when a dog's core body temperature increases faster than he can dissipate the buildup of heat. While HRI can impact any dog in a hot, confined space with inadequate ventilation and cooling, exercise-induced HRI is more prevalent.¹ Running in the summer can cause a dog to produce a lot of internal heat that is difficult to release when it's hot and humid. While a dog's normal core body temperature ranges between 99.5 – 102.5°F,²

he can experience difficulties when it exceeds 104°F. A temperature greater than 106°F may cause brain damage.³

Most of a dog's internal heat is dissipated through the skin. Some heat is released by perspiration through his paw pads and nose. Additional heat dissipates through panting. But when the air temperature meets or exceeds a dog's core body temperature, his natural methods of cooling become less effective. When he's unable to effectively dissipate the heat, the progressive stages of HRI may appear.

KEYS TO KEEPING COOL

HYDRATE

Increase water intake
3-5 days before
outdoor activity

CONDITION

Get active before
sudden heat
exposure

ACCLIMATE

Start slow and
break to cool
down frequently

KNOW THE SIGNS OF HRI

STAGE 1 HEAT STRESS

- Increased thirst
- Excessive panting
- Widened or flat tongue
- Cheeks pulled back, revealing molars
- Pasty saliva
- Slower, unfocused, or apprehensive

ACTIONS TO TAKE

- Take a break. Rest your dog in a shady area with a cool breeze and rehydrate him with lots of water.
- Rinse out his mouth with fresh water to remove any pasty saliva from his gums and tongue.
- Apply cool water to his paw pads and underbelly to help reduce his core body temperature.
- Check his temperature. If elevated, apply rubbing alcohol-soaked pads to the pinnae of the ears, armpits and groin area to help cool surface blood.
- Wait until your dog is fully recovered before continuing with additional exercise.
- Consult your vet for additional instruction.

STAGE 2 HEAT EXHAUSTION

- Weakness or stumbling
- Sunken, dry eyes
- Dry mouth, gums or nose
- Vomit or diarrhea
- Muscle tremors
- Uncontrollable panting

ACTIONS TO TAKE

- Rinse out your dog's mouth with fresh water to remove any pasty saliva from his gums and tongue.
- Place a cool, wet towel on the bottom of his kennel.
- Be sure his crate is large enough for him to lie on his side. The ability to stretch out helps him maximize heat dissipation.
- If you have a fan on the crate door, turn it on.
- Apply cool water to his paw pads and underbelly.
- Apply rubbing alcohol-soaked pads to the pinnae of the ears, armpits and groin area.
- Get to the nearest vet ASAP.

STAGE 3 HEAT STROKE

- Unresponsive or confused
- Dark urine or lack of urine
- Seizures
- Collapse
- Coma
- Lack of coordination

ACTIONS TO TAKE

- Get your dog to the nearest vet ASAP.
- Take actions from Stage 2 to maximize your dog's ability to dissipate heat en route to the nearest vet.

74%⁴
of HRI incidents

"I've heard a lot about once-in-a-lifetimes...After about a year of being introduced to HRC, my husband strongly suggested I either quit telling him how to run his dog or get my own. Fortunately, a little red boy I had fallen in love with was available and the journey began. Through many trials & tribulations, he earned his HRCH. However, in my thinking this was a race, I allowed some bad habits to form. Enter Justin Jackson of Texoma Retrievers who through his skill and patience formed a phenomenal bond with the "Big Red Dog" and achieved his full potential. While home on winter breaks, he was my best hunting partner. This dog, my best friend, opened up a whole new world. He taught me so much and through him we have so many lifetime friends. I'm gonna miss you my buddy...my once-in-a-lifetime."

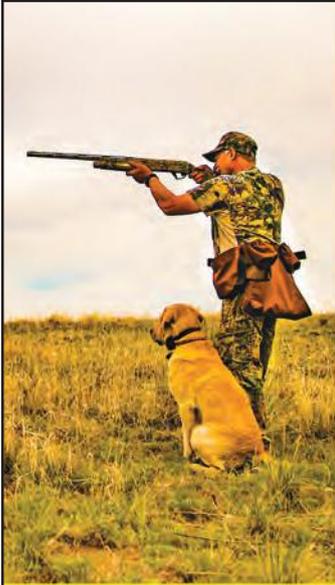

Final Retrieves are offered at no charge to HRC members.

SPRING TRAINING DAYS

BY LYNNE FRADY

I was shooting an archery tournament this past weekend with Chuck Prowler, who owns Crabtree Retrievers, we have been friends for many years. I have the privilege of living close enough to Chuck to be able to use his beautiful property to train my dogs.

My husband, Jim and I have been shooting competition archery for over 30 years, I have been training dogs much longer. Chuck had expressed an interest in bow hunting and Jim, and I helped him get set up with the equipment he would need to be successful. He had been practicing in his spare time and expressed an interest in shooting a 3-D archery tournament. 3-D archery is life-sized animals that are set up in hunting situations, like a retriever hunt test. According to the class you shoot in, you stand at a colored marker, read the terrain, judge the distance, and shoot one arrow at the target. There are scoring rings on the animal in the vital area. Scores are 12-10-8-5.

This past weekend Broyhill Children's Home had their annual 3-D archery tournament, car show and barbeque to benefit the children that live there. It is a fun tournament, and it is close to where we live. I invited Chuck to come so he could experience it first-hand. I was shooting with a friend of ours, Levi Hendricks, who use to work with Jim. Jim and I helped Levi get started in archery a few years ago and he was happy to have Chuck with us to introduce him to a new addiction. You might be wondering why I am writing about this in a HRC magazine because they are completely unrelated, but are they?

As dog trainers we have the responsibility to give our dogs the tools and equipment that are necessary to be successful, just like archery or golf for that matter. We do our best to find the best trainers or coaches, the best clubs with members with years of experience to guide us on our journey and the best training grounds. This is the same with archery or any other sport in which you may participate.

At the end of the day, we want to be successful and maybe earn some bragging rights. We have the equipment, we have the dog, we have the grounds and all the resources we need, what is left? The work!

Work/practice is the deciding factor in all sports; dog training carries a heavier load. In archery and golf it is a single person sport. It is you competing against other participants, in dog training you are the key component in aiding your dog to make them successful in the field and

at a hunt test, it's a team sport and you are competing against the elements.

No matter the amount you spend on equipment or clothing to look the part, if you do not put in the work, you will not be successful. I have trained with people over the years, both pro and amateur, and have been on grounds that are pristine. Yet, you must put in the hours to achieve the goal.

When you arrive at a club training day, most clubs set up a hunt test scenario to run. Everyone is busy setting up holding blinds, positioning throwers or wingers, making sure the shot guns are ready, the poppers are at each station and the ducks are evenly distributed. Members then line up, run their dog on the scenario, put their dog back in the truck and relieve one of the throwers in the field so they can have their turn to run their dog. Everyone runs their dog, then they break down the equipment, move to water, and set up another scenario. Does this sound familiar?

There is only one thing wrong with this picture. They showed up for the game before the practice.

It would be great if every person that trains a dog had one hundred acres and a technical pond, but they do not. It would be amazing if all trainers trained dogs all day on their beautiful farm, but they do not. Archers are the same.

I have always had a job, a family and usually burn the candle at both ends, and the middle. I must find cherished moments to give my dogs the best of me at the best place I can find to train. I utilize a sports park close to where I live and have the privilege to know people that will let me use their property to train on. So, I run

drills, I run on different properties with different terrain and have learned how to read land so I can teach my dogs the skills they need to be confident and successful. Now, let us talk about the people who do not have this option.

I would almost bet that most members in your club are hardworking folks with families. They steal precious moments to train their dogs and look forward to training days with their club. The club training day may be the only time they have access to property that will be close to where a hunt test will be held.

They arrive at the training day, and it is their turn to run. They line up and kick their dog off, but the dog blows up on the land blind that was set up for the Finished dogs. This member is new to the game and just started

doing Seasoned work with their dog. They do not want to ask for anything special, so they don't take up extra time. Now, the handler is trying to get their dog back on line and the other members are rolling their eyes hoping he picks up his dog so they can run their Finished dog. He picks up his dog, takes it to the truck and trades places with someone in the field so they can run their dog.

I have seen this happen time after time after time. Training days are set up by the veteran members of the club and they set up Finished marks and blinds. Newer members that are not at that level will try and run their dogs in this scenario so they don't ruffle any feathers, it's a disaster.

The handler who had the dog blow up took a day off work or missed their child's ball game to come run their dog. They get to run their dog once on land and once on water. They leave at the end of the day with a confused dog and feel the heavy weight of failure and, in his mind, wasted a day.

Archery is the same. Everyone doesn't have a 3-D range in their backyard or a 50 meter field archery range they can shoot. 3-D archery is much like dog training. You must learn to read the ground, judge yardage, shoot uphill, downhill, shoot dark targets in dark areas of the woods and a myriad of other scenarios just like training dogs. You must work at your level to get better at your craft to move up to the next level. Failure is bound to happen, but you must learn from it and figure out what step was missed that you can work on.

56 yard giraffe at the R100 National Archery Shoot.

At the archery tournament this weekend we had a target that was 35 yards. They had cut a lane back into the brush and created a tunnel so to speak and the target was almost to the end of this tunnel. It looked a million miles away. Chuck's comment was, "That shot was like running a two hundred yard keyhole blind".

He was right. It was a very intimidating shot. Chuck trusted his practice and knew that Levi and I were there to answer any questions he had and give him the support he needed.

No matter your sport you must practice in every condition and every scenario you can imagine. You can

have the best equipment and the most expensive clothes but if you don't put in the work and have people that can help you, you will not be successful.

If you are an experienced trainer or coach, think about the person that is just getting started. Turn training days into training days not test days or tournament days. Did you have someone help you along the way? Be that person and help the people that are new to the sport.

Suggest they move up on marks and run the triple as singles. If it is a dog just beginning Seasoned work, have them move up, run a double instead of the triple on the marks but school it first as singles. On the blind, move them up and let them run it more than once backing up five steps at a time. Teach them how to run drills on land and water to help them and their dog learn to trust each other. Take a training day and just set up as many drills as time allows and just run land and water drills instead

of a test scenario.

Yes, it is really that tall! You have to climb a ladder to retrieve your arrow! This must be the same type of intimidation your dog feels at a 150 yard in and out water blind.

Shotgun seminar to teach ladies how to handle, shoulder and properly shoot a shotgun for hunt tests and wing shooting. It's an honor to share my knowledge with others. Their success is my reward.

If you have a member that comes to the line and both handler and dog have a meltdown, ask them to put their dog up for a few minutes or just move back behind a few dogs in line. Let that member run again and break down the steps for them to make sure the dog and handler are successful. At the end of the day, the newest member goes home feeling like their day was well worth the effort,

they learned some skills and their dog was successful. Hopefully, they will remember your kindness and pass it along.

Being able to share the sport of 3-D Archery with Chuck was special just as it is with my retriever training clients. I wanted Chuck to have a fun time and learn some new skills to help him be successful in the bow hunting woods. He is very aware of how much time and practice it takes to have the confidence to bow hunt. The same with dog training especially if you are a waterfowl hunter.

No matter the sport, you will get out of it what you put into it. Have fun at training days and spring hunt test and invest some time in the new members and the young dogs.

Until next time,
Keep your nose in the wind and shoot straight!

Our dogs give us 110%, it's our job to do the same for them and the people that handle them!

We've always got something going, whether it's retriever, coonhound, beagle, or another UKC-licensed hunting event. Make sure you check out our calendar to see what the next event is that you and your dog can attend, and we'll see you there!

TIMING IS EVERYTHING

Rich Carpenter | 22039 County Rd 9, Weldona, CO 80653
rich@theriverbottom.com

If the retriever has a wonderful entry but on a poor initial line to the blind, good timing would not have the whistle blown at splash-down. Similarly a dog about to enter real shallow splash water or dried cover is more likely to hear the whistle if blown just prior.

Way back in 1969 Jan and I got our first lab. She was 18 months old and was to be my first hunting dog; but she didn't have a lot of training. Actually none, but was wild about chasing a dummy. Jan knew we were in trouble when I let our new charge out of the crate at the airport and she promptly dragged me across the parking lot, leaving marks in the July sun-softened asphalt. Camy had arrived; well-bred from trial stock, but a hellion. She enjoyed fighting the water sprinkler and uncoiling the garden hose and then abusing it once she had it strung out. Well, not being much of a dog trainer, I wasn't having a lot of success ending that behavior. I'd find hose chaos in the back yard and grumble, swat and scold, but with no effect. No success, that is, until one day she forgot I was standing in the yard when she spied the hose coiled at the side of the house, got that devilish glint in her eye and moved into position to uncoil it. Lo and behold, she was tugging and backing right in my direction. I quietly slipped my belt out of its loops and waited. When she was in range, one bellowing "No!" and one swat and she permanently abandoned her hose uncoiling career. Ah, yes, timing is everything! Jan says that was one of only three things I ever really thoroughly taught her. I'd tell you about teaching her not to run away when I said come, but I'm not sure of the statute of limitations, in case I was responsible for the three anglers who died of laughter as the training took place before them in the lake where the stalk ended. (It ceased being a chase about a mile north of the lake and before she disappeared over the top of the hill.) Besides, the training method used doesn't appear in any of the books I've read. The third thing we won't go into, as I had the timing figured out; it just took me an embarrassing amount of time to get the thought and action coordinated to get her to stop jumping on me as she went by at Warp 10.

Enough war stories. Timing really is an important

ingredient in getting good dog work, whether it is timing in training or timing in handling our retrievers. Timing may be critical and need to be quick, almost reflexive, to get the desired results. This might be true in hitting the sit whistle when running a blind through a tight lane. Or there may be no real rush, as long as you are not too early or way too late in your timing. This might be the case in deciding when to move from hold to fetch in the conditioned retrieve table work. Unfortunately, timing can be negative instead of positive. For example, ill-timed praise or punishment may encourage the wrong behavior or extinguish the desired behavior. Similarly, failing to make decisions that keep the dog properly challenged can be detrimental by letting too much time go by without teaching the dog to learn and to develop its work ethic.

Early on in training a pup, we might time commands so the pup can begin to associate them with an action that it is starting to do on its own. For example, we may say "come" as the pup is starting to head toward us, or "sit" as the treat is moved back over the pup's head till it sits automatically.

If you decide to start conditioning your dog using an electric collar, timing in relationship to the spoken command, the action of the dog and the application of the shock is absolutely critical. Later this will still be important, both in getting the desired results and in avoiding negative results. These negative results can come from poorly timed electrical punishment that either is associated with a behavior you didn't intend it to affect, or that is administered when the dog has no idea how to turn it off. This is not a collar training primer; if you are thinking of using a collar, you owe it to yourself and your retriever to study collar use before you begin using it. And a detailed, formal conditioning program should be followed.

Whether you are handling the dog in training, in

hunting or on the line in a hunting test, timing can be critical to seeing the dog do the best work it's capable of and to have the best chance of either learning the lesson or achieving the desired goal, be it a bird or a ribbon.

Say you are teaching that pup or young dog to sit still while you walk away. You can back away from the pup a long way, and everything is fine and he's like a statue. Now you turn your back and walk away. Does the statue become mobile? You bet your best training whistle. Oh, sure, the pup probably sits back down as soon as you turn and notice him and say, "Sit," but by then, you've had a bit of slippage in your training, especially if you are at a distance. What if you had one of those little rearview mirrors that bicyclists attach to their glasses frame? Would a timely "Sit," just as the first paw begins to move, speed up this part of training? Besides, think of the benefit of your young canine criminal thinking you truly have eyes in the back of your head. Hey, if bicyclists have a useful tool, why not steal it? Using boat bumpers for retrieving worked out okay.

On a mark, if your timing is bad on the send-off release word, you may give it just as the dog looks in the wrong direction or looks back to the bird you had decided to leave until last. Likewise when sending on a blind retrieve, if you don't have your timing down, the dog may go a completely different direction than you'd intended (or hoped!) How long any dog will continue to look the correct direction is probably partly training and partly nature. But knowing how long your dog will target the desired direction before starting the radar going again is something you will need to get down just right for you to time your send command so you get the best initial line. Not only are you apt to get the bird quicker and with less handling, in a test, you're less likely to have the judge jot down "PIL" (poor initial line) on your judging sheet.

A separate issue is a decision on whether you give a verbal or non-verbal sign that the dog is looking the correct direction to freeze them before sending. But, whether you do this or send immediately when the dog

is looking correctly, the timing of the send is important.

Unless your dog is absolutely trustworthy to maintain a line on a blind with multiple water entries, good timing here would likely call for a quick whistle to stop the dog on the crest of the point and give a right hand back cast.

Timing crops up in a bit different fashion that you could argue is more sequence or cadence, but tends to disrupt good blind running and most often happens in the excitement of the hunt or a hunting test. Say, for example, you normally set up for and send for a blind retrieve with a relaxed "Heel," "Dead Bird," position the dog by leg or hand movement, put your hand down, "Line," and finally "Back." Double timing it through this sequence because the drake you just dropped is both a blind to the dog and rapidly floating out of your sight in the current can turn a potential decent blind into an outdoor carnival, particularly with a young dog.

Timing can be important in several areas, whether it be in when you say "Mark" or in when you choose to work the pump gun action as you swing to a second or third bird in a test. What the timing is, is not as important as that you be aware of how what you do affects the dog. Where that is a factor, try to keep the timing appropriate to the desired response. Should you experience an ejection or feed failure in the gun, the timing and location of the falls may determine how you react to this possible interruption.

Often timing is only part of the equation and the timing needs to be combined with some strategy and tactics as well as knowledge of your dog. For example, it may appear to be poor whistle timing to have your dog never break stride and yet execute a perfect right face maneuver to end up behind the point of cover, instead of maintaining their line beyond the cover. Timing the whistle may well have resulted in a sit with the dog still visible, but knowing the dog would determine whether or not you felt a whistle would be needed as well as being able to predict how long it takes to stop your dog. Strategy might be going into that blind saying, "I don't think the dog will hold the line. I'll hit the whistle just before, then follow that with an opposite-hand back to get the dog to turn away from the cover." Tactics are more selecting

alternate responses on the fly than advance planning, and as soon as that opposite-hand back command doesn't work, tactics will determine how you successfully break the momentum toward the cover and get the dog headed the right direction. Without a timely whistle, any further application of tactics may need to wait until you can again whistle your dog into sight.

Now if my reflexes were as fast as the trail cam's shutter, I might get by occasionally with my whistle under two layers of coats!

Timing is relative to the dog in many handling situations. If you have a dog that is not very fast, you may have more time to spare to get the whistle into action. If you have a burner, not starting with the whistle in your mouth may prevent you from starting the blind handling anywhere but deep in a hole.

Timing a cast before a dog builds up a full head of steam may be important if the dog is not quite as reliable at sitting and casting as you'd like.

Timing is also dependent on reading the suction and seeing if you can determine where the critical points are. While we need to know our dog and its response to different situations, we also need to look at what's in front of us. If the suction is to the left and 90 percent of the dogs have been affected by it at the same spot, we are probably dreaming if we don't allow for the fact that our dog will probably also suck left right about there. If we also notice that every dog that was allowed to suck left beyond a certain point was dead in the water and had to be picked up, then we better time our whistle (knowing our dog's response time) and casts such that we have time for a cast or three before our dog, too, is swept over the falls.

When running swimming water blinds, it takes more room for a dog to stop its motion and come around to face you than it does on land. Also, for many dogs, it isn't a full stop; there may still be a bit of drift or constant movement. Timing the cast so that the dog sees it is obviously important, but also try to cast when there is the least movement. If there is some movement, execute the cast when that movement will match the cast and help take the dog in the direction away from trouble. If your dog is pretty reliable in turning differently for a left

hand back than a right hand back (whether straight back or angle), it's going to be tough to comply if you time your cast when the dog is in motion the opposite way. Speaking of turning at the whistle, many dogs always turn around the same direction. It is good to note which direction this is if your dog is one of these. This way you can time your whistle so that coming around happens soon enough that the act of stopping and turning doesn't put it right into the cover you are hoping to cast the dog past. Even if you know your dog always turns to the right on the whistle, and the cattail point is on the left, timing your whistle to make the handle in safe water is a good idea. One corollary of Murphy's Law states: "A dog will always turn around the same direction at the sit whistle, unless turning the opposite direction will put it out of sight in cover."

Picking the points where timing is critical is always easier from the gallery than from the line, but converting our gallery wisdom to proper timing when we are on the line is crucial to a good performance when the chips are down. It doesn't come easy or always.

Do you time your whistle so the dog has the best chance of hearing it? Again, planning and execution are intertwined, but the dog's being able to hear the whistle is easier in low grass before the dog starts into the noisy dead cattails. A whistle while the dog is swimming is easier to hear than when the hard-driving dog hits the splash water. Plan it and execute your timing.

Timing the second whistle may be more important than timing the first if we do not get the desired response on that first cast. If we are really focusing on the dog (and are honest with ourselves), there is an instant that we know the dog is not taking the cast we gave. With the whistle in the mouth and lungs full of air, we are prepared to properly time the second whistle blast. And the proper time to blow is immediately, not after the dog has progressed 20 yards in the wrong direction! If one trains using attrition (an excellent low-stress tool) in that fashion, it becomes doubly important to keep that same timing in hunting or test handling. Mind over matter is a nifty thought, and makes for some good TV viewing on magic shows. However, you might have a better chance bending that spoon with brain waves than willing (or wishing) the retriever to the bird on a blind retrieve. Hoping a bad cast turns into a good one has an extremely low success rate. Nevertheless, most of us use that technique far more than we'd admit to. It may be we are reluctant to burn too many whistles, or afraid the retriever will not sit. Yet, in reality, a quick, well-timed whistle may prevent several wasted whistles later, followed by too many cast refusals.

Determining your timing in swinging to the next bird is extremely important in assisting the dog to mark birds thrown in hunting tests. It is important in hunting as well, but, by nature, hunting is more unpredictable and you may not be able to help your dog with proper timing. Proper timing in swinging to the next bird has to do

with giving the dog time to mark the current bird down accurately but still giving the dog time to come around to the next bird if the swing is very wide. At the same time, coming around too soon may not help the dog if it sees nothing and begins to look in other directions when the bird does come out. Of course perfect timing is for naught if we've failed to teach the dog to mark off the gun.

Anytime, but especially with a poor background, on multiple marks when cycling the pump shotgun and swinging to the next bird, we need to be sure the dog can watch the bird all the way to the ground.

If you use a verbal cue to alert the retriever to a bird about to be shot, in hunting or a test, the timing of that cue with respect to the shot is important and can be critical to the dog getting a good mark, particularly on a bird that appears suddenly as in hunting or as in a walk-up in a hunting test. You cannot depend on the predictable appearance of birds over the duck blind and you can't depend on the intended timing of the throws in a test to be just that way when you run. Nor can you expect wild birds or test throws to replicate your idea of a "nice cadence" for throwing the three birds of a triple. Nope, not going to happen. What you're left with is the importance of cues and their timing. Of course a good marking dog with full-on radar and great peripheral vision is great, but not all dogs have that and even if they do, they may need your help in certain conditions.

Do you hunt upland or run upland tests? If you don't hunt or run tests with your whistle in your mouth, you best work on your timing of getting it there when that retriever's tail starts showing bird. Maybe your dog never breaks and you don't need that whistle to time the sound right at that first unwarranted movement at the shot. Sure!

Just as there are points of no return in the face of various hazards on the way to blinds, there are balance points in steadiness in other areas of hunting and testing. The previous upland example would be one. Creeping or breaking on marks are others, whether it be on a retrieve or on an honor. Depending on the level test you are running, a quick whistle may leave you with the markdown of a controlled break, but still in the ball game. A full break not only will cost the test ribbon, but in training often sets back the control progress and disrupts whatever else is being worked on. Often a sequence of movements will precede a break. What the movements consist of may differ from dog to dog, but may include shifting the upper body forward and intensely lowering the head as the bird goes up and then front feet prancing as the bird is in the air and finally the butt coming off the ground just before the break. Timing of a whistle, a "sit" command, a collar nick or tap with the heeling stick to interrupt the sequence early can sometimes help in controlling or preventing a break. We're talking of the occasional break that almost any retriever will be guilty of, not the confirmed breaker.

If you are just starting out, ask those around you with some experience what timing mistake they make most often and what timing mistake they see made most often. Chances are the answer will be "blowing the whistle too late in handling on a blind." In fact, I don't remember the last time I or another handler muttered "Dang, I wish I hadn't blown that whistle too soon!" If nothing else, commit to running blinds with the whistle in your mouth from the start, tongue blocking the opening and a full head of pressure ready to cut that sound loose immediately. Timing, remember? With a fast dog, you may not have time to take a breath.

Well, good luck with your timing. While perfection is impossible to achieve, most of us can improve significantly by giving some thought and focusing on our actions and our dog's reactions as we train, as we hunt and as we run tests. Achieving excellence is an appropriate goal. Certainly if the handler's timing is right on, it improves the odds of the dog doing the job as best it can for its level of ability and training. 🐾

As that rooster pheasant goes cackling off when flushed by the retriever in an upland test, unless absolutely sure of your retriever's steadiness to wing and shot, hopefully the whistle is in the mouth ready to blow quickly.

The 2024 UKC/HRC International SPRING GRAND

April 20 - 24, 2024

The United Kennel Club / HRC International Grand was held April 20 to April 24, 2024 in Omaha, Georgia hosted by Old South HRC. At the close of entries, 825 dogs entered. Of those entries only 785 dogs were called to the line to start on day one with the hope of obtaining a Grand pass. After five series of tests, 189 dogs earned a pass and 29 of those retrievers had the distinct honor of earning a new title, Grand Hunting Retriever Champion. Along with 25 retrievers that obtained their second Grand pass, but were just shy of required points for their Grand Hunting Retriever Champion title.

The Old South HRC members had put in several hours of planning along with the hard work and dedication to host a great event. Many thanks to Renee Archer, Local Grand Chairman. Special thanks to Diana Peacock, Diana Lacase, Karen Norris and Luella Reed, Local Grand Secretary's; Rita Johnson, Local Grand Treasurer; Glen Noble, Site Coordinator Chair; Lori Greer, Jolynn Olson, Erica Wilson, Nathan Bortolotti, and Randy Pruitt, Grand Public Relations, and all the members of Old South HRC and all our other Grand Committee members.

Special thanks to the WC Bradley Farm owners, The Bradley Family, Farm Manager Dan Fletcher, and Farm Operations Manager Derek Lynch. Along with all the WC Bradley staff for all their preparation and attention to detail and hospitality.

As many hours were spent preparing for this event by Old South club members and Tracy Stubbs, Grand Chairman. Tracy was able to step away from being our leader during the event and let Grand Committee co-chairs, Jimbo Earls and Dean Roy guide the team and work alongside Old South. It was an exciting time for everyone to see Tracy walk to the line with dog #137, call name Cane. Thank you for putting your trust in the team and trusting the event would be a success.

We kicked things off with morning set up onsite and at headquarters with Glen Noble and field/site coordinators unpacking trailers, organizing equipment, and ensuring all Garmin electronics and Gunners Up wingers are ready for the field. The day also started out early with the Old South club members and Grand Committee members preparing for check-in at headquarters by putting up sponsor banners and directional signs guiding traffic to assist handlers with locating test sites throughout the grounds. Grand Secretaries and the public relations committee members putting together Purina handler bags with Purina Pro Plan dog food, along with various other items provided by our national sponsors. The team also organized raffle items for ticket sales and online raffle bidding. While the hunt field coordinators and club members cut brush, built platforms and various other items needed by the judges and Grand hunt committee to ensure all sites are ready to go on day one. Work continued until well after the last volunteer had left headquarters site.

Check-in arrived, as the handlers, spouses, dog owners and spectators arrived and made their way through the check-in process. First greeted by the Grand Public Relations team selling raffle tickets, handing out Purina dog food, then proceeded to legacy sponsor Garmin, and around the bend, the handlers met the Grand Secretaries with a smile as they made their way through the drive through check-in.

We had a rocky start to day one, the area had some bad weather roll in dropped several inches of rain and storms. This presented some challenges for all. We can't thank the WC Bradley family, Old South club members, committee members and our handlers for coming together and helping each other and most importantly, we all stayed safe.

Congratulations, to all those handlers, owners and retrievers for a job well done passing the Grand and congratulations to the new 29 Grand Hunting Retriever

Champions and 17 new Hall of Fame retrievers.

Prior to the start of the lineup a test briefing was provided by the judges. They covered several housekeeping rules. Judges and flight marshals provided instructions at each location regarding designated parking areas and to be respectful, pick up after yourselves, leaving the property better than it was found. Judges additionally covered HRC camo clothing policy, rules of sitting in designated gallery areas, and the importance of gun safety along with the mechanics and objectives of each portion of their test.

Camouflage Clothing Briefing

As it states on page 7 of the UKC/HRC rulebook, clothing worn in retrieving hunt tests by judges, hunt marshals, gunners and handlers must be full camouflage, in colors suitable for waterfowl hunting including: Upper body: shirt, blouse, coat or jacket. Lower body: shorts, pants, skirt, or waders. Optional head coverings: hat, visor, netting. Sleeves of handler jackets must be rolled down, so no white is showing. The judges ask that all hats may not be removed during any portion of the test.

Designated Gallery Areas

Judges ask that the gallery stay behind the yellow ribboned areas or areas marked with a gallery sign. The gallery should remain quiet and respectful of the dogs and handlers in the field as the tests are running to include parking lot areas. Silent cell phones and keep movements to a minimum while a dog and handler are at the line.

Gun Safety Briefing

HRC Shotgun/Firearm Safety is addressed for the Grand level starting on page 52 of the UKC/HRC rulebook. Most sites will be using a Remington 870, 12-gauge shotgun for the duration of the Grand. If any handler brought their own/personal gun they were instructed to notify the judges or the Grand committee member prior to coming to the line. The provided personal gun will need to be checked for proper operation prior to the test and will be placed at the line upon the handler's arrival.

There are three important parts to the gun - muzzle, breach, and mechanical safety. Always make sure the muzzle is pointed in a safe direction and at only what you plan to shoot. Pointing the muzzle at anyone or your dog at a test could result in an immediate disqualification. When returning the gun to the gun stand, the judges are looking for the breach to be open and the mechanical safety on. If the gun is placed back in the rack with either the breach closed or the safety off, you will receive a gun warning. If the gun is returned with the safety off and the breach closed, handler and the dog running will be disqualified. Please let the judges know that the gun is open and safe.

- Proper loading of the gun at the line. As the handler is loading the gun, make sure it is pointed in a safe direction. Judges direct handlers to place the gun on their leg with the muzzle pointed upward when always loading the poppers.
- Proper shooting form. As the test begins, demonstrate

proper shooting form (as discussed beginning at the Seasoned level as stated starting on page 40 of the UKC/HRC rulebook - gun stock should be in contact with the shoulder, aim track and shoot the bird at the top of the arc. Do not take off the mechanical safety until the handler is ready to fire and the birds are in the air.

If at any time during the test, if the dog creeps out in front of the gun barrel, shoot straight up in the air. The handler may follow the bird to the ground but must return the gun above the dog's head before swinging to the next bird. Pushing or pulling the dog with the gun will be a gun safety issue. If the handler has a gun issue, please let the judges know, but continue the test. Make the gun safe and one of the judges will take the gun from the handler and clear the gun as quickly as possible. The judges are the only people that may stop a test.

Blind—Challenge The Line!

The retriever will be lined up directly in front of the Banded chair to run the blind. Judges are looking for Grand level control to this blind. Prompt and precise responses to all hand, voice and whistle commands. Judges are looking for progress to the blind or back to the handler. The quickest route to the blind is a straight line. Judges ask that you challenge the line to the blind and handle all the way to the bird. Receive your retriever at the working line.

Honor—Working As A Team

The honor retriever is expected to be positioned so that it can see all three marks thrown and its view of the hunting test is not obstructed. The honor retriever is expected to be in a sitting or standing position next to the handler once while starting the test from the honor position. The honor retriever will be released by the judges once the working retriever has left the line. Once released the honor retriever and handler will exit the test. The honor retriever will remain under judgement until it is placed on lead.

Diversion—Incoming

Generally, a diversion is thrown after last mark retrieved bird or on the way back from a blind retriever, a diversion bird will be thrown. The bird will come from a Gunners Up winger to one side of the working line. If the retriever switches on a diversionary bird thrown on the return from a retrieve, the test will be failed. The purpose of the diversion portion of the test is to require the retriever to demonstrate control on the return. The Diversion bird must be shot. Remember to use proper shooting form.

Test Objectives

Judges evaluate the retrievers for Grand level control at the line as well as marking and memory.

- The handler and retriever should walk obediently to

the line, sit obediently, and exhibit an attentive attitude without unnecessary and excessive commands.

- When the handler and retriever reach the “working chair”, settle the retriever and prepare to load appropriate number of poppers.
- The retriever’s ability to proceed directly to the area of the fall, establish a hunt within the hunt area and return the bird to hand without aid from the handler.
- If, at any point, the retriever fails to meet the objectives of marking and memory, the judges will ask the handler

to handle their retriever to the bird. At this point the marking and memory portion for that bird has ended and the handler will then be judged on control.

- If the judges ask a handler to handle their retriever to a bird, do so immediately.
- Once a handler begins to handle on a bird, the judges expect Grand level control, and the judges expect that the handler will handle the retriever all the way to the bird.

Purina Land Test

Judges: Billy Carey, Deer River HRC & Wilson "Boogie" Lejune, Lake Charles HRC

Grand Committee: Mike Botts
Site Coordinator: Sean Houtekier
Public Relations: Lori Greer
Honor & Blind: 118 yards.

Marking & Memory, Mechanics:

After loading 3 poppers, the handler will use a duck call to begin the marking part of the test. Please call loud and clear. Honor handler will shoot first bird down. Honor handler will be excused by judges when the working retriever has left the line. When the duck calling has ended, the first bird will be thrown.

Mark 1 will come out from (left) Left to Right and land at 105 yards.

Mark 2 will come out from (middle) Right to Left and land at 106 yards.

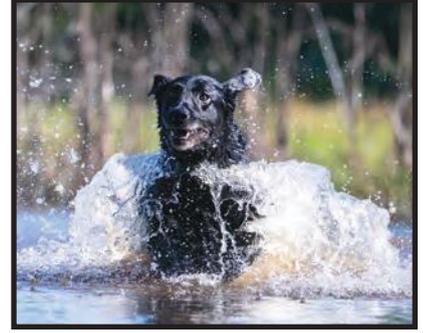

Mark 3 will come out from (right) Left to Right and land at 171 yards.

When the third and final bird has clearly hit the ground, you can release the retriever for the retrieve.

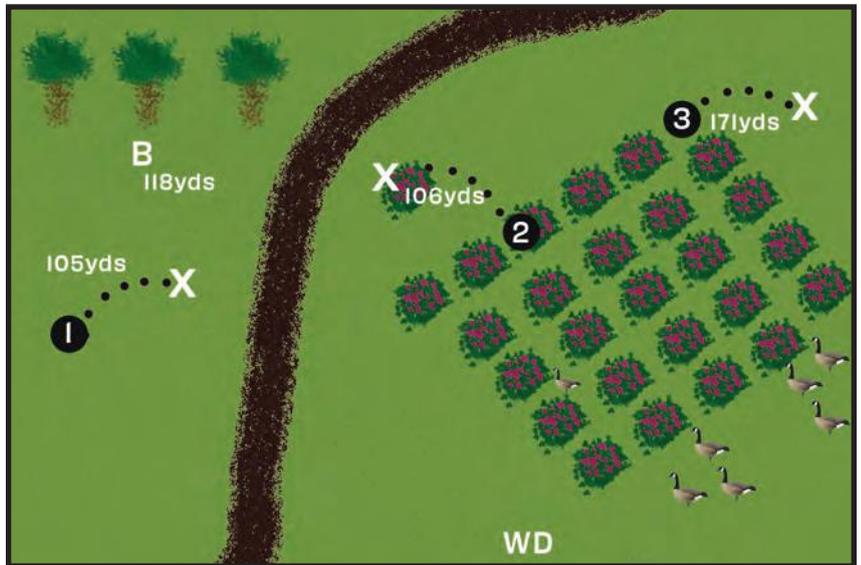

Pick the birds up in any order and place all birds in the bucket behind the chair.

Gunners Up Land Test

Judges: Benny Landry, Cajun HRC & Phil Magnuson, Yankee Waterfowlers HRC
Grand Committee: Chris Fontenot
Site Coordinators: Darrell Day & Butch Gandy
Honor & Blind: 142 yards.

Marking & Memory, Mechanics:

After loading 3 poppers, the handler will use a duck call to begin the marking part of the test. Please call loud and clear. Honor handler will shoot first bird down. Honor handler will be excused by judges when the working retriever has left the line. When the duck calling has ended, the first bird will be thrown.

Mark 1 will come out from (left) Left to Right and land at 51 yards.

Mark 2 will come out from (middle) Right to Left and land at 131 yards.

Mark 3 will come out from (right) Right to Left and land at 134 yards.

When the third and final bird has clearly hit the ground, the handler can release the retriever for the retrieve.

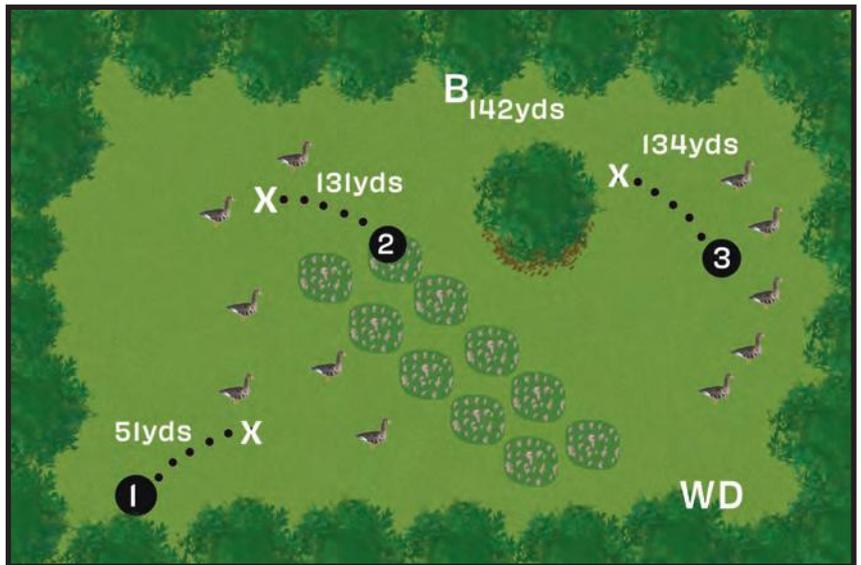

Pick the birds up in any order and place all birds in the bucket behind the chair.

Priefert Ranch and Rodeo Land Test

Judges: Tim Soucy, Guns Up HR & Randy Crable, Colorado River HRC
Grand committee: Ken Reinert
Site Coordinator: Larry & Melissa Fyffe
Honor & Blind: 142 yards.

Marking & Memory, Mechanics:

After loading 3 poppers, the handler will use a duck call to begin the marking part of the test. Please call loud and clear. Honor handler will shoot first bird down. Honor handler will be excused by judges when the working retriever has left the line. When the duck calling has ended, the first bird will be thrown.

Mark 1 will come out (middle) from Left to Right and land at 171 yards.

Mark 2 will come out from (right) Right to Left and land at 134 yards.

Mark 3 will come out from (left) Right to Left and land at 105 yards.

When the third and final bird has clearly hit the ground, you can release the retriever for the retrieve.

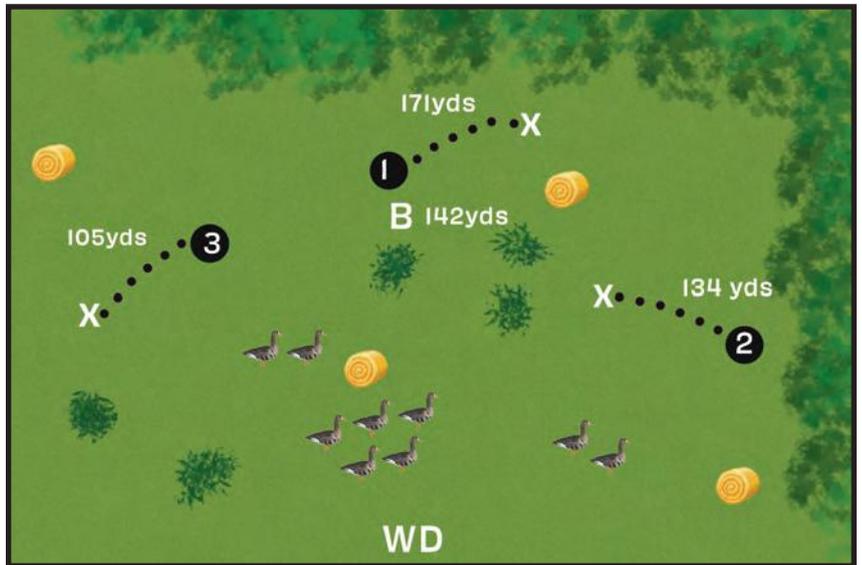

Pick the birds up in any order and place all birds in the bucket behind the chair.

Bradshaw Sporting Dog DVM Land Test

Judges: Brett Van Hafettan, Big Elkin HRC & Dana Giovannello, Pin Oak HRC
Grand Committee: Royce Meyenburg
Site Coordinator: Waylon Fredrick
Public Relations: Lori Greer
Honor & Blind: 144 yards.

Marking & Memory, Mechanics:

After loading 3 poppers, the handler will use a duck call to begin the marking part of the test. Please call loud and clear. Honor handler will shoot first bird down. Honor handler will be excused by judges when the working retriever has left the line. When the duck calling has ended, the first bird will be thrown.

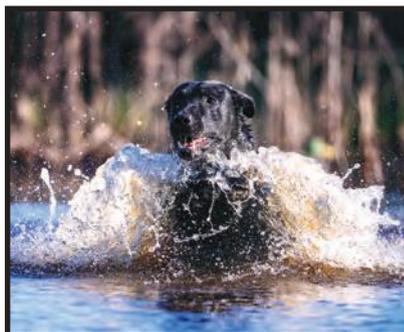

Mark 1 will come out from (middle) Left to Right and land at 160 yards.

Mark 2 will come out from (left) Right to Left and land at 134 yards.

Mark 3 will come out from (right) Left to Right and land at 115 yards.

When the third and final bird has clearly hit the ground, you can release the retriever for the retrieve.

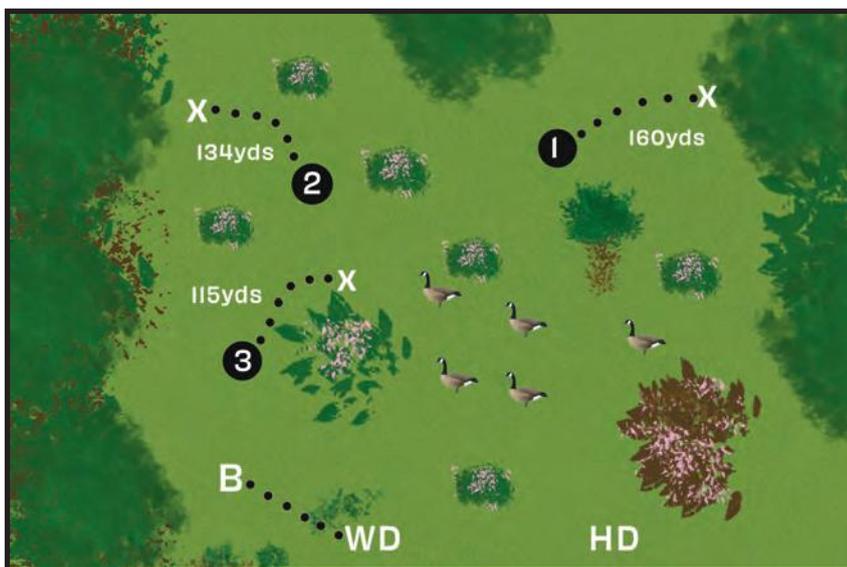

Pick the birds up in any order and place all birds in the bucket behind the chair.

WC Bradley Water Test

Judges: Tony Schumann, Inducky HRC & Brenda McClendon, Southwest Georgia HRC

Grand Committee: Kevin Hannah

Site Coordinator: Russ & Kelly Dussett

Public Relations: Nathan Bortolotti

Diversion & Blind: 93 yards.

Marking & Memory, Mechanics:

After loading 3 poppers, the handler will use a duck call to begin the marking part of the test. Please call loud and clear.

When the duck calling has ended, the first bird will be thrown.

Mark 1 will come out from (left) Left to Right and land at 54 yards.

Mark 2 will come out from (right) Right to Left and land at 54 yards.

Mark 3 will come out from (middle) Right to Left and land at 50 yards.

When the third and final bird has clearly hit the water, you can release the retriever for the retrieve.

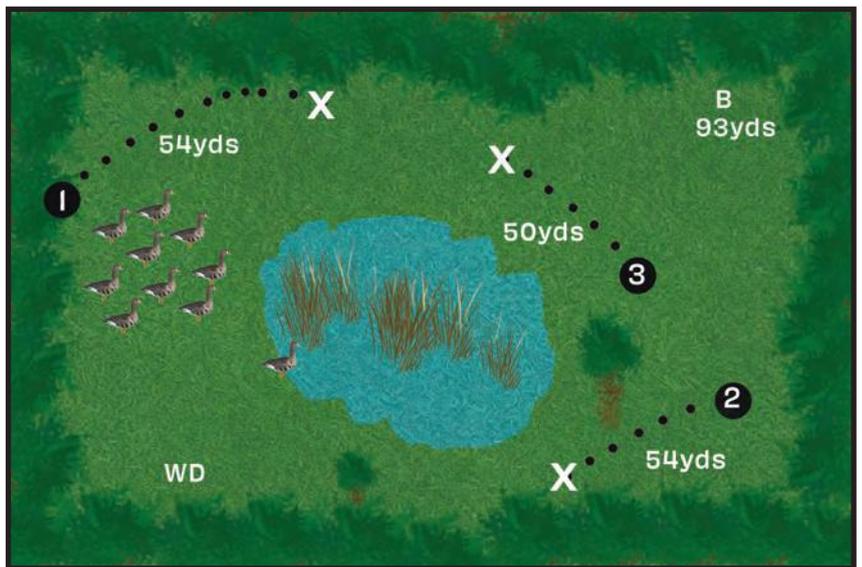

Pick the birds up in any order and place all birds in the bucket behind the chair.

Upland Test

The Upland portion of the Grand was held in a large clover field with chucker's as the game of choice. Four stations ready to receive handlers and retrievers, directed by site Old South marshal. Grand Co-Chairmen, Dean Roy and Jimbo Earls directing each station with the green light to proceed. With a handshake and good luck, two handler/retriever partnerships walked side by side into the field for the walk up. The working retriever was sent for the walk-

up, and upon delivery of the bird, the honoring retriever moved back to the holding blind. Working retriever then proceeded down through a line of National Sponsor tents to the next station to quarter through the field to complete the flush and steady to wing and shot provision. For 189 handlers the judges and committee members shook hands, gave hugs, and celebrated with each retriever as they received their pass.

ATTENTION, ALL HRC CLUBS!

If you would like to have your club report included in the Region Reports section of HUNTING RETRIEVER, please follow these guidelines.

- First and foremost, be aware of the magazine deadlines. Each Public Relations Representative must observe the magazine deadlines, so make every effort to get your material to them well ahead of each deadline. They will need time to compile all the club reports into one document, so don't wait until the last minute to send or e-mail your information to them.
- The deadline is the 15th of January, March, May, July, September and November (or the next business day thereafter if the deadline falls on a weekend or holiday). That is the final date the material must be into the magazine, therefore, ideally, all club reports should be received by the Representative no later than the 10th.
- Any club reports sent directly to HUNTING RETRIEVER magazine, bypassing the PR Rep, will be returned to the sender.
- If your club is not going to submit a report, be sure to let the Representative know so they are not waiting on it.

- Very Important! If you are emailing photos, please send each one as a separate attachment, and please supply photo captions for each photo. Please don't embed the photos in your text document as this changes the values of the photos, making them unusable.
- Please don't alter the photos in any way - including changing the file size or the resolution, and cropping. Please remember that all digital photos will reproduce at the same resolution at which they were taken. A photo taken at a low resolution photo will remain "low res" even if it is "bumped up."
- Please furnish clear descriptions and/or captions for all photos.
- *If the photos were taken by a professional photographer, written permission to publish must have been obtained, and a photo credit must be included.
- Region Report Content Guidelines: The following can be included in the Region Reports: Hunt test descriptions; hunt test photos (group pass photos, for example); items that will be of interest to all national members; photos that relate to the report.
- Please proof all of your material before sending it to the Public Relations Representative.

Ottawa Valley HRC - Submitted by Rod Stoddard.

Ottawa Valley HRC Thursday training night has begun, and turnout is great.

Welcome all new members and their retrievers. If you have a family member or a friend in our area that is looking to check us out, please show up at ski hill or reach out to me. Our hunt test is scheduled for June 22 to June 23, and the premium is posted on HRC dogs. We are looking forward to hosting you all. A special thanks to Mount Pakenham Ski Hill (Andrew) for allowing us to use the hill for Thursday nights and our hunt test.

Dogs are looking good, now that training is well on its way. They are looking forward to working throughout the summer at the hunt test in Region 1. We look forward to seeing many of you in Lake Ontario on June 1, to start the year off.

Until then, cheers and happy training from Ottawa Valley.

Sadie meets her brother at Thursday training.

Cooper and Sadie.

Luther Marsh HRC - Submitted by Erica Wilson

Well, we are back at it again. We had an amazing time at our upland test on April 13. We had a great turnout, with 15 dogs running test A

and 12 dogs running test B. Upland is always a fun and exciting time for our club members and their dogs. Live flushes and the excitement from the dogs and the handlers are just something to watch and enjoy. Thank you to our judges and club members who make Luther Marsh HRC an exciting club to join.

Our spotlight this month is Sue Snow. She has been an avid club member for years. She continues to attend club training days, club meetings and tests. She also owns and runs our local training equipment store. She is always willing to talk with new club members or people considering joining the club. With her years of dog training experience and commitment to the club, she is an amazing asset to the Luther Marsh Club. Thank you for everything that you do, Sue!

Our 30th anniversary hunt test is well on its way for August 10 and August 11. We are over the moon to have some great land, great food, and a great raffle table. Our premium is posted for you, and we are ready for entries. We will be offering lunches for purchase, and we will have a huge Saturday night dinner with an amazing raffle table. We look forward to seeing you all there.

Remember, everyone is welcome to join us at a training day. We get together once a week for training. If you want to join us, please email us at luthermarshhrc@gmail.com or look us up on Facebook at Luther Marsh HRC.

Lake Ontario HRC - Submitted by Coady Melvin.

Warm weather is upon us, and everyone has been excited to get in some water work with their dogs now that temperatures allow it! Anticipation and nerves are building as our 2024 HRC hunt test quickly approaches on June 1 and June 2. Rob Monico has done an excellent job making sure tables will be filled with amazing donations and raffle prizes. The board is working hard to align so the tests go off without a hitch. Our club has been holding training sessions every

three weeks and would like to give a shout-out to Jim Newton, Troy Dobson, Sonya and Anna for holding successful training days and allowing club members to train on their property.

Conner Wilson and Mikayla Freeman have been working on obedience with their new pup, Millie, hoping to have her ready to run her first test this fall and preparing to run Trigger in Seasoned and obtain his HR title, as well as doing the majority of preparation and organizing for our June hunt test. Their hard work and continued dedication towards the club are greatly appreciated by all and not unnoticed.

Dave James and Wilson had a very successful hunting season, including a trip to Manitoba, where Wilson shone bright, learning how to pick up sandhill cranes. Dave and Wilson will attend training sessions with the club this summer to stay sharp for this fall.

Craig Biasi and Maverick have already had a successful year thus far, doing the club proud with a second-place finish at the Toronto sportsman show trial, an Upland hunting title, and successfully competing in the first field trial event of the season. These two rockstars will attend as many training days as possible and continue their run to greatness into the fall when it is time to pick up birds.

Essex HRC - Submitted by Curtis McFadden

Essex has been working hard to prepare for our hunt test in July. The weather is finally warming up. Club members are getting out and about and have started training on water. As some of you know, water work can be hard in the spring, but with the warm weather lately, we have been able to get out and get some water work in with the dogs.

We hope to see you in July!

Nickel Belt HRC - No report submitted.

Georgian Bay HRC - Submitted by Ben Leger.

Georgian Bay HRC has had a busy spring so far. The club assisted Georgian Bay Shed Dogs, which hosted its annual spring UKC Elite Shed Dog Series event on April 19 to April 21. The event had over 40 dogs/day for three days!

On May 4, GBHRC kicked off their training season with their annual "fun day at the farm," led by members Jaimee and Ryan (pictured) at Anna's farm; big thank you to them. Thank you again to Anna Morrison-Scott for letting us use her property for this training day. Thank you to all other members and volunteers who pitched in to help.

The day attracted members from numerous other HRC and retriever clubs, and it was great to catch up and have awesome weather to kick off our training season!

Conowingo HRC - No report submitted.

Granite State HRC - submitted by Jeffrey Enos, President.

There has been so much activity these past few months it's difficult to know where to start.

The club held an upland training day to get members a taste of the upland test. It seemed to have been beneficial. On May 4 and May 5, the club hosted an upland test. Two dogs achieved Upland Hunter titles, Kevin and his dog Remi, and Jeff and his dog Whiskey. There was also a new Upland Hunter Champion crowned, Loosi, adding to her titles. A few other club members earned passes without titles, but they all showed potential. Thank you to Todd for gunning both days, Penney for marshaling and Jim Cropsey for planting birds.

John Truver judged all four tests and is now a licensed upland judge. He did an excellent job, thanks also to his co-judges Phil, Jill and JoAnne.

Loosi, Whiskey, and Jeff also attended the Spring Grand in Georgia. Whiskey came up short, but Loosi earned another pass for her sixth time.

Guns Up HRC - submitted by Roxanna Gould.

It is still cold and rainy here in Maine, but we are planning our first training day, rain or shine. Plans are getting underway for our annual hunt test. We will have two regular hunts and four upland hunts. If you aren't doing anything on the long weekend this month, join us.

Hudson Highlands - no report submitted. Bob Tunney, President.

Lake Audrey of South Jersey HRC - submitted by LuAnn Riebel, President.

Lake Audrey HRC recently had its spring hunt test on April 20 and 21; it was amazing!

We had 194 dogs run for the weekend. We have never had that many dogs entered before. We had so many newcomers to the hunt test who ran a dog who wanted to learn what the HRC is about and to have fun with their dog and learn what it is to be a team. As one judge said, "They just kept, coming and coming and coming!" We handed out so many ribbons for passes and titles. Those included members Bob Wethman, titling his dog, Charolette in Started; Cameron Green, titling his dog, Onyx in Finished and his dog, Josey, a pass in Seasoned; Bob Von Suskill, getting a second pass in Seasoned on his dogs, Storm and Gauge. It was a great weekend for Lake Audrey members. Congratulations to all of you, including all handlers who passed or titled their dogs. The tailgate party and our raffles were a big success. I want to thank those who worked or donated to our test, tailgate, and raffles. Without you, our test would not have been a great success. It was a weekend of great dogs, great people, great tests and great food. A big thank you to Blue Springs Kennels, Inskip Antler Club and WMA for the use of their properties.

Coming up on our calendar of events, Lake Audrey will be having their club picnic on July 13, a day to kick back and have some fun with friends.

We have already started planning our fall hunt test. This will be Lake Audrey HRC's tenth anniversary! We hope to see many of you there to help us celebrate!

Long Island HRC - submitted by Paul Scheno, President.

Our spring hunt test is in the books, and club members again made the most of it.

The club experienced a first with the youngest handler we've ever had come to the line. Cara Cunningham, granddaughter of our club president, at just seven years old, handled Sue Carpenter's dog, Powder to a Started ribbon and then ran both Powder and Amie to success on Sunday. The weeks of training paid off, and we couldn't be more proud!

Another junior handler who had a successful weekend was Richie Schwenker and his Boykin, Morgan. What a great team!

Thank you to all the workers and the judges who made the weekend possible. Thank you to all the handlers who chose to spend the weekend here with their dogs and with us.

The club would also like to acknowledge Eli, HRCH UHCH McChips Christmas Morning Ambush MH, who, with another Upland pass this weekend at the Granite State Upland test, joined the HRC 500-point club ranks. Congratulations on reaching this major milestone.

Cara and Powder showing off their ribbons.

We've had an active spring here at ECHRC, with members training and running tests throughout the region. Our club's spring test in March was a success...we were blessed with good weather and great dogs and handlers.

Notable recent achievements among our membership include:

- Jeremie Lovejoy and his dogs Tonka and Dixie are GRHRCH following their successful week at the Grand. Also, note that Jeremie was able to get a first pass for his dog, Heidi.
- Eric Mangum and his dog Griffin completed his Seasoned title.
- Will Webb's dog Pearl is now HRCH following a successful outing at the ECHRC test. Thank you to John Ross Peedin for handling her!
- John Ross Peedin and his girl Dixie earned their HR title.
- Logan Benninghoff and HR Lil Mar Baxley of the Ridge earned a Seasoned title.

As Spring turns to Summer, so does our attention and focus on what we have planned for our upcoming Fall test in September. Stay tuned; it should be fun!

The spring hunt test season has come and gone. Our members hit the road with their dogs and put all that training time to the test, chasing titles and ribbons. It was good seeing all of their hard work pay off as they added some new titles to their dog's name.

The Grand was a great time, as always. Still, on edge the whole time because in the back of your mind, you keep thinking about all those times in training or at a test where your dog did this or that, and you're just hoping that none of that shows up for the next four days. Not a good time for a dog to have a *dog* moment. At

the same time, you know what your dogs are capable of, and that's why you're at the Grand. But anything can happen. Handlers always say at the Grand, "You can get through the Grand without having any luck. You just can't have any bad luck!"

I was very blessed this Grand to get Tonka and Dixie their GRHRCH titles. They both ran extremely well.

Now, we roll into summer, trying to get our dogs better and become better handlers before the fall test season kicks back up. Keep in mind that the rising temperatures put your dogs at risk of heat exhaustion or heat stroke by pushing them too hard. Make sure you keep them hydrated and keep a close eye on them. Floating their food in water helps provide them with more water intake, and I highly recommend doing that during the summer if it's something you're not currently doing.

Have a safe and fun summer.

Etowah HRC - submitted by Eric Ingram. Melissa Dobson, President.

This has been a busy spring for Etowah HRC, starting with our joint Upland Quad with the

MidSouth Boykin Spaniel Club, club training day in February, and then holding our spring test in Rome, Georgia, in March. Our spring test had four full Finished Flights, a full Seasoned flight, and a great turnout for Started. The weather was great, as was the dog work. Thank you to all the judges who came to judge, all the club members who pitched in, and the Adairsville FFA group that always does a great job for us.

Hunt test season in this part of the country is starting to wrap up until the fall, but several members will be traveling to venues further north to continue chasing points and ribbons. We'll also be planning our training days and summer club picnic. Club members, look for those announcements via email or on our Facebook page. Looking forward to seeing everyone again soon!

Hello, from Middle GA. Spring test season has come and gone in Georgia temperatures are gradually heating up, and all the pitfalls for spring and summer training are creeping up. We have snakes and gators, and having to keep an on our dogs, making sure they don't overheat.

Middle GA was well represented at the Spring Grand, with several dogs getting passes and earning their titles. We also have been competing in the SRS with success there. Keep an eye on social media for our summer plans. See you all in the fall, hopefully sooner.

Hello, retriever lovers!

We are resting up from hosting the Grand in Omaha, Georgia! We hope all enjoyed it, and while it was a lot of work, we feel like it ran smoothly! We want to thank the helpers and the landowners for allowing us to host the event! I am sharing a few pictures of club members who ran their dogs and clients' dogs in the Grand!

We will have some training days in the near future and be running tests that we can find before it gets hot in Georgia! We hope to see y'all soon!

Hot, hot, hot, that's where we are in central Florida! The tests that are in our area of the country have pretty much come to an end for this season due to the heat.

Several of our members made it up to Taylor Farm Kennels and Chesapeake Plantation Outfitters for the Coastal Empire test, which was the last one right before the Grand. Congratulations to those who earned passes. And a huge "thank you" to the landowners, club members, volunteers and bird techs who worked hard during the weekend.

The Spring Grand in Omaha, Georgia, was once again well attended by our club members. Carol Caito and Frank made it to the second series, and Karen Porter and Soda made it to the

third. Caroline Davis and her dog, Tuff made it to the fifth series. Congratulations to Melissa Grant and her dog, Johnny on getting their third pass, and to Clint and MK Beaty on getting their third pass, earning his GRHRCH title with Carter Turner. And a huge shout out to Ray Caito and Traeger, earning his fourth pass for his Hall of Fame title run. Well done, everyone!

CFHRC held its monthly club training day on Sunday, April 28. Despite the warm weather, we had a great turnout of dogs at all levels. To make the day a "teaching day" and not just a "set-up" day, we had several different training opportunities for members to work with their dogs. First, we held a "walk-away" singles marking drill to teach the dogs to focus on the actual mark and not to mark off the gunner or holding blind. Second, we set up four very challenging blinds in the woods and through the trees. Dogs were challenged with changes of terrain, such as crossing a road at an angle, multiple key-hole slots en route to the blind, and running into dark shadows and across downed logs. This was a wonderful teaching opportunity to show dogs different blind concepts. Lastly, the dogs ended the day with a much-needed cheating singles drill on the pond. Even the more experienced dogs benefited from this reminder drill. Many thanks to Kelli Riggs and Sue Barnett for continuing to plan and host our training days. Your dedication to our members is much appreciated. And to the Gey family for your continued support of our dogs and for letting us use your beautiful property for the sport we dearly love.

On the SRS side, Ray and Traeger continue to do well. Immediately following the Grand, Traeger got a fifth place finish, a third place finish, and a win, while Carol and Frank got a sixth place finish.

We will continue to hold monthly training days as long as the weather permits. Please be sure to keep both yourself and your dogs hydrated during the upcoming months in Florida. We can't wait for cooler weather. Happy training, and we will see you at the line!

The 2024 spring hunt test season is over. Congratulations to all our club members that earned titles and ribbons this spring. Several of our members participated in the Spring Grand in Omaha, Georgia. Congratulations to Carey Black and his dog, Jager on passing their third Grand. Congratulations to Bob and Judy Jones and their dog, Nick on his second pass and title, Grand Hunting Retriever Champion. Nick is a third-generation grand champion. He joins his mother and grandmother in this achievement. Congratulations to Rhett Riddle for his success at the Grand. Rhett had three new Grand Hunting Retriever Champions; one qualified for the HRC Hall of Fame (short of points), and one received his seventh pass. Sonny, owned by Lawton Hayes, passed his mom, Chrissy, to become the leader in Grand passes in the family with seven.

The summer months are an opportunity to spend time with our dogs and work on the much-needed basics to keep them sharp and

ready for the fall test season and the upcoming duck season.

Several club members have competed in hunt tests at Coastal Empire, Midlands, Cherokee Foothills and Carolina Boykin Spaniel tests. Lots of ribbons and passes were earned, as well as several new titles.

We are about to enter the heat of summer, so be sure to keep your four-legged friends well hydrated and cool during your training day. We never make it through summer without losing several dogs to the heat. This is a problem that can be prevented with a little care. Water and fans are the keys to prevention. Take care of your duck-hunting buddies, and good luck training this summer. Belly up marks and straight blinds, good luck!

Andrea has become our go to hunt secretary in Region 4B. We do appreciate her hard work.

Coastal Empire HRC - Report submitted by Torrey Massey. Kevin Stewart, President.

Wow - our spring test was one for the books! Somehow, we managed to run just under 400 dogs over the weekend. Coastal is grateful for help from so many folks and for the support from pro and amateur handlers, who came from near and far. We had a sharp team of judges, great bird techs, a few hardworking

club members, and beautiful properties to run the tests. Thank you, Taylor Farm Kennels and Chesapeake Plantation Outfitters for hosting our event.

I hope everyone has a great summer - see you in the fall!

Northeast Florida HRC - report submitted by Susan Poole. John Spivey, President.

The club was invited to pick up birds at a tower pheasant shoot by Bar JR Hunting Preserve in Glen St. Mary, Florida, on Saturday, March 16. They held morning and afternoon hunts with 130 birds released at each hunt. John Spivey and Anne Lowry were there with their dogs and said it was a great opportunity to pick up birds and work on steadiness. They look forward to going back in December.

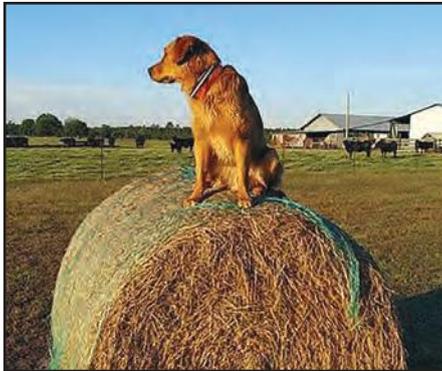

We congratulate Judy Harris and her two poodles, who completed their HRCH title under Judges Steve Pittiglio and Randy McComas at the Ohio River Hunting Retriever Club Hunt test on May 5, in Vevay, Indiana.

Midlands HRC - submitted by Donna White. Steven Highsmith, President.

As of this writing, South Carolina has now begun to experience some nice spring/early summer weather after a rainy winter and early spring. The downside is the appearance of the noisy, pesky cicadas that have emerged this year! This is our first experience with them and one that I could certainly do without.

Some members have been busy running hunt tests or judging tests in other regions. Once you commit to being a judge, you are highly sought after, and it becomes difficult to just say no! But we are all grateful for those who have stepped up and agreed to spend the weekend in pouring rain or extreme heat. Ann Mitchell, Drew Ellyson, Cam Ellyson, David and Lois McCracken, William Gable and Don White are members who have spent time in the judge's seat so far this year. Bless you all!

Due to weather conditions, lack of property or unmowed areas, and lack of coordinators, Midlands has not been able to hold any training sessions. But that will change in June as we prepare to hold a training day at Dry Pond Kennels. This has been a popular place for water training among our club members, and Beth Johns has graciously agreed to let us hold a training day there.

Midlands is planning to celebrate our 30th anniversary at our fall hunt test in October. As many who have been involved in coordinating a hunt test event know, there are a lot of behind-the-scenes preparations that go into making the event a success. We have been fortunate to have our members step up and help in the past, and hope that the same holds true for our upcoming fall test. We are not lucky enough to have an indoor facility on the great grounds we use, but we make the best of it. So let's pray for good weather as we are, once again, planning to have a raffle and tailgate!

Members who have been successful this spring at surrounding hunt tests include Scottie

Hendrix and his dog, Hub, who got their second Seasoned pass at the Cherokee Foothills test. Owner/handler Pam Kadlec also ran at Cherokee Foothills and put a Seasoned title on HR JustaCoolBreezeOffTybeelsland "Windy." Chris Bass was also successful with two of his dogs. A dog named Clyde is owned by Chris and got his Finished title this year. Chris co-owns a dog named Hershey, who ran at Cherokee Foothills and got her first Finished pass. Don White and Ali picked up Finished passes at Eastern Carolina, Etowah, and Cherokee Foothills. They ran the HRC Spring Grand in Omaha, Georgia and made it to the fourth series. Unfortunately, running in the fifth series was not in the cards for them this time. Hopefully, the elusive big green ribbon will come in the fall! Finally, Shawn Radford's dog, Rye, was handled by Rhett Riddle again at the Spring Grand and got his Grand Title. Congratulations to all who reported their successes so far this year.

I know there are not a lot of club members who run or aspire to run the Grand, but I would like to give a shout-out to all the volunteer workers from all over the country who work their butts off to make sure the Grand runs smoothly at each test site for everyone. This year is one that everyone will remember for years to come due to the horrific thunder and lightning storm with monsoon-type rain that happened on day one. The rain flooded fields and retrieving lines to the point of some having to be reconstructed, and the wind blew tents down. I am quite sure the storms themselves affected some of the dogs we know can sense the change in weather conditions. Trucks and trucks with big rigs were being pulled out of muddy fields until 9 p.m. and parking and approach to test sites were disrupted for the next couple of days, and again, vehicles had to be pulled out of muddy fields. Again, thank you to the handlers who helped pull people out and the landowners and crew for helping so the tests could continue.

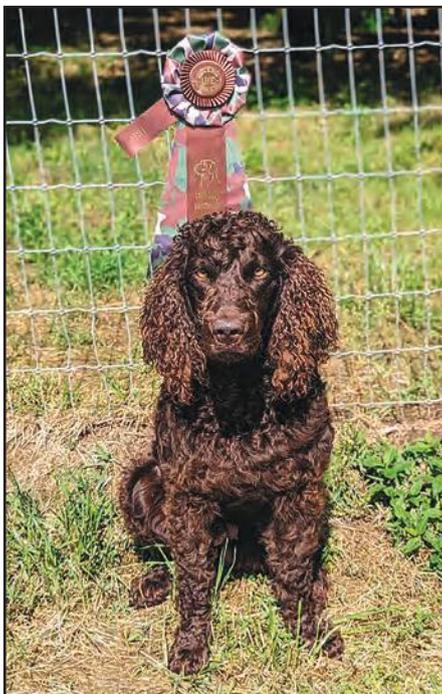

With summer approaching quickly here in the south, we must all be mindful of the heat and how it affects not only the humans but their dogs. Please keep yourself and your four-legged friend(s) hydrated and train early in the day or later when the temperatures may have dropped.

South Florida HRC - submitted by Fiorella Bini, Bennett Sheltra, President.

South Florida Hunting Retriever Club is ramping up our training days, and we couldn't be more excited! We will host a judges' seminar on Saturday, May 18. This is a great opportunity for everyone to learn, not only for people looking to become a judge, but also for those wanting to learn what and how they are being judged, and what all is entailed with a test. After that wonderful seminar, we will host our first training day on Sunday, May 19, which will be set up as a mock hunt test. This way, anyone who took our judges' seminar can practice!

We look forward to seeing our old friends and making new ones! Here's to a wonderful season!

Congrats to SFHRC club president, Bennett Sheltra on her Grand title with her dog, Texas.

Caimen and Koda (owned by Alexie and Will Hartman) enjoy a nice training day.

Trinity Sheltra and her pup, Nugget, earn their first two Started passes at the Coastal Empire HRC test.

Deer River HRC - submitted by Billy Carey.

Hello, all from Deer River! We hope everyone has had a great hunt test season so far. Deer River had a great spring test with a ton of help from our members. We enjoy a monthly meeting talking about retrievers and just visiting. We want to congratulate all members who ran in

the 2024 Old South International Grand. We want to celebrate the team of Scot Whitaker and GRHRCH(3) Playtime's Play it Again "Stella" for their third Grand pass. We also want to congratulate club member, Mark Barber for his dog, Northforks Napoleon of the Slew "Knox" on his fifth pass. We look forward to our Fall test and hope to see many of you there.

Tennessee River HRC - submitted by Hannah Chandler.

Tennessee River Hunting Retriever Club's latest event unfolded with a symphony of barks. Cool mornings blossomed into warm, sun-drenched afternoons, creating ideal conditions for two and four-legged competitors. A diverse crowd gathered, with a variety of breeds from the steadfast Labrador Retrievers to the exuberant Golden Retrievers, the sprightly Boykin Spaniels, the stunning German Wirehair Pointer, and the sturdy Chesapeake Bay Retrievers, just some of the few all showcasing their incredible potential.

The event was a seamless display of coordination and canine athleticism, thanks to the tireless efforts of our volunteers and club members. Without their dedication, the test's success wouldn't have come to pass. The field was a mosaic of participants, with competitors

of all ages guiding their dogs towards ribbons and titles, celebrating the culmination of hard work and the pure joy of the sport.

As the weekend drew to a close, each tail wag and triumphant leap was a story written in the heart of the club's legacy—a narrative of camaraderie, excellence and the unbreakable bond between handlers and their devoted companions.

Our club president, Leland Davis, showcased a blend of strategy and skill, securing a fourth-place finish with Revi in our hosted Super Retriever Series event this April. Among the standouts was Matt James' Deke, an 11-year-old veteran whose performance earned a well-deserved Grand Hunting Retriever Champion Title, marking their second Grand pass—a testament to the duo's hard work and dedication. Now, with a legacy cemented in the club's history, Deke is happily embracing retirement, living out his best and most spoiled days. Not to be outdone, Bobby Wills and his talented canine companions, Max and Clancy, fetched top honors, with Max leaping to first place and Clancy nabbing a respectable sixth in another series event. These triumphs are a testament to our club's dedication and a beacon of inspiration for members old and new. As we celebrate these achievements, we are reminded of the bond between handler and retriever—a synergy of passion and hard work that continues to bring us together.

We look forward to hopefully seeing everyone again in July for our summer hunt test!

High Flyers HRC - submitted by Kevin Buckley.

Greetings from High Flyers HRC. By now, everyone is knee-deep in the hunt test season. Good luck to all! Please mark your calendars for our annual hunt test in Springboro, Pennsylvania. August 3 and 4. We would love to see you there.

We held our fall Quad Upland test in Imperial, Pennsylvania, in March. Despite the rain, wind, sleet and snow, the dogs and handlers managed to have a good time and collect some passes and new UH and UHCH titles. Congrats to all, and thank you to Jess and Gary Ainsworth for chairing and all our club judges who judged the entire weekend, making the test possible.

One of our goals at HFHRC is to bring new people into the sport and provide the education and guidance needed for them to be successful (and most likely hopelessly hooked on the sport).

For Upland, a "Handler's Guide to the HRC Upland Test" was created using video from the past three HFHRC Upland tests and a few training days from the past couple of years. It is available free to everyone on YouTube. Look for the Clean Run Films channel. The channel also has examples of Started and many Finished tests. Hopefully, Seasoned tests will be shot this summer. Thanks to all the judges and handlers for making these possible.

Club member, Julie Rihn has taken beginning handlers and younger dogs under her wing. For the last few years, Julie has coordinated extra training days for these handlers, focusing on solid basics. This group offers one-on-one help with training at the beginning levels and inspires new friendships and a sense of belonging to the club. Previously, new members attending their first training days could feel a bit overwhelmed watching the advanced fieldwork and confused about how to get started. This training group has bridged that gap, and handlers are having much success with hunt test passes and titles.

From all of us at HFHRC, have a great 2024 test season. See you at the line!

Training with Wrigley.

Kankakee River HRC - submitted by Jeremy Cartegena.

Kankakee River HRC has some changes in our officers. Butch Loving, our former president, has passed the torch in good standing. Butch has been an icon in our club, and we wanted to express our heartfelt thank you to Butch. He has been a huge part of training days, hunt tests and club growth. He is always around to help new club members with their puppies and has done so much behind the scenes. He will still carry on and lead our weekly training days that the club has on Thursdays, and we are grateful for that as well. A huge shout out and thank you to Butch for being a leader of our club for so long. Our new officers include Matt Morrone as President (former VP), Brandon Walker as Vice President, and Jordan Carr as Secretary. Liz Loving is retaining her Treasurer seat. The club is excited for spring, and we have begun our training season. A lot of work has gone into preparing for our hunt test that will take place the last weekend in May! Good luck to all handlers and dogs participating in the hunt tests this spring and summer!

Ohio River HRC - submitted by Bard Reed.

The Ohio River HRC held its spring test on May 4 and 5. We survived a rainstorm that produced two inches of rain.

The handlers, judges, and workers were real troopers through it all. We had a new group of young men helping out. They all returned for day two, even after being so wet and cold the day before. Our members were out working in the field as well. We had many members step up and work throughout some or all of the weekend. Some ran a dog or two and volunteered in between, even moving from site to site. Some, at great expense to themselves, rented hotel rooms and came for the weekend, even though they didn't run a single. That's true devotion to the sport and the club, and it is certainly appreciated!

We surveyed the judges after the test, asking if they had any suggestions. The answer was a resounding no! Despite the over two inches of rain on Saturday, the judges enjoyed the grounds, the hospitality and the handlers and are ready to return next year if called. We had two apprentice judges, Greg Shaffer and Matt Morrone, who had the privilege of working with Mike Dulaney and Bill Ferrans. Sam Melish, Lori Kolter, Steve Pittigilo, Randy McComas, and Michael Clements were our other fantastic judges.

Is there room for improvement? Yes, but each year, we learn more and do better.

Yep, we're still here! Can you believe it's May already? Let's catch up a bit!

First off, the Grand. It's five days of testing at an incredibly high level, including an Upland series. The amount of commitment to not just

training but commitment to that same training since the pup was young is pretty honorable. You train to a different standard, not just the dog but you as well, not to mention time away from your family, making sure you have enough vacation days left at work, and the financial commitment. Congratulations to our members who bit into that commitment. Whether you made it through or scored out, you should be proud. Sandusky Bay members who made the trip to this past Region 6 Fall Grand: Trent Cleland, Brian Wilker, Eric Lingler, Joe Ricupero with Steve Earick, Zac Patrick, and Shawn Sinnaeve.

Shawn Sinnaeve and Tug earned their eighth Grand pass at that Fall Grand. With that came a well-earned retirement for Tug—hunting, playing with kids, and couch time chasing the sun. Within a couple of months, just after Christmas, little did we know that we would lose him. What a legend he's been over the years—everything from Grand passes to guide dog, state fair goofball to best buddy to kids attending Stein Hospice's Camp Good Grief. And here we are, the ones needing grief relief. Rest easy, Tuggy.

Winter brought nice hunting opportunities for those who could get out and even more training.

And then, as in the fall, a handful of members were on their way to the Spring Grand in Georgia, Old South:

Joe Ricupero, Eric Lingler, Brian Wilker, Zac Patrick, and Shawn Sinnaeve. Congratulations gentlemen. I always say enjoy the journey! And be proud of that dog sitting next to you!

Now, we find ourselves navigating the spring/summer hunt test season and training when we can, hoping for ribbons on the dashboard for the ride home. Watch closely for information regarding our hunt test in August. Like all clubs, there are always challenges. I've been with the club since '92 and watched first-hand as we've overcome each and every one of them. This, too, shall be conquered.

Here's to safe travels, birds belly up, straight lines and pinned marks...and no dancing at the bucket.

Good luck, God bless!

Southwestern PA HRC - Submitted by Nicole Cammuso.

Southwestern PA HRC is kicking off the year with a 2024 schedule full of training days and mock test hunts to get us ready for our big two-day HRC test that we will be hosting in Springboro, Pennsylvania, on September 7 and September 8.

On February 24, members participated in an Upland fun hunt day, which was a great experience for seasoned upland and new-to-upland handlers and dogs alike.

Our first official training day was on March 3, and we had a great turnout of new and old members. The dogs worked on marks and blinds on land and water, tailored to their skill and training level. All of the dogs showed up rearing to go, hopped up on adrenaline, and excited to be back at it with their training buddies - but they also showed major progression throughout the day and demonstrated some beautiful

retrieves. No matter if our handlers are training for fun, hunting, ribbon chasing, or all of the above, the best part of the club (in my opinion) is watching, supporting and cheering on each other's development throughout the year. Looking forward to the next one!

Great Lakes HRC - Submitted by Phil Swedberg, President.

Hi again from Great Lakes HRC. We're getting geared up for our Quad Upland hunt test at the end of March. We're hopeful we will have good weather to go with our fun test weekend on great grounds. Many of our club members are training as we've had warmer than usual February, with hardly any snow. We are also beginning to prep for our spring back-to-back regular test in Fenwick. We have some beautiful

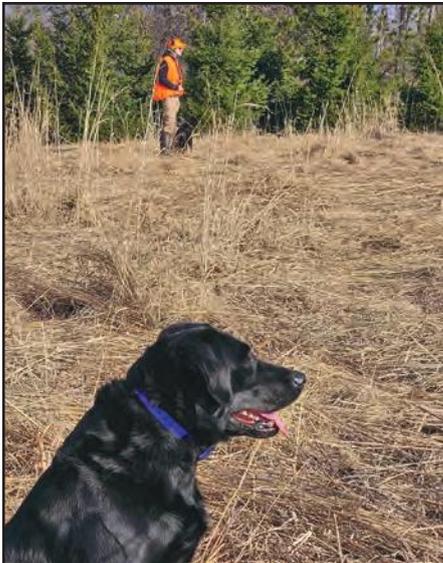

grounds to host our tests on. Our junior handler event is the highlight of our Saturday night ribbons and banquet tailgate. Kids can run their dog or borrow a club member's dog to retrieve a couple of bumpers to earn a ribbon and some great prizes. We would love to have you if you've never been to our test. Spring is coming, and we hope you take the opportunity to get out and train your dog!

Michigan Hunting Retriever Club - Submitted. Bob Zapalski, President.

An early spring with warmer temperatures here in Howell, Michigan, was a welcome site for the opening of the club grounds on March 1. Handlers got their dogs off the couch and in the field, getting in some early spring setups.

Over the last two years, the club has made improvements to the grounds, allowing the handlers to give their dogs different looks and set ups. These improvements have led to an increase in younger members.

Along with the membership increase, many of our older members also got new dogs. 2023 was a good year for MIHRC. The club had 12 hunt test titles and one SRSAC. Ribbons and plaques were handed out at our annual banquet in February. Finally, after Covid-19 and limited help at the venue, we were able to go back to Cleary's Irish Pub again with a great turnout by our membership. 2024 looks like another promising year, as most of these teams will move up a level.

This year, the club has decided to move its hunt test dates to September 7 and September 8 and run a two-day test for the first time

This article will include the article I wrote in March of 2024 and a quick update of current events and accomplishments. Due to unforeseen circumstances, the March article was submitted but did not make the magazine. I feel it is important to have the March article put in the magazine and acknowledge the members' titles and awards and all their efforts and hard work.

Written March 2024

Southern's busy schedule is taking off. We started the year with our annual meeting and awards presentation. Congratulations to all those who received titles. The ribbons, cutouts, bowls and plates hold so much meaning to a handler: the good, the bad, the joy and frustration we experience as dog handlers. But at the end of the day, it is all worth it because we love those four-legged canines.

Our members have gathered for their first club training day in Saline, hosted by Vickie Raburn. Even though it was a cold, windy 30-degree February day, 20-plus people came out to train, which included some of our new members. We will have a March training day in Norvel Township hosted by Tim Dawson. A few Southern members trained Upland the next day in much better weather. Good luck to all those running the upcoming upland tests.

Congratulations to Sean Houtekier with Grainger and Drew Cronk with Favor for their fourth Grand passes. Congratulations also to Russell Dusett with Twisted T for obtaining a GRHRCH title at the most recent Grand—well done. Weekly club trainings have been well attended this spring, with several new members joining our ranks. As this article is being submitted, our club is getting ready to host our spring hunt test. Grounds have been prepared. We look forward to our visitors and seeing old friends for this test and future events. Safe travels to our participants and judges.

Fox River Valley HRC – submitted by Gail Gilbert. Peter Brown, President, phbsgb@sbcglobal.net.

As summer approaches, Fox River Valley HRC members are busy getting ready for the hunt test season. Even though our old training grounds were sold to a developer, training continues full steam ahead.

It has been challenging, but we are determined and moving forward. New test sites have been secured for the Upland hunt test (held in February) and the regular hunt test (to be held in September). Several different training areas will be used throughout the summer and fall. FRVHRC invites anyone interested in our club to join us for a training session.

We have groups working at all levels and are always looking for new members. Training is hard work, but we make it fun for handlers and dogs alike. For more information, contact frvhrc@gmail.com.

Our 2024 Upland test was a big success. Visit our Facebook page for the latest information and photos.

WISILL HRC – submitted. Ken Reinert, President, kdhomes1996@gmail.com.

The WISILL has been bustling with activity as we continue to host our club training days. These sessions have proven invaluable, enhancing the skills of our members and their dogs and in fostering a strong sense of community within our club.

Over the past few months, we have seen remarkable progress among our members. Each training day has been a step forward, with handlers and their retrievers demonstrating significant improvement in their abilities.

Our members have been working diligently to provide personalized guidance, ensuring each dog/handler team can reach its full potential. The dedication and hard work of our members are truly commendable, and it's inspiring to see the enthusiasm and commitment everyone brings to each session.

Thank you to Hardcore Retrievers for hosting a week night club training focused on improving handling and blind running. Members with young dogs learned how to get their dogs to cast, starting with three-handed casting and moving to T-work. Members with more advanced dogs were able to run a few challenging blinds. With the guidance of AG Shaw, handlers learned how to manage their dogs and run blinds with confidence.

Preparations for the hunt test are underway for our June 29 and June 30 hunt test. This event will be a fantastic opportunity for all handlers and dogs to showcase the skills they have honed during our training days.

WISILL will be hosting our second annual SRS club event June 7 to June 9 at Bong.

We look forward to seeing everyone in June.

Cranberry Country HRC – submitted by Anne Millane.

Wisconsin will have another HRC club operating very soon, as Cranberry Country Hunting Retriever Club was approved on April 30. The inaugural hunt has been scheduled for July 13 and 14 in Tomah, with Kristine and Cadet Odden representing the HRC officials as judges. Two flights of Finished and one flight of Seasoned and Started will be offered each day.

The name of the club is historically representative of the area as cranberries, a vital part of Wisconsin's agricultural economy, provide more than half of the nation's total cranberry crop from 18,000 acres of beds. Another 160,000 acres are given to adjacent wetlands, woodlands, and uplands. Huge networks of ditches, dikes, dams and reservoirs are a common sight in Wisconsin.

Wild cranberries are native to the marshlands of central Wisconsin, and Native Americans have harvested them for centuries. Local Ho-Chunk Indians carried on a large trade for them with early settlers of Juneau County in 1849. Commercial production in Wisconsin began near Berlin in Green Lake County in the early 1850's. The center of the industry later moved to marshes around Tomah, Warrens and Wisconsin Rapids. Source: Wisconsin Historical Society.

The property that hosts the club is a defunct cranberry production farm with numerous bogs on site. Hence, the logical naming of the club centered on Cranberry Country. Club member

Gateway Retriever HRC - submitted by Ben Kuhn, bakuhn1@gmail.com.

Gateway Retrievers HRC is in full-swing training and testing. Training days resumed at our annual ice breaker on March 9, and the turnout has been great for all events. Members hit the ground running on the test circuit, with members, Pat Pryor and Jeannie Greenlee getting Finished and Seasoned titles in March and April. Gateway had a good turnout for the recent Retrievers Unlimited spring hunt test and will be well-represented at the Kansas City HRC test in May. As the summer progresses, we will be preparing to showcase our training grounds both in our annual fall hunt test, to be held September 28 and 29, and at the Fall Grand, to be held three weeks later. Recent spring rains have helped to fill up the ponds and lakes at the training grounds, and we are hopeful that there will be many options available for water series at the Grand.

Illinois River HRC – submitted by Joshua Osborn, Secretary, osbornjm@gmail.com. Steve Munson, President, smunson@comcast.net.

We hope everyone has had a great start to the spring training season! It is warming up here in central Illinois; great weather for getting things rolling with hunt test season. Illinois River HRC has training days planned for club members running through August. Lifetime Members, John and Kathy Henderson are continuing their weekly evening training seminars for our club

members this year, focusing on the transition from a Seasoned to a Finished gun dog. Thanks to Kathy and John for continuing to share their knowledge and experience with our group! Some of the lessons learned there will, no doubt, help handlers at our hunt test in May. Club members continue to volunteer time and expertise to manage our training grounds at Banner Marsh SFWA, stewarding the great resources that we've been blessed with. Planning is ongoing to expand those training grounds, giving us more diverse and reliable options for training setups and maybe an additional flight or two during future hunt tests.

A few club members recently served the greater HRC community by judging at surrounding hunt tests. It's always great to see old friends and meet new ones while helping at other clubs' events. Thanks to all the clubs in our region and beyond who allow us to judge your hunt tests! Our most recent judges are continuing to climb the ladder in the judging pool and are excited to get more experience in the chair. Please reach out if your club has judging opportunities for these folks.

Congrats to club members Debbie Smith, owner and handler of GRHRCH(4) UHCH Georgia's Lil' River Gypsy HOF, and Steve Kerr (owner) and Tyler Brenner (handler) of Duke for their passes at the Spring Grand hosted by Old South HRC in Omaha, Georgia. Congrats are also due to Tim Dietrich and Grizz for their first Finished pass at Retrievers Unlimited in April.

Retrievers Unlimited would like to thank everyone who helped make our spring hunt test a success. The grounds were in great shape, and the rain held off for the most part (some

showers on Sunday afternoon for the last part of our Finished land series). We appreciated all of the members and handlers who chipped in to help. We had great bird technicians (thank you to KT Ries for recruiting). A big shout out to our judges: Started - Beverly Amelung, Todd Shylanski, and Chris Morse (Sunday); Seasoned - Matt Wideman, Steve Munson, and Chris Morse (Saturday); and Finished - Royce Meyenburg and Patty Munson. Our site marshals: Bill Novak, Ken Shaw, Joy Shaw, Lindsey Watson, and, of course, our Hunt Secretary, Amanda Novak. Congratulations to club member, Ken Shaw and Murphy on earning their Seasoned title! We turn our attention to summer training. We will hold a few training days a month as long as the weather allows. We will begin planning for our fall hunt test. It will be a few weeks before the fall HRC grand, which will be held at our neighboring club, Gateway HRC. Arrowhead HRC - submitted. Jace Tramontin, President, arrowheadhrc@gmail.com.

It was near the end of the training season, and I was running late to my Tuesday night training group. Sure enough, when I arrived, I was the last handler to run my dog. Not to keep people waiting, I quickly aired my dog, ran up to the line, and ran a very simple three-bird set. "He did great," or so I thought at the time.

Later that evening at home, he stood up from his dog bed and had a significant limp on his front right leg. He could barely stand on it. Diagnosis? A pulled muscle! Why didn't I take the time to properly warm him up before we started to train? Because of me, he was laid up for weeks.

Proper conditioning is especially important for dogs after the winter months and not being on a training schedule. Getting them in shape takes a bit of time. You certainly get some great advice online from training articles from the UKC Hunting Retriever publication, and your veterinarian.

For me and my dogs, I do a five to ten minute warm-up that gets them ready to start training. First, I let them run around to stretch their legs and muscles and take care of their "business." Second, I throw them six to ten "fun bumpers" from the sitting position at my side. Make sure

they sit, stay, and fetch on the last three or four bumpers to set the tone for training. Third, I finally put them on their heeling leash at my side, and we walk out about 100 yards. We turn around, take them off leash, make them sit-stay, and walk about 10 yards away. Then I give them a come-in whistle and make them sit in a front finish. I walk back another 30 yards, repeating the sequence. Then, finish the final 60 yards with an enthusiastic come-in whistle. This is a quick stop-and-start warm-up session that not only loosens their muscles but also gets them mentally ready.

Arrowhead started land training on a sunny but cool April Saturday morning. On May 5, the club started water work by offering a Started/Seasoned stake at the Minnesota Iron Range Retriever Club annual spring informal.

May you and your dogs have a healthy and safe summer. We hope to see you at our August hunt test!

Spring has arrived, and MMHRC got an earlier than normal start on training; fun to be back at it, and our pups are enjoying the taste of feathers again after a layoff. As we prepare for our annual June hunt test, key members are moving up the judging food chain, including Floyd Jensen, Darin Schadt and Marc Ericson across Started, Seasoned, and Finished. Our hunt test premium should be posted soon to Hunt Secretary; make sure to register early and get your dogs ready. June 22 and June 23, at CMRC and a big new clubhouse to enjoy. And we may explore throwing live flyers in the Finished test to keep all the dogs interested! We invite you to join in on the fun!

In other happenings, our new president, Floyd Jensen, arranged for MMHRC to be represented at Reed's Gun Fair for the first time. Despite rainy weather, it proved a great venue to get the word out about the HRC organization, MMHRC activities and upcoming tests. We are hoping to pick up some new members from this and are looking at supporting the Pheasants Forever organization with some information/clinic-like activity in conjunction with a few of their upcoming area events

We all continue to cheer on Kip Dixon and FC HRCH UH Dixon's Brickhouse Burke "Burke" as he accumulates All-Age points (30 to date). With three AA wins (two open, one am), he's within a bumper toss of qualifying for the National. Go Kip and Burke!

We have had members training hard and running tests all over the last couple of months. Club members have earned everything from Started titles to Grand passes! Congratulations to everyone! It's so rewarding to put in the hard work and see results in the form of a ribbon or title, but sometimes it's just as rewarding to see progress for you and your dog both in skills and as a team. Kudos to everyone who has achieved any or all of those things!

Congratulations to Chris DeBin and Scout, who hit the 1,000 HRC point mark at our spring test, and Steve Robinson and River, who hit the 1,000-point mark at East Arkansas HRC.

Our March test went well, and we want to thank judges, bird techs, marshals, and everyone who pitched it to make it happen. Another special thank you goes to property owners of Westbrook Farms (JC Crabtree) and Two Prairie (John Borchert and Larry McMurry) that allowed the use of their grounds.

Marty Davis is once again the Event Chairman for our Pepper's Pond Super Retriever Series event. I'm sure he will be sending out his volunteer sign-up sheet soon. Remember, you will receive a special edition Pepper's Pond SRS Crew t-shirt if you volunteer. We have club members signed up to run the event, and we wish them the best of luck.

Oklahoma has thrown some crazy weather at us as we enter spring hunt test season. From warm to cold, dry to flooding, and tornadoes on top of that. Our thoughts and prayers go out to all affected by the storms that hit our state.

GCRC has had a busy first half of 2024. Monthly training days have gone extremely well as our members came out of hunting season and brushed up on concepts, preparing for hunt tests around our region and beyond. Our club has a large number of active and experienced judges who have been invited to represent host clubs all around the country. We want to recognize these folks for their dedication and commitment in representing our sport. Tim Blan, Pat Johnson, Rusty Noahr, Beth Walizer, Lori Greer, Matt Mosher, Lindsay Mosher, Gil Wilson, Jonathan Sullivan, Jeff Bundy, Pam Dennis, Nathan Atkinson, Kim Olson, Stephanie Bullen and Michael Bullen. Several of these judges have over 100 judging assignments under their belt. They love what they do! Three of our members judged at the AmberJack Farms HRC inaugural hunt test—Lindsay Mosher in Started, Gil Wilson in Seasoned and Pat Johnson in Finished. Six members worked the Grand—Pat and Rita Johnson, Rusty Noahr, Kim and JoLynn Olson, and Lori Greer. Club member, TJ Greer ran and passed the Grand with Stormy. We also have some of our other members ready to step up into an apprenticeship this coming fall. If you are reading this and live in the 9A or surrounding Regions, please join us for any of our training days. They are open to all, and club membership is not required. The training grounds are at The Retriever Academy in Miami, Oklahoma. We post all our training days on our Facebook and Region 9A group pages. We look forward to seeing you soon.

Congratulations to all members who have achieved passes and titles! It's awesome when you and your dog's hard work comes together and you achieve success! Keep up the good work.

Good luck with your hunt test adventures this hunt test season! It's always good to see friends, enjoy great fellowship, and watch dogs do some awesome work. Until next time, God bless.

Hello and happy hunt test season from the Sunflower State!

Happy 50th birthday to Matt Mosher! We can't thank you enough for all your long-time support, hard work and dedication to Sunflower RC.

Our hunting season and club training days are just kicking off. Dorthy and Toto have brought severe weather across the state and lots of flooding, much needed for the western side of the state. The majority of our club members are just getting into the swing of things. We kicked off the season with a club training day and welcoming some new puppies to the club. Members have also started traveling to judging assignments and running the Grand to start the season.

Additionally, we want to congratulate club member, Marion Grace for judging the 2024 Spring Grand hosted by Old South HRC. It's an honor to have one of our regional judges recognized at that level.

North Louisiana HRC - submitted by Tommy Harp, President, tommyharp@suddenlink.net.

As always, greetings from Omar and all North Louisiana HRC members. By the time you receive your magazine, we will have already held our 40th anniversary hunt test and celebration.

April 28, 1984 the first HRC/UKC hunt test was held in North Louisiana. Can you imagine the thought, planning, and effort that went into creating standards and rules for evaluating hunting retrievers? Omar, our founder, was the captain then and remains the captain today with the title of Director Emeritus; his counsel still guides the direction of North LA HRC. Thank you, Omar, for all that you have given us.

Please enjoy all the pictures, and until next time, stay safe and may God bless you all.

Lake Charles Retriever Club - submitted by Chris Fontenot. Curtiss Lindsay, President, lindsayslabs@yahoo.com.

Lake Charles Retriever Club has open training days each Saturday unless a hunt test conflicts. Come join us! Several club members and Region 10 members represented HRC well at the Spring Grand in Georgia. Congratulations to all who earned a pass. Summer is almost here, and so is the heat. Pay attention to your retriever while training. See you soon.

Pontchartrain Retriever Club - submitted by Molly Burns. Brent Smith, President.

Congratulations to all who participated in the Spring 2024 Pontchartrain hunt test held in April. We had a great turnout of members, handlers, owners and pups, making the event a huge success. We want to thank all those who volunteered and assisted in the event. We had a lot of new faces out there this year!

Our president, Brent Smith, had his first judging assignment with some of his youngest handlers. We are fortunate to have our HRC future in the hands of these talented youngsters! It was great to see everyone out and having fun.

The club holds training sessions on the first Saturday of each month out at The Bonnet Carré Spillway and even has several members training

and running the dogs each weekend after as well. We welcome everyone to come out for training and encourage members, owners, handlers and trainers to come out for the experience and camaraderie of the group. By sharing knowledge, experiences and expertise, many can learn and continue to grow to reach their and their dogs' best potential.

Please follow us on the PHRC Facebook site where we'll be listing training dates, meeting details, seminar information, event pictures, and any additional events as they come up. We encourage you to bring your friends and family out and help our club grow into one of the best interactive clubs around. We want to encourage new members, welcome new faces, and continue to provide valuable assistance and helpful tips.

Amite River HRC - submitted by Ron Lewis, Jeff Holley, President, www.amiteriverhrc.com.

Amite River HRC would like to congratulate everyone who participated in the spring Grand. Hope you had a good time and success.

Our members have been busy the past couple of months hosting our March hunt test and preparing for our May SRS event. We had a successful hunt test, with about 100 retriever teams participating each day. Lenny Soileau, a local veteran living in the Jackson, Louisiana Veterans home, came out and participated. He brought several veteran friends to watch him and his retriever, "Soileau's Huckleberry," pass their first-ever hunt test at the Started level. Congratulations Lenny!

Thank you to Bob Nicholson for chairing and to all the judges, members and guests whose work made the event a success. Thank you to Ron Anderson for letting us use his property on short notice. We got a little wet on Sunday, but it all worked out.

Please follow Amite River HRC on Facebook for event news, meeting announcements, and training days. We encourage all club members to join in the fun and fellowship at these events by participating and helping in any way possible. Have fun with your retriever, and remember to stay cool as the weather warms up.

Central Louisiana RC - submitted by Mary Anne Sayer. Scott Ducote, President, masword@suddenlink.net.

Central Louisiana Retriever Club is enjoying the spring hunt test season with several members competing in Seasoned and Finished tests throughout Louisiana and, at the same time, enjoying the camaraderie of HRC anniversary hunts. Congratulations to North Louisiana HRC on their upcoming 40th anniversary hunt! CLRC will mark 40 years of HRC in August, and plans are underway for a great celebration. On August 10 and August 11, we will host at least three Finished flights, two Seasoned flights, and a Started flight at our Moreauville, Louisiana location. Saturday evening will kick off with a lively puppy run followed by a big raffle, our traditional ribbon ceremony, and an "Avoyelles Parish style" tailgate supper. You don't want to miss it! Look for views of the CLRC raffle items on Facebook this summer. Club training days are the third Saturday of the month, with great opportunities to try out your handling skills, get pointers from club members and then re-run your retriever as needed to hone your skills. Training days are fun for the handlers and the retrievers! Our club meetings are on the third Thursday of most months, 7:00p.m., at 1889 Monroe Highway in Pineville, with a training day on the following Saturday. All retriever enthusiasts are welcome!

Big D HRC - submitted. William Goodnight, President, www.Bigdhrc.com.

North Texas has had an extremely wet spring this year which should provide some exciting training set ups as soon as fields dry out enough.

The club has spent the first few months of this year making plans for our fall hunt test which will be held in October, north of Dallas/Fort Worth in Tioga, Texas on the wonderful B&L Ranch. The test is currently up on the UKC site and will be posted on HRC.dog and HuntSecretary.com as soon as our judges are approved and the premium is finalized.

As a club, we continue to move through the Total Retriever program and have wrapped up our Basics, Pile Work, The T, and Water. This month, we launched into the Transition with Pattern Blinds and Water Cheating, so hopefully our young dogs attitudes are high as we excitedly approach cold blinds in the field!

I look forward to seeing old friends at other Region 12 events throughout the summer, and seeing the hard work our individual members have put into their pups pay off at the line.

Lonesome Dove HRC - submitted. Sharon Freis, President, www.Lonesomedovehrc.org.

It was here, and before you know it, it was gone. This region's 2024 spring hunt test season is in the books now. Congratulations to all our members that traveled to other clubs' hunt tests and either ran their dogs or judged. Some of our members that ran their dogs include: Landon Cook, Austin Prater, Bryan Twiss, Robert Jackson, Dennis Friederich, Bonnie Parkhill, Mark and Sharon Freis, Keith Hill, Mike and Patti Southerland, Juli Mitchell, and Ryan Compton. Congratulations to Ryan Compton for running

several dogs in the Spring Grand in Georgia. Ryan took it down to the wire in the fourth, and gained a tremendous amount of knowledge and experience for his next try. Our club was also well represented with members judging in numerous tests: Glenda Mitchell, Mike and Patti Southerland, and Mark and Sharon Freis all paid it forward with numerous judging assignments. I know we all enjoy helping other clubs and meeting new friends, as well as reconnecting with old friends. For most of us, that is part of the fun of running our dogs, especially in HRC.

Our club had another great showing for our annual spring Snake Avoidance Clinic, held in San Angelo this April. Around 100 dogs of all breeds, shapes and sizes got to enjoy the "experience." A big thank you to Connie Whitmore and all the members who helped. Connie, as always, does an exceptional job of heading this project and ran this event as a well-oiled machine. They all deserved a nice rest after that busy day.

Now that summer is near and schools are out, we hope that all our Texas friends will be able to enjoy some of our recently filled ponds and lakes for some summer-time training.

Lone Star HRC - submitted by Sarah Krause. Kyle Krause, President, www.Lonestarhrc.org.

Lone Star members had a great hunt test in March. Started off the weekend with a lot

of rain during set-up, but luckily the rain held off over the weekend. We would like to thank all of our club members for all their hard work to make the test a success. Thank you to the handlers for entering the test. And a huge thank you to the judges, who did a great job setting up a difficult but fair test for the dogs in the rain. This year we had a new Boy Scout Troop 191 working as bird techs, and they did an amazing job. We are already looking forward to working with them again next year. Big thank you to our landowners, Mark and Nancy Edwards, for the use of their property. We did our very best not to ruin such nice grounds with all the water and mud.

Lone Star had several members at the HRC Spring Grand. Some running their dogs, and others judging the tests. We would like to congratulate Bruce Potter and his dog, Doli for passing the Grand and receiving her GRHRCH title. Doli was handled by Steve Riggins.

Lone Star is proud to have a couple new HRC judges that we have added to the judges pool. They have worked hard, and have already become licensed in the Started level. While our weather is starting to get a bit warmer here in Texas, we are still able to get out and train our dogs in the early mornings. Our Lone Star hunt committee is already gearing up and getting organized for our Upland test that will be held this November. Congratulations to all of our members and their dogs that earned passes and titles this spring.

North East Texas HRC - submitted. Sharon Beal, President, sharonlabs@aol.com.

We have had our hunt test in April. We had Started, Seasoned, and three flights of Finished. They were all very successful. I do hope everyone had fun and what they needed.

We would like to thank all the judges, bird technicians and helpers. Thanks to everyone who volunteered their time and equipment.

Thank you to the landowner for their kindness. Thank you to Pat Murphy for getting the land.

Since this hunt test, we have purchased four more wingers for the club.

We have a meeting tomorrow night at the Back porch in Kilgore; we are planning to go over the last test with the club, etc.

Good luck to all this summer.

Where did it go? One minute you're planning a hunt test, the next minute you're waiting for it to get here, and then it's gone. Cowtown had another successful hunt test at Pin Oak Kennels in Ravenna, Texas. We had great temperatures and a little rain delay on setup day, and on

Sunday we had about a two-hour weather delay. Everyone took the rain delay in stride, and it turned out to be a beautiful day. Oh, and we had a transportation delay Friday as our equipment trailer had a blowout, but our awesome equipment manager, Eric Ferris, got new tires and still arrived in plenty of time for test set up. I want to thank everyone involved for a successful test; club members, judges, handlers and of course the bird techs (Duck Chuckers) who did their job well and did it with a smile. Thanks for the memories.

Hunt test season is in full swing and many club members are hitting the ground running! As a club we have a lot of dogs running their first Finished tests this year. Great Plains, Kansas City, Mount Rushmore, Salt Valley and Dakota are on many members' schedule trying to earn that HRCH title. We have held several training days already this year, and all the dogs are looking great. Best of luck to everyone running upcoming events!

Preparation has already begun for our hunt test in August. We have been getting some much-needed rain this spring, and all of our grounds are looking great. Our test will be held in the same locations as in 2023, with the addition of some more properties close to the Norfolk area. Mt. Rushmore HRC is busy making all the last-minute preparations for their hunt tests in three weeks. We have been doing a lot of training sessions. We have been repairing equipment, taking inventory, and just all the things you need to do to have a successful hunt test weekend. We will be cleaning the barn for the banquet and headquarters, looking over the property for safety hazards, and fixing the ones we can. We have had a few new members sign up and more people interested in the hunt test game. We devoted one morning just to trying to educate them on terms, and how to load wingers, as well as the safety around wingers. It was well received, and something I'm sure we will do more of. We have been receiving a fair amount of rain, and even some snow, which melted the next day. Water training has been limited because of lower temperatures and the water temperature. There have still been mornings that there is a skim of ice on the ponds. We are looking forward to the hunt test season here in the areas close to us, and hope to see many of our friends and make new ones. Good luck to all who are playing the game.

Platte Valley HRC – submitted. Ryan Armstrong, President, armstrongryana@gmail.com.

It was a good turnout for our Upland test the middle of March. It was well attended, and we had decent weather. We ran all four tests in

one day. It worked out well, but did take some organization of handlers and gunners. I think there is a possibility that we might try this again sometime.

Platte Valley has had a very busy spring. Right after the Upland test we held our spring test at the end of April. It was a cold, wet, windy day, but we managed to get through some tests with awesome dogs. We had quite a few Started titles (see picture) which is always an exciting time. Again this year, we had it at Indian Meadows in Snyder, Colorado. We thank everyone who helped with this test. The bird techs, judges, marshals and handlers all had a rough time trying to stay warm. Thanks to everyone behind the scenes that helped as well. As you all know, we couldn't do it without a lot of help.

Our club membership has been growing by leaps and bounds. We are very happy to have so many new members. We have a Started class on Thursday evenings to work with Started dogs although we have all levels attending. We are hopeful that these people will get more involved with these classes and maybe even try running some hunt tests.

We are planning and organizing our fall test to be held the end of August. Again this year, we are having it at the Fort Vasquez River Ranch near Fort Lupton, Colorado. We hope to have our entries set up by the middle of July. You will be able to enter on our website at www.pvhrc.com under the calendar link.

This was Augustine Lopez and family's first hunt test experience. He passed Started both days. Congratulations!

Proud Started title accomplishments. Congrats to all! Enjoy these nice big ribbons and hug your dogs! You both did a good job.

Congratulations to Alex Augustine and Dana Crego for passing these munsterlanders both days in Started.

SCHRC members have been busy training this spring, which has led to good success in the early hunt tests of the year; we look forward to continuing that at other hunt tests throughout the region this summer. Our organized group training days are coming to an end for this year, but members are highly encouraged to continue training in smaller groups or even on their own as consistent training throughout the year will not only allow you to build a better hunting partner, but will allow you to further progress through the hunt test ranks as well. Also, I want to give another shout out to everyone who participated in our test at the beginning of April, the windy conditions were less than ideal, but everyone grinded through it and made it a successful event. Good luck with training and good luck to everybody who is running at other hunt tests this summer. We hope to see you at the line!

Hello from Midway Hunting Retriever Club. Our club members have been doing lots of training in preparation for upcoming hunt test. I have a few pictures of some dogs with their ribbons.

Some of us have been working on getting things for our fall hunt test that will be at Habitat Flats Dog Kennel, on September 21 and 22. We also have a club member who is making plans to go to the national meeting next month.

Finally, some of our members have gotten turkey fever and have spent the last three weeks chasing gobblers around mid-Missouri.

Hope everyone has a good summer of running dogs in test and get lots of training in.

Cascade HRC - submitted by Pam Ulsh, Boyd Ulsh, President, prescascadehrd@gmail.com

April was a busy month in Region 14 with three weekend hunt tests from Corning, California to Monroe, Washington, and ending in Black Creek, British Columbia. All three weekends were wonderful, with great tests, fun tailgates, and amazing people. Looking forward to the next five months of fun in Region 14.

Cascade's hunt test weather was amazing. The sun was out and there were no raindrops, thunderstorms or wind warnings. I lost track of how many times I heard people wondering if they were really at a Cascade test. Sunglasses and sunscreen are things not normally packed. (Unfortunately, Cascade weather reappeared at Salt Chuck's hunt test two weeks later, but it did not dampen the fun.)

I want to thank everyone who came out to support Cascade. We had judges and test help from every club in the region. It was amazing. Because of that, we were able to run two flights of Finished, allowing those dogs at that level who wanted to run a place to do so. There also needs to be a huge shout out to the handlers who not only entered and ran our tests, but pitched in to set up and move equipment, helping the test run more efficiently. We appreciate everyone who made a long drive or short drive, ran a dog (or more) or just helped out, marshaled, judged, threw birds, worked registration, and/or a million other things that made the test run. Thank you also to Colin at Cascade Retrievers for access to the test grounds and barn. Region 14 people are the best!

Thanks to everyone's hard work (and wonderful weather) we were able to run 177 dogs with an Upland test and two flights of Finished plus Started and Seasoned on two sites with only minor hiccups. We had Cathouse Pizza for our tailgate meal (purchased by the club for handlers) along with our raffle, silent auction and ribbon ceremony Saturday night.

With the extra birds from our Upland test, we had a mini training day for Upland training the weekend following our test. We had a great group out who were able to see what an Upland test looks like, learn some training ideas, and also try out an Upland run if they were interested. Based on the feedback we received, we will try to offer another Upland training day.

Cascade members are looking forward to running and helping out at the upcoming hunt tests this spring and summer. We wish everyone good luck as they grow and learn with their

dog(s). Happy training.

Lower Columbia HRC - submitted. Dave Carey, President.

We are through our first three hunt tests in Region 14. All have been well attended and have titled quite a few dogs. We held our first club training day at Sauvie Island, Oregon Department of Fish & Wildlife west side dog training area. Two set ups were used. Three wingers and two blinds at each set up. First set up was on a wide open relatively flat field. The second was a very tight technical area with mounds and a narrow tree lined area. Participants ran the set ups based on the dogs' level of training. We gained an additional five new members to the club from this training, a very successful training day.

We are well underway for our upcoming hunt test in June and Upland quad in July. Other clubs in Region 14 and 14A are also moving to get their respective hunt tests finalized and posted on Hunt Secretary. Due to the size of Region 14 and 14A, you may travel 50 miles or 500+ miles

to make a weekend test. For the still working people, that means scheduling additional time off work to attend the hunt test that requires a full day travel to and from the grounds. This just shows the dedication of all our Region 14/14A club members that participate in judging and running their dogs.

Keep up on your training and success will follow.

Salt Chuck HRC - submitted by Wendy Tisdale. David Aberdeen, President, schrcwebmaster9.wixsite.com.

The Salt Chuck Hunting Retriever Club held two UKC licensed regular hunts for Started, Seasoned, and Finished dogs on April 27 and 28, 2024 at Swamp Dog Farm near Black Creek, Vancouver Island, British Columbia. In addition, our Regional Field Representative, Elroy Olson, presented a well-attended seminar for judges and handlers, prior to the event on April 26.

On Saturday there were 42 total dogs entered (12 Started, 11 Seasoned, 19 Finished) while Sunday had a slightly reduced entry of 36 dogs (7 Started, 11 Seasoned, 18 Finished). Leading up to the weekend, the weather had been warm, dry, and sunny, but that disappeared and Saturday featured difficult conditions for judges, dog and handlers with rain, temperatures near 50 degrees and winds to 40 mph. Despite the conditions, the dogs performed well, and everyone enjoyed the day, even more so when we got back inside and warmed up!

You try to plan for everything, but one thing we did not anticipate was the impact of bald eagles on our Started and Seasoned hunts on Saturday. The eagle (or maybe more than one) was keen on getting after our birds on both marks and blinds. The bird planter had to be vigilant to keep the blind on the ground and there were a number of literal “no bird” marks after the eagle made off with the prize. In all, four birds were “donated” to the wildlife population.

Dinner on Saturday was barbeque put on by a couple of brave and hearty members, Jimmy Girvan and Jay Crowder, who looked after

feeding the crowd. In keeping with the very cool weather, there was ice cream for dessert too. Thanks to a great effort by Louise Roberts, the raffle and silent auction were well supplied by generous donations from many members and out of town attendees. I particularly want to thank Pam Ulsh for donating a beautiful handmade quilt that was the first prize in the card raffle. That quilt, as well as the second prize of a Garmin E-collar, were both won by Elroy Olson. I’ve heard Elroy has a bit of a habit of winning draws, but I can’t question it as I was the person that drew his cards for both prizes!

For Sunday, the weather improved considerably with warmer temperatures, light breezes, and some sun. The dogs ran well again, and the eagle was kept at bay too!

I’d like to thank the judges, hunt committee, hunt secretary Marci Eaton, hunt chair Sylvia Lawson, and all the other volunteers who made the weekend a success and a good time. It was a pleasure to have a chance to meet more people involved in HRC, get to know others I had only met online and renew previous friendships. Thank you to all the members who took photos of test weekend, some of them shown here and more on our Salt Chuck Hunting Retriever Club Facebook page. We are now planning our hunt and Upland tests for Spring 2025! I hope you will consider joining us on beautiful Vancouver Island next year!

SBDA is holding its hunt test the Saturday and Sunday of Memorial Day. We are in the final throws of preparation and thank the handful of club members who make this test possible. HRC is special in that people from other clubs and locations willingly share their time with hustling, judging and throwing; we applaud everyone's generosity. Come out and support SBDA next year in the spring. Spokane and the greater

inland empire offer a lot to tour and experience. Consider a trip and participate in our event.

Whistling Wings HRC - submitted. Ben Thompson, President, bzt0235@gmail.com. whistlingwingshrc.com.

Whistling Wings members have been busy this spring with training days and running tests in the region. By the time this is published, we will have had our June hunt test and an update will be provided in the next issue. We are looking forward to our July 5-7 training seminar co-hosted with Western States BSC by Stephen Durrence. In August, we will co-host our hunt test with Cascade HRC. We look forward to seeing everyone at an upcoming event.

Newaukum River RC - submitted. David Berg, President, dkindle@mclanefire.org.

Newaukum River Retriever Club typically resumes formal, monthly, training days in February, assuming there is no snow, which was the case this year. We kicked off the year with a large group of eager handlers and dogs, ready to prepare for the hunt test season.

In April, we held our second annual introduction to HRC seminar. We have found these seminars to be enlightening for those that attend. We focus on the rules of the game at each stake, often dispelling myths about HRC, gun handling and the sense of community (family) that HRC provides. Participants also enjoy a lot of gun handling practice, see demonstrations of set ups at each stake and enjoy good food and great people.

Hunt test season is in full swing in Region 14, the area spanning the west coast from BC Canada to northern California. This year, more clubs within the region are hosting Upland tests in addition to their regular hunts, providing an exciting opportunity for those interested in achieving the new Upland Champion title. Newaukum River Retriever Club will hold a double Upland in addition to their regular hunt scheduled for mid-July.

Happy training and great success to all.

Summer is now upon us and the hunt test season is in full swing in the West! WSBSC held our third annual HRC hunt test on April 5 and April 6 in Corning, California. Clear Creek Sports Club provided amazing grounds, and Mother Nature cooperated by delivering perfectly mild temperatures. We had over 50 dogs running each day through fields popping with wildflower

blooms.

Saturday evening, we had a great turn out for our annual tri-tip banquet and raffle, with camaraderie, fun and plenty of food for all of our members and guests! The raffle provided a wide selection of items from useful to whimsical, and the handler's jackets were a huge hit! Thank you to all who donated. We would also like to thank all of our judges, board members, and the many helpers from our club and the Corning FFA. Your hard work and attention to detail are what made the test a success!

Looking ahead, it is with great pleasure that Western States Boykin Spaniel Club and Whistling Wings Hunting Retriever Club will be co-hosting Stephen Durrance of Taylor Farm Kennels for a Foundational Seminar on July 5, 6 and 7, 2024 in Carnation, Washington. This seminar is for all retrievers: HRC, AKC, NAHRA, and specialty groups! If you train a retriever breed this seminar is for you! There are options for you to train with your dog or participate as an observer. Registration can be found on HuntSecretary.com. If you have any questions, please reach out to our club president, Doug Burt, at mrdougbert@gmail.com.

Five Valley Retriever Club - submitted by Kay Donahue, Ted Hayes, President.

Hello from Five Valley Retriever Club!

The weather has been beautiful, and our club has been enjoying being able to meet weekly for group trainings. We have a really great group of handlers and dogs of all levels. We have also been busy getting ready for our annual hunt test, which will be July 13 and 14. We are very grateful and want to thank Treasure State Retriever Club for letting us host our test on their property in Butte again. Good luck to those running hunt tests and happy training!

South Hills HRC - submitted by Terri Sanders. Randy Both, President.

Hello from South Hills Hunting Retriever Club.

We are preparing for our spring hunt test for May 18 and 19. We have a great group of members in our club that have been training hard after hunting season. Some of our members traveled to Corning, California to support the Western States Boykin Club and managed to pass some pretty challenging tests.

Treasure State Retriever Club - submitted by Margo Ellis-Lingohr. Mike Heard, President.

The club has been slowly waking up from its winter nap. Club members have come out to burn the brush piles and start the spring clean-up. Equipment will be getting checked for any needed repairs or updates. There is still a bunch to do, but as a team we are slowly working on it.

This year the club has quite a few events planned, but one of the exciting ones for us is the SRS event in June. This a brand-new event for us, and we are looking for it to be a blast for everyone.

Some of our members made the trek to California for the Western States Boykin Spaniel Club event. For not having had the dogs in the water much (or at all), we did pretty well.

So, plan on coming to TSRC this summer for a boat load of fun.

We held a fantastic HRC test in March on new grounds. The club members have been diligently training for our other Region 15 club tests. Members supported the Roadrunner HRC test in New Mexico and the Prado Basin test in Chino, California. In return, they received ribbons galore and some title baths too. We celebrate each day with the right to bear arms, to be blessed to live in a free nation, and especially give thanks to God for all His glory.

We want to give special appreciation to Mike Edmunds, an incredible, hard-working club member. He gets his family involved and is a motivation and inspiration to all. We are saddened to hear of the loss of his beloved dog Jesse. We know she is cheering you on, and inspiring all who knew her to enjoy God's earthly country as much as she always has.

Diane Crider is a wonderful and supportive club member. She and her dogs achieved amazing titles in AKC, UKC, and NAHRA hunting venues. We are sad to hear of the loss of her amazing dog, Chammi. Such an incredible team, rest in peace.

Comic relief.

RIP Chami, Champion of champions.

RIP Jesse, happy hunting, guardian angel always.

Wow, what a wonderful, fun, challenging hunt test. The grounds were mostly flooded, but we all worked together to find new perspectives. The tests were challenging and resourceful, but achievable. The dogs were so fun to watch. Poodles that earned ribbons in their first HRC test. Some littermates earned ribbons each in different stakes, so fun! The wonderful youth handlers were truly inspiring to all. See all the pictures. The club continues to train, preparing for upcoming hunt tests in neighboring regions.

Congratulations Phil Wasz, great team! What a face!

First time HRC. It's the best.

Nicole and Danielle with ribbons for littermates. Congratulations all!

Roadrunner HRC – submitted. Roxanne Webster, President. Visit our Facebook page for more info and fun.

Roadrunner HRC has had a fun spring. We held training days in March to help prep people and dogs for the spring test season. Charlie Trask's dog, Betsy, handled by Sonya Burr, earned her HRCH at the Copper State test. Several members made it to the Southern Colorado test, and then it was time for Roadrunner's annual test. We had a good turnout of club members to help run the test and run their dogs. The kids from the Navajo Prep Venture Club did a great job throwing ducks for us. For the first time in several years, we were able to hold a social event after Saturday's test. I'd like to say a big thank you to the judges, and handlers and dogs want to thank the club, the workers, the marshals and the hunt secretary for putting on a smooth, seemingly effortless test.

Hunt Reports

The number of dogs who earned Champion points indicates those dogs participating who were UKC registered on the day of the hunt.

Attention Clubs! Your hunt report write-ups and photos must be sent to your Region Public Relations Rep to be included in your club's region report. This allows you to share your hunt & club news in one section!
This issue contains all 2023 Event Reports processed from March 20, 2024 through May 15, 2024.

HUNTING RETRIEVER CLUB, INC. Point Club RECOGNITION PROGRAMS

The 500, 1,000, 1,500, 2,000, 2,500, 4,500 & 5,000 Club Programs are recognition programs for HRC members who own dogs achieving 500, 1,000, 1,500, 2,000, 2,500, 4,500 and/or 5,000 UKC Championship points in the HRC Hunt Test & Upland Hunt Programs.

The HRC member-owner of the dog must be a member in good standing with HRC, Inc. for a minimum of 12 months prior to the time the dog earns the qualifying Championship Points (500th for 500 Club & 1,000th for 1,000 Club, etc.).

HRC recognizes the 100 Championship points that count toward the retriever's HRCH title & all additional points (including Preliminary Hunts) earned in Finished, Grand & Upland Hunt Tests toward the Point Clubs.

The Programs consist of the awarding of a specially designed distinctive jacket embroidered with the HRC logo, owner's name & the qualifying retriever's name. Only

one jacket will be awarded for each 'qualified' dog. However, additional jackets may be purchased by the owner through the HRC Administrative Secretary. This is to allow co-owners, spouses, family members, handlers, etc. to participate in the recognition of the accomplishment of the dog.

A Certificate of Accomplishment & Letter of Congratulations will be issued & sent to the 'qualified' dogs announcing their induction into these prestigious Clubs. An order form for the jacket will be included with the Certificate.

It is the desire of HRC & UKC, due to the significance of the accomplishments of these Hunting Retriever Champions, that the jackets be presented at a ceremony to the recipients at a National HRC event/by their home HRC Club with special ceremony.

Direct questions to Tammy Cobb, HRC Administrative Coordinator, at 269-364-2054/ tcobb@hrc.dog

Following are additions to the list of all dogs & their owners that have met the qualifications for the clubs, compiled as of March 15, 2024.

Notice of Suspension

UKC makes every attempt to maintain an accurate and up-to-date "Notice of Suspension" list, and the list is updated regularly. However, as there may be lag time between disciplinary action and adding an individual to the list, and also because mistakes and omissions can and do happen, UKC will not guarantee the accuracy of this list. If an individual is in question, customers should call UKC directly to obtain the most up-to-date information regarding that individual's disciplinary status. UKC can only confirm or deny a person's disciplinary status and cannot provide details on that person's case.

The following is an updated list of individuals who have been suspended or barred until the date indicated. During the period of suspension or barring, a person who is suspended or barred may be prohibited from, but not limited to, one or more of the following:

1. They are barred from registering any dogs in their names (joint or individual ownership). They may, however, transfer any dogs currently registered in their names (joint or individual ownership) to another individual(s), except they may not transfer dogs to any member of their families, spouses, or companions. Companion is defined as anyone who resides at the same address as the suspended individual.
2. They are barred from registering any dogs in their names (joint or individual ownership) and they may not transfer any dogs currently registered in their names (joint or individual ownership).
3. They are barred from registering any litters and from signing any litter registrations in any capacity. No offspring of a dog registered in their names (joint or individual ownership) is eligible for registration with UKC.
4. They are barred from entering or participating in any way in any UKC licensed event, including, but not limited to, co-owner, handler, back-up handler, judge, guide, spectator, or UKC licensed official.
5. They are barred from holding office in any UKC approved club or association.
6. No dog registered in their names (joint or individual ownership) may be entered or participate in any way in any UKC licensed event.
7. No championship points, wins toward a title, or monetary payouts from any UKC specialty program will be awarded for any dog registered in their names (joint or individual ownership).
8. They are barred from advertising in any UKC publication or UKC internet site.

Any violation of these sanctions or any other UKC rule or policy during the time period in which the individual is barred or suspended may result in their being suspended indefinitely.

Please note: The use of trademarked or copywritten material without the authorization of the owner or any licensee is a violation, and leaves the advertiser and publication open to lawsuits, monetary damages and attorney fees.

PHOTO REQUIREMENTS

- Photos sent via e-mail must be at no less than 300 dpi and sent in tif or jpeg format.
- We prefer to not use printouts of low-end digital photos. We will evaluate any that are sent in and notify you if we question the quality.
- If hard copies of photos are being submitted, photos in the form of 35 mm glossy prints reproduce the best. Please note: do not cut your photos. If you want them cropped, just indicate how you want them cropped. We will crop them electronically without harming the original photo.
- Please include a stamped, self-addressed envelope to ensure the return of your valuable photos.

Procedures & Schedule for Ordering Purina Dog Food for Hunt Tests*

- The schedule for ordering has changed and deviations from the schedule for order due dates are no longer available.
For those tasked with ordering the Purina dog food for their club's hunt test, please use the following information and guidelines to ensure you receive the dog food for the hunt test.
- The order **must be received** by the deadline date listed below.
- The hunt test application must be submitted to UKC, along with the application fee and appear on the UKC Calendar of Events on the UKC website before the order will be placed with Purina.

Ordering schedule for 2022/2023

Month Of Hunt Test	Date Order Is Due
March	January 2
April	February 1
May	March 1
June	April 1
July	May 1
August	June 1
September	July 1
October	August 1
November	September 1
December	October 1

All of the information on the order form must be completed. There needs to be two different contact phone numbers. If the delivery service cannot reach anyone to confirm delivery, they will not deliver the order. You must also include the zip plus postal code. There is a link on the HRC website to USPS Zip Code Lookup.

If you are having the order delivered to a residence, there has to be someone home in order to receive the delivery, and the accepting person is expected to unload the food off the truck or pay the lift gate service fee to the delivery company.

All of the above information is also available on the HRC website, www.hrc.dog Please contact Tammy Cobb - HRC Administrative Coordinator if you have questions. Phone: (269) 364-2054, Email: tcobb@hrc.dog

The order form is on the HRC website
www.hrc.dog

*U.S. Clubs only. Purina Support is not available in Canada.
