RIPERLAMP light up your ideas

Design is the heart of the company and this axis allows architects and designers to create unique spaces through light.

Since foundation in 1985 RIPERLAMP has specialized in designing and producing decorative lighting elements, for this reason, it also has an extensive experience to adapt to the needs and demands of a sector as competitive as Contract.

All this process of Design and Production of the models is carried out in our factory of more than 13.000 sq.m.in Valencia (Spain), for this reason we can offer reduced delivery times and a high quality standard.

We are very pleased to introduce the new Contemporary Collections that will surely delight the most demanding of our clients.

En RIPERLAMP damos luz a tus ideas.

El Diseño se encuentra en el corazón de la compañía y es este eje el que permite a arquitectos, interioristas y diseñadores, crear espacios únicos a través de la luz.

Desde su fundación en 1985, RIPERLAMP se ha especializado en diseñar y producir elementos de iluminación decorativa, Por ello cuenta también con una amplia experiencia para adaptarse a las necesidades y exigencias de un sector tan competitivo como es el Contract.

Todo este proceso de diseño y producción de los modelos se lleva a cabo en nuestras instalaciones de más de 13.000 metros cuadrados en Valencia, por ello podemos ofrecer plazos de entrega reducidos y un elevado estándar de calidad.

Es para nosotros un placer presentar las nuevas colecciones contemporáneas que seguro harán las delicias de los más exigentes de nuestros clientes.
