Accelerating climate solutions with governments, cities, corporates & investors

Urgent, Collaborative, Sustainable, Impact

INTRODUCTION

Welcome to the flagship event of London Climate Action Week

We're so pleased you can be a part of Reset Connect London, the UK's largest sustainability and net-zero event for business, finance, industry and government.

The event is designed to support you with

- net-zero business solutions and the financing to implement them
- insights from experts on transitioning your business, investment strategies and industry
- connections to enable future collaborations, partnerships, investment and knowledge sharing

To get the most out of the event please download the app where you can connect with other attendees, view the latest programme, exhibitors and curate your own agenda.

This year is all about taking action and driving scalable impact. How can you further your ESG and sustainability goals and how can you use the connections, knowledge and solutions here to do that?

Over the next few pages you can see the floorplan on page [5](#), the list of exhibitors and innovations on pages [6](#) and [7](#), inspirational keynotes and speakers on pages [22](#) to [27](#), the main conference programme across pages [28](#) to [31](#) and the individual hub agendas on pages [32](#) to [43](#). There are plenty of breakout and networking areas to catch up on meetings, thoughts and work in between.

Enjoy exploring!

Sustainability points to note:

- There are water refill stations on the boulevard outside the event hall
- There are mixed stream recycling stations inside and outside the event, please separate your waste
- We are collecting badges and lanyards for recycling and re-use so please drop these back before you leave

Welcome to Reset Connect London 2023

As we edge nearer to the UK's commitment to cut emissions by 68% by 2030 it's good to look at the progress and positives that have been made.

The amount of innovation is incredible! We already have so much of the tech and solutions available. However, the financing and scale of deployment is yet to accelerate at the pace we need.

We've seen a huge uptake in the number of pledges and commitments from businesses and communities, ESG reporting, sustainability strategies and business successes as a result of sustainability measures.

Yet a third of UK businesses don't know how to start (or progress), many aren't getting the financial support they need and responsible investment isn't at the level it should be to drive climate action, social and environmental impact.

That's where Reset Connect London comes in. We bridge the gap between business and finance, between experts and novices, between current and future innovation.

Thank you for being part of the event, for being a changemaker. By attending you have access to 350 speakers and thought-leaders, 250 exhibitors and 1000s of like-minded people with ideas, solutions, expertise, possible partnerships, funding and networks to benefit from.

Use the app to plan sessions, exhibitors and which people to connect and meet with. Take active notes, get actionable takeaways, find new suppliers, funds, products and ideas and be sure to implement them.

The Doughnut Economics team have provided some resources in the app for applying their design thinking to get the most from the sessions you attend.

See you at the networking drinks, 5 – 6.30pm, 27th June at the London Climate Action Week Hub & Bar and make sure to also check out the networking on Collaboration Corner.

Enjoy the next 2 days!

Duncan Reid,
CEO & Co-Founder, [Reset Connect](#)

OUR SUSTAINABILITY COMMITMENTS

Our goal is to help educate and bring people together to transition their businesses and sectors to a more sustainable model as we head towards net-zero. This means doing our part too.

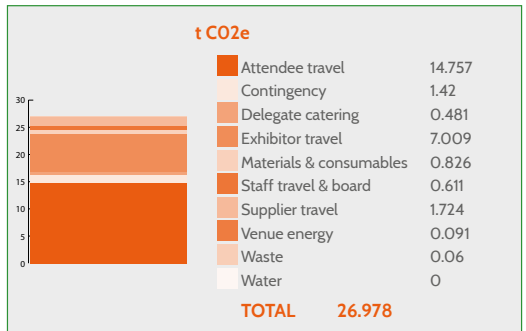

Last year's event was verified as carbon neutral by Green Circle Solutions.

Reset Connect London 2022 total emissions

Offsetting was done through our 2022 Climate Partner Ecologi.

Carbon calculation audited and verified by Green Circle Solutions.

This year we have taken the following measures:

Venue

- We chose ExCeL, London as a carbon-neutral certified venue running on 100% renewable electricity. They offset the gas, fuel, waste and water for us. They have operated a zero-waste-to-landfill policy for over a decade and house the UK's largest commercial wormery to compost food waste.

Low / No Emission Suppliers

- All suppliers have been chosen for zero or minimal emissions by using reusable stands, furniture, living floral features, digital over print, removing carpet on areas with low dwell times. All materials are reusable, compostable or recyclable.

PLAN YOUR VISIT WITH OUR EVENT APP

Attendee Contributions

- With water fountains available on the boulevard throughout ExCeL there should be no need for single use plastic water bottles
- Badges and lanyards are collected for recycling and re-use
- 3 stream recycling points are available throughout the event and boulevard
- We requested attendees to use public transport where possible to keep emissions down
- We requested exhibitors to be mindful of the giveaways and materials on their stands to avoid unnecessary waste

Travel and Offsetting

- We requested all participants consider their emissions when shipping goods, providing staff, choose local, etc. However, what cannot be reduced we are offsetting with carbon capture and removal projects.

Impact

- With all content aimed at helping businesses get the tools and insights they need to create positive impact in their own organisations, this is also a social impact contribution for Reset Connect. We are looking at how best to measure this.

We have signed up for the Net Zero Carbon Events Pledge to commit to being net-zero by 2050. We will be releasing our event sustainability report and making this publicly available after the event and welcome any suggestions or feedback for improving our efforts.

UNDO
PUTTING CARBON IN ITS PLACE

PERMANENT CARBON REMOVAL

Help your business reach its net zero ambitions with our durable, high-quality carbon removal credits. We spread crushed basalt rock on agricultural land to remove CO₂ at scale whilst enriching soil health with our enhanced rock weathering technology.

MEET THE TEAM AT BOOTH E600

SHOW ESSENTIALS

Opening Times

Tuesday 27th June: 09.00 – 17.00

Networking Drinks: 17.00 – 18.30

Wednesday 28th June: 09.00 – 16.00

Venue

ExCeL London
Royal Victoria Dock
1 Western Gateway
Royal Docks
London E16 1XL

Entrance N2

Accessibility

ExCeL has a wide range of support for those in need of assistance, including wheelchair hire, mobility scooter hire, 155 parking bays, 40 disabled toilets, and changing facilities. Should you wish to plan some assistance ahead of your visit, please contact ExCeL:

info@excel.london

indicating the level of assistance you require, and they will do their utmost to offer their support during your visit. For further details, please visit their [website](#).

PLAN YOUR JOURNEY

REGISTER FOR FREE

Admission Policy

Reset Connect London is a business-to-business event open to all members of the sustainability ecosystem. Distribution of materials by non-exhibitors is prohibited.

Banking Facilities

There are two ATMs near the Custom House/West entrance of the venue (by Costa and Panini Pronto), and another ATM in the centre of the boulevard between entrances S6 and N6.

There is also a Travelex ATM by the S11 entrance.

Getting There

In addition to the DLR and London Underground, the [Elizabeth Line](#) is an easy, faster and more convenient route to ExCeL, taking as little as 15 minutes from Central London and only 3 minutes from Canary Wharf! For more info click [here](#).

PLAN YOUR VISIT WITH OUR EVENT APP

SHOW ESSENTIALS

Cycling to the Venue

We all need to make more sustainable travel choices. So why not cycle to the show? With plenty of bike racks at both east and west entrances, and being close to London's Cycle Superhighway, this is a great option for our attendees.

For more info click [here](#).

Car Parking

If you are not travelling to ExCeL by bike or public transport, there are nearly 2,000 parking spaces across the Orange car park, located under the venue. Parking is available on a first come, first served basis, using pay and display.

First Aid

A First Aid room is located on Level 0 in the boulevard, down the stairs in between N4 and S4 hall entrances. If you require first aid, please contact the medical treatment room on [020 7069 5556](tel:02070695556).

Sustainable Events Professionals

As event organisers ourselves we are committed to delivering a sustainable event and have signed up to www.netzerocarbonevents.org, with many other companies in the events industry. Our London Climate Action Week Hub is tailored towards sustainable event organisers and the programme can be viewed [here](#).

Food and Drink

Multiple fully licensed bars, snack bars and restaurants can be found on the central boulevard.

Cloakrooms

The main cloakroom is located centrally in the orange car park, zone 14, accessible via the stairs in between entrances N4 and S4. This service is free of charge.

PLAN YOUR VISIT WITH OUR EVENT APP

- ✓ Measure and reduce your GHG emissions
- ✓ Support carbon removal and avoidance projects
- ✓ Get investor-grade reports

SHOWFLOOR HUBS

Innovation & Technology Hub

Sponsored by:  **Starling Bank**

This Hub highlights the work of sustainability pioneers and out-the-box thinkers who are leading the charge for groundbreaking climate solutions. These innovators come from all industries, business stages and sizes.

Collaboration Corner

Sponsored by:  **CIRCULAR ECONOMY INSTITUTE**

This area will showcase speakers and case studies from across the ecosystem working on cross-sector initiatives, from events, corporate giving, logistics and transportation, utilities, energy-intensive sectors and supply chains who are working to lower emissions, create better energy efficiency and productivity, along with seeking new, experimental and disruptive ways of decarbonising and reusing.

People & Careers Hub

Sponsored by: 

At this Hub sustainability heads and business leaders will share best practices for building a great sustainability team and sustainable business. Green recruiters will provide advice and knowledge to newcomers to the sector and already-established professionals looking to develop their sustainability careers.

Wealth & Investment Management Hub

Sponsored by: 

This is a dedicated space to host the full cross-section of finance and sustainability stakeholders, which includes ESG and ethical fund managers, financial advisers & intermediaries, and financial services providers to help attendees advance their agendas and address objectives.

REGISTER FOR FREE

SHOWFLOOR HUBS

Industry Systems Hub

CAFA will be hosting this Hub for a second time. An interactive focal point of the show, designed to bring sustainable solutions to life and couple innovation with sector transformation, the Hub will showcase the critical role that associations and membership bodies play as catalysts for climate action.

EnergyTech Hub

Connecting innovative clean energy businesses with potential clients and funding, the Hub will offer a dedicated space for stakeholders across the energy value chain to meet a targeted cross-section of innovators within the EnTech ecosystem. We will also be hosting a range of relevant content sessions, across our other stages throughout both days of the event.

Sustainability Hub

This Hub will be a space to showcase innovative start-ups & scale-ups showcasing their products and solutions.

London Climate Action Week Hub & Bar

A dedicated space for in-person events from the wider LCAW week of activities and thought leaders, it will also provide a space for the Sustainable Events industry to discuss updates and case studies as well as key players contributing to London's net-zero transition.
