About Me

Thank you so much for reaching out and considering me to document your wedding day. Being invited into moments like these is something I approach with care, presence, and deep respect for the responsibility involved.

This guide is designed to walk you through how coverage works, what's included in each collection, and how to choose the option that best reflects the way you want your day remembered.

WEDDING PHOTOGRAPHY IS ABOUT FAR MORE THAN SHOWING UP WITH A CAMERA.

My Approach & Professional Responsibility

It requires preparation, emotional awareness, adaptability, and the ability to document meaningful moments as they unfold — often under pressure, changing conditions, and once-in-a-lifetime circumstances.

I bring a calm, steady presence into environments that can be fast-paced, emotional, and unpredictable. My role is to anticipate moments before they happen, guide when needed, and quietly document your day in a way that feels natural, intentional, and true to you.

This level of work is built on experience, preparation, and trust.

I can't rave enough about this incredibly sweet and talented woman! Our wedding package was incredible and included an engagement shoot and a bunch of other bonuses. She made the process stress free and easy and we will treasure our stunning photos and share them with the generations of our family to come. Can't recommend enough! We love Kaylynn and know you will too!! ❤️

Kaylynn has been my first and only photographer. She makes me and my family incredibly comfortable and there are never any awkward moments. We have been going to her since 2021, through family Christmas with my older parents, gender reveal, maternity, engagement, christmas, AND future wedding photos, she is someone I would/will recommend 10 times out of 10 and I will continue to go to her for any professional pictures that I plan on in the future.

Kaylynn's photography made me look and feel like the main character of my own Pinterest board on my wedding day. She went above and beyond in figuring out what style of photos we wanted and then executed our dream flawlessly. It was amazing because my husband and I are a bit awkward in front of cameras but that didn't seem to be a limitation for her. Her attention to detail and care for her clients was felt and appreciated. I am just so grateful we found her and I would recommend her to anyone for any occasion, but especially for weddings.
