OUR GROUP

WHERE WE BELONG

From its inception in 2007, Waves Trading has been known as the regional leader in **swimming pool** design and build. Over the ensuing decades the company has expanded its multi-divisional specialist contracting services to now comprise:

Waves Sports is the dynamic confluence of two giant powers – Polytan , a German enterprise and Waves. Established in 2007 with the goal of redefining the Sports facilities in Qatar , the firm has gone beyond realizing its dreams to become a trailblazer in the construction of sports projects. Waves successful track record covers an entire range of Sports works including Indoor, out door Sports , Running Tracks and sports Equipment ,

Land Landscape Division established in 2010 , **WAVES TRADING & CONTRACTING WLL COMPANY** ('WTC') is one of Qatar's larger construction companies engaging in the construction of Land scape projects such as hotels , Compounds, Roads , residential complexes, buildings for Governmental Institutions, etc. Efficient project monitoring, effective cost control, and ahead-of-time project delivery are just some of the USPs of Waves Trading.

Waves Infrastructure is one of the reputed contracting companies in Qatar offering valuable service for the past 20 years in the field of District Cooling , pumping Stations , Piping net work and STP ., Waves has many a prestigious project to its credit and many more underway. With a dedicated team of qualified personnel, latest technology, and managerial techniques, the firm has a growing and satisfactory client base with its projects that meet the highest quality standards while being competitively priced.

CHARACTER IMAGES

Design

Problems are best solved when approached in a comprehensive and systemic way. The goal of this process is to guide you and organize your work to turn ideas into concrete solutions. **Waves** Designers do research and collect information about the problem they are considering: who is person facing this problem? Why? How are other people trying to solve it? From this research, they make a general hypothesis and identify the main features should be part of the answer. Then with these key aspects in mind it's time to experiment different solutions and iterate. This last part is about learning from what works, what doesn't to adapt your solution to fit your project need best.

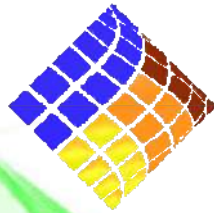

Execution

Execution

Let us know about your dream design, and our team of expert will guarantee that they will use all of their skills to build it and turn it into a reality. We do not limit ourselves to a single method and are constantly working to create newer and more innovative techniques to facilitate our customers in achieving their goals.

Maintenance

Maintenance

We understand that your day is full of challenges, so when it's done, you want to relax and enjoy the peace and tranquility of your own home. We are here to help; providing a stress-free and cost-efficient solution to ensure your property is well maintained from top-to-bottom.

We have a team of dedicated workers that are polite and professional; getting the job done when and how you need it to be. There is no job too big or too small for Waves, and we are experts in the maintenance of swimming pools, hard and soft landscaping, a/c servicing and repair, electrical and plumbing, general cleaning, and so much more.

Your swimming pool is a fantastic feature piece for your home and a wonderful place for fun and leisure for the whole family. **Waves** Maintenance Team will allow you to get the most from your pool and ensure a long lifespan, regular maintenance is essential. Our team is trained to provide a comprehensive Service to maintain your swimming pool, covering everything from routine cleaning and water testing to chemical treatments and machinery servicing.

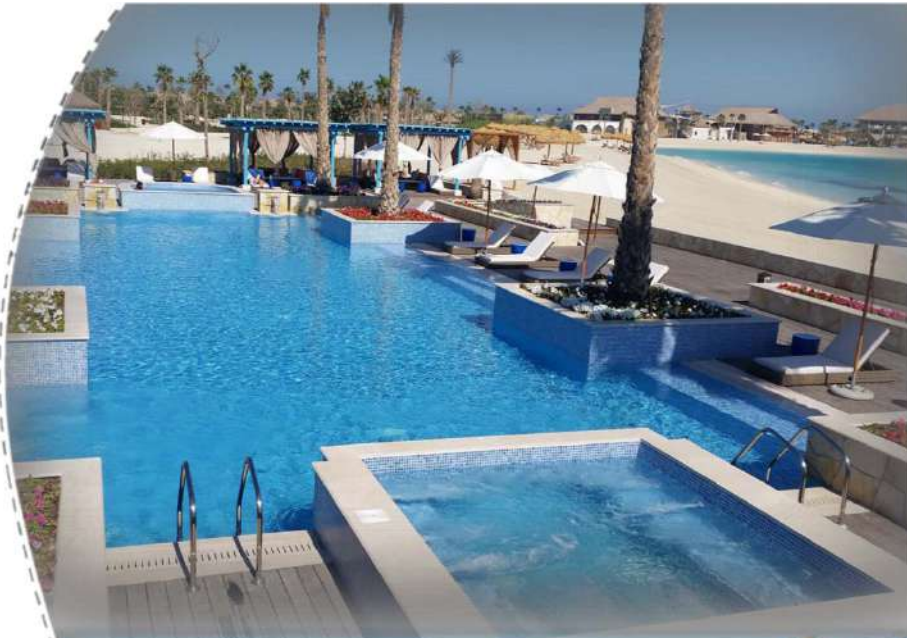

Swimming Pool Water Chemistry

Specialties

A photograph of a modern private garden. In the foreground, there is a wooden deck with a white lounge chair and a blue cushion. The deck is surrounded by a low, neatly trimmed green hedge. In the background, there is a stone wall with a trellis structure covered in climbing plants. A large, dark rock is visible on the left side of the stone wall. To the right, a portion of a house with a window is visible. The overall scene is well-maintained and aesthetically pleasing.

Private Gardens

Private Gardens

We promise to provide you a relaxing place to make Quality time with your family, and your home or business feel more welcoming and will increase the value your property, also many creative Design Ideas that can help you achieve the landscape of your dreams, through additional features or more green elements, so you can get the outdoor vibes you've always wanted

A nighttime photograph of a public park. In the foreground, a large, white, illuminated archway structure with three nested arches stands on a paved plaza. The arches are lit from within, casting a warm glow. To the left, a green lawn is visible with a small white sculpture. In the background, a city skyline with various skyscrapers is visible under a dark blue sky. The city lights are reflected in the water. The overall scene is a blend of modern architecture and urban landscape.

Public Parks & Gardens

Public Parks & Gardens

We keep the park looking its best by keeping the lawns green and litter-free, as well as planting and nurturing for seasonal flowers and perennial trees, shrubs, and flowering plants. We maintain and repair damaged to park fixtures as needed in order to keep the park safe. We make sure that every park is appealing and accessible to the community.

Street Furniture

Street Scapes

Create pedestrian- and bicycle-friendly streets as well as outdoor venues that are also environmentally conscious and aesthetically appealing

Compounds

Compounds

Compounds are one of the major real-estate directions for families to live in a friendly living place that have a garden outside to allow their kids to enjoy

Nurseries

Nurseries

We have a location where plants are grown for transplanting, stock for budding and grafting, or for sale. Commercial nurseries cultivate and sell woody and herbaceous plants such as ornamental trees, shrubs, and bulb crops.

Sports Flooring & Tracks

Aqarya (Alforjan Park)- DOHA

Qatar Sports Club - DOHA

Sports Flooring & tracks

Our jogging floors are meticulously crafted under the supervision of highly skilled designers to provide a consistently smooth surface texture with good surface friction and maneuverability for safety. We know how valuable shock absorption in the surface is for safeguarding your joints from impact force and avoiding stress on your lower extremities.

Sauna & Steam Rooms

Sauna Cabins

The genuine Waves experience comes in many sizes, shapes and styles each a singular expression of quality, expertise and design. So which one is right for you? You want a sauna cabin to become a seamless part of your every day home life which means considering structure and performance specifications as well as aesthetics. In the next few pages, you will be introduced to many of our cabin layouts and options. Whatever your choice, each offers the comfort, dependability and well being only a genuine sauna from Waves can provide.

Waves Flex Interior

Waves appeal centres around the unique low level deck benching covering the entire floor area. In conjunction with beautifully finished sauna stools, the interior layout is infinitely variable according to mood position the stools for social ambience or remove them and stretch out in comfort on the smooth, continuous benching. The modules are bespoke built to integrate heater, special lighting and comfortable backrests.

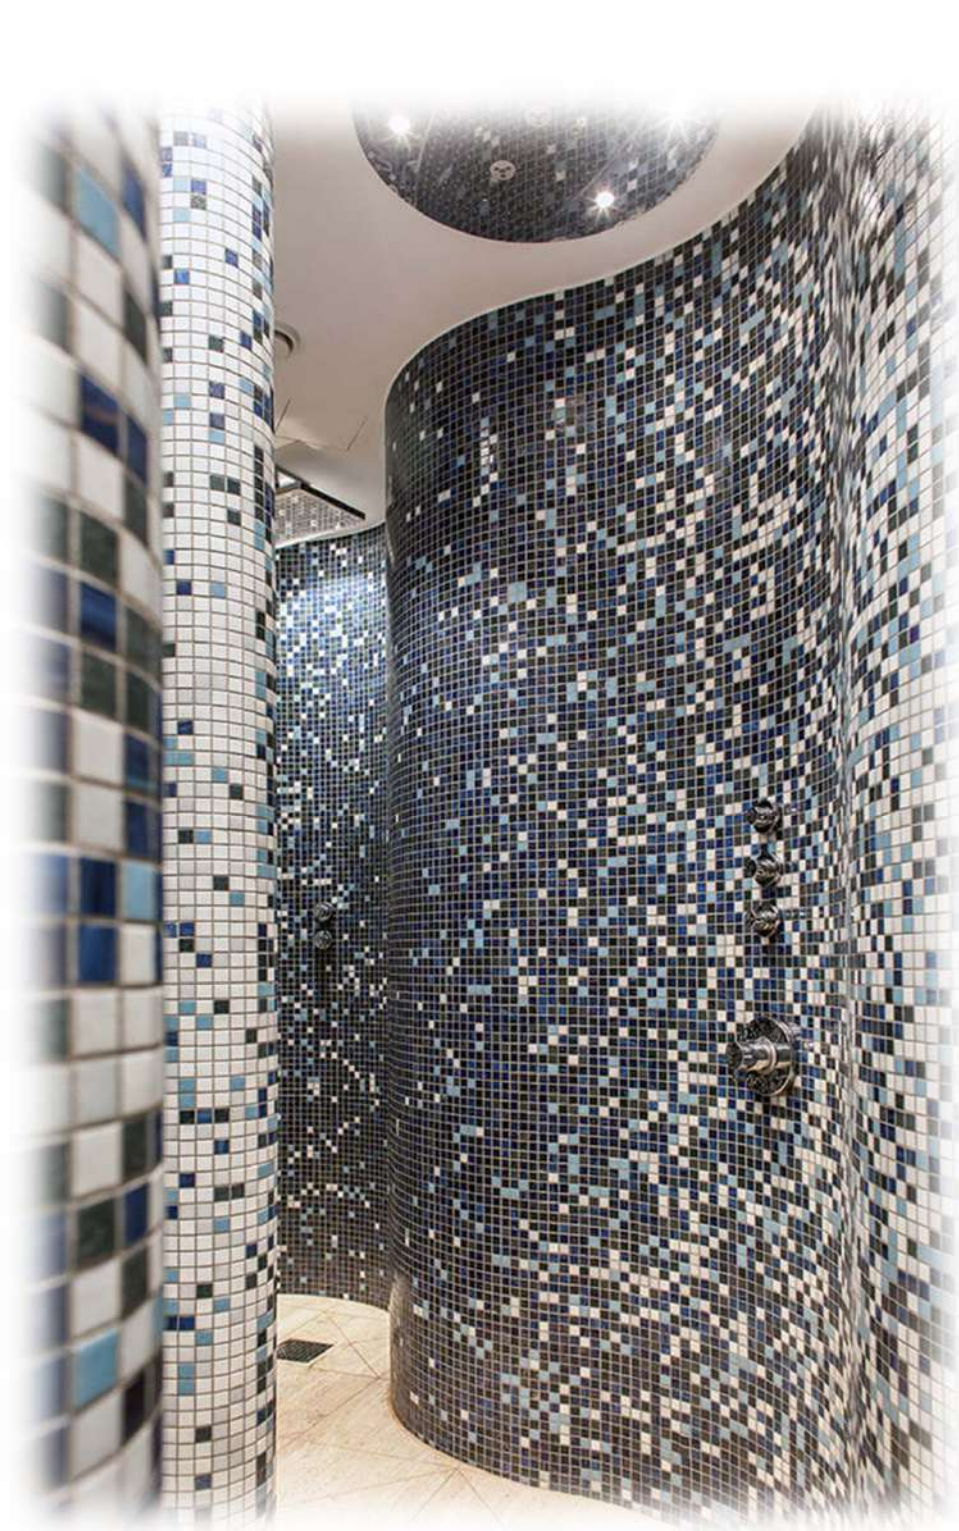

Waves Steam Rooms

A modern Approach To Traditional Steam Bathing

For many years Waves has brought the time-honoured tradition of the Turkish Steam Bath to the British bathroom by adding steam conversion kits to regular showers.

At the same time, our Waves modular steam rooms have been offering safe, hygienic and comfortable steam bathing in countless leisure centers across the country. Now, with a new range of compact sizes, these highly efficient plastic steam cabins may be integrated into the modern luxury bathroom. With family or guests, you can enjoy the social and relaxing benefits of steam in the privacy of your own home.

An aerial photograph of a landscaped park area. In the center, there is a building with a thatched roof and a waterfall cascading into a pond. The pond is surrounded by a brick-paved path and various trees. To the left, there is a large green lawn with white markings, possibly a sports field. In the bottom left corner, a paved road with a brick pattern has a white car and a dark car parked. The overall scene is lush and well-maintained.

Soft And Hard Land scape

Since the big development is taking place in the state of Qatar **WAVES** Trading has developed the landscaping division, we understood that it is necessary to improve Landscaping Services in a new form and frame, different of another similar companies working on this ground, and began our services using best scientific and practical modern manners and methods in Landscaping and as an expected result imposed to great welcome of all customers, specially the companies and institutes they wanted more time and attempt to find best ideas and designs required to their projects and as planned since the beginning, extend our services for all of our customers.

Irrigation and water control Systems:

- Automatic and manual irrigation systems.
- Very low downtime.
- Durable and lasting efficiency, low maintenance cost.
- Power saving.
- Water saving.

Green wall (Natural & Artificial)

because of the big development in Landscaping market and increasing requirement to specialist companies relevance to requirements in all aspects (popular and special) and because of so many years experience, **WAVES** Company, found numerous universal partners (to provide best scientific manners and methods) in different parts of the world and we chose our partners infinitely carefully and arrived to such level of cooperation and trust to interchange experiences and to consult.

Artificial Plants & Grass

We have high quality lawn that is realistic and comfortable to touch to bring you a comfortable sunshine life experience! For your health sports and leisure life.

ART

Desert Camps

Desert Camps

We customize, renovate and construct Desert Camps during the Winter season. We recognize the season when you love to enjoy camping either the desert, in your Farm or just at the beach. We have a team of skilled workers and a set innovative camping tools that will provide you extra comfort to enjoy your camping

A hand in a dark suit jacket with a white cuff is pointing at a large, glowing blue square icon with the letters 'ISO' in white. The background is a complex digital interface with a blue and white color scheme. It features various data visualization elements: a line graph with a rising trend, a bar chart, a pie chart, and several smaller square icons. These icons include a shield with a checkmark, a ribbon award, a laptop, a smartphone, a globe, a checklist, a group of three people, a key, and a circular arrow. The overall aesthetic is modern and technological, suggesting a focus on digital business operations and standards.

AWARDS

Wave Trading & Contracting
revealed as
2021 British Pool & Hot Tub Awards Winner

*Swimming Pool company based in Doha
scoops national industry awards from SPATA*

The aspiration for pool ownership saw a surge in demand last year, with home, lifestyle and health at the forefront of people's minds. Other factors, such as travel restrictions and the great British weather which blessed the UK in 2020, ensured that many holiday budgets were re-purposed to create an everydaycation experience at home.

Leading the way for the swimming pool industry, the UK trade association SPATA (Swimming Pool and Allied Trades Association) annually invite their members to enter the British Pool & Hot Tub Awards. These awards bring together SPATA and BISHTA (British and Irish Spa and Hot Tub Association) members. The combined swimming pool, spa, hot tub and wellness industry awards attract entries from companies across the UK (and some from its overseas members), celebrating the best of construction, design, installation, retail, hire, service and innovation.

Based in Doha, local company, Wave Trading & Contracting, was awarded by SPATA, Gold and Silver in the Overseas Commercial Pool of the Year category. Mr Rashid from Waves Trading and Contracting comments: "We always strive to ensure our clients are delighted with our work and to receive recognition from the British pool industry is particularly

gratifying. This year, we have won gold and silver industry awards in the overseas commercial category, which showcases our excellent standard of work, all built to SPATA standards. We would also like to thank our team for all their hard work and dedication throughout the past year and look forward to another successful year ahead".

With 29 categories to be contested, this year's winning and highly commended entries to the British Pool & Hot Tub Awards demonstrated the breadth of talent and commitment to quality and service in the industry, even when in the restrictions of a pandemic.

Both SPATA and BISHTA work on behalf of the industry, but with the consumer in mind. Setting Standards and producing a Code of Ethics by which their members are expected to abide. Providing a route for consumers to purchase water leisure products and services with the peace of mind that companies displaying the trade association logos that are listed on the association's respective websites, are all reputable and trusted businesses working to appropriate standards.

If you would like to find out more about SPATA and BISHTA, please visit: www.spata.co.uk and www.bishta.co.uk /
