

INNOVATION LIVING™

The Danish sofa bed specialist established in 1971

Expand Your
Living Space
In Style

Space saving designs for your home

Innovation Living™ is a Danish sofa bed specialist built on the proud Danish tradition of furniture design. We believe that form and function must go hand in hand to create innovative, durable designs for everyday use. Since 1971 we have dedicated ourselves to the design and development of multifunctional sofa beds, and today we are proud to be able to call Innovation Living™ an internationally renowned sofa bed specialist.

A splash of color in a grey world

CARPE DIEM - Seize the day. Let's celebrate life with encouraging colors and patterns.

This collection is intended as inspiration, as an invitation to remember the playfulness and the cheerful, joie de vivre expression in our physical surroundings. It could be a piece of furniture with a colorful textile, or simply be colorful accents in the surroundings that set a different setting for a piece of grey furniture.

Per Weiss,
Chief Design Officer

Comfort

Comfort is always at the center of our design process

A design's aesthetic expression will, to some extent, be decisive for the product's comfort. The elegant slim design will quite naturally tend to be firmer than the large bulky design.

Our design process centers around comfort, as we aim to deliver the best possible comfort with each design.

The Patchwork Project

As we consider stripes one of the most classic patterns, the project builds on our previous experience of working with different types of stripes.

The Patchwork Project is a new initiative focused on creating patchwork covers for Conlix and Nolis with the aim to combine various colors and fabric textures to create interesting and valuable designs.

The Patchwork Project

Conlix Patchwork

Design by Per Weiss 2022

Bed size 140 x 200 cm | Metal frame with Pocket Spring comfort, see page 152-154 | Trumpet legs in lacquered oak

Puri

Designed for Longevity

Design by Per Weiss 2021

Puri is our take on a design where every detail and material has been carefully evaluated and prioritized with sustainability in mind.

Puri has been designed for maintenance and long life cycle. The frame is made of a durable metal construction, and the covers are detachable, washable, and renewable. The OEKO-TEX® high resilient foam filling of the seats and cushion can also be replaced over time. Puri is designed for disassembly and recycling, and is flat packed to minimize transportation volume. The recommended fabrics are made from recycled fibers.

Bed size 80 x 195 cm | Matt black metal frame with a mattress made of OEKO-TEX® high resilient foam, see page 152-154 | One back cushion included | Table top in lacquered oak or lacquered walnut | Detachable and washable covers | Shown in 536 Bouclé Ochre, see page 157 | Scan the QR code to see additional features at our website

Environmental Considerations

Give back to nature

To contribute to the balance of the global ecosystem, Innovation Living plants more than 10.000 new trees every year to compensate for our consumption of wood.

Detachable covers

As it offer obvious benefits, a growing part of our collection comes with detachable and washable covers. The sofa is easy to maintain as covers can be machine washed at 30 degrees Celsius. Upholstery can be replaced if it is worn out, or if you want to freshen up your sofa. Instead of replacing the entire sofa, this will create a significantly smaller impact on the environment.

Products available with detachable covers:

Aslak, Achillas, Balder, Conlix, Conlix Patchwork, Idun, Junus, Pascala, Puri, Soft Peak, Triangular, Trym and Yonata.

Look for this Icon:

Fabrics

As not all designs are suitable for removable covers, the durability of the fabric and ease of cleaning become crucial for the longevity of each design. All fabrics are highly durable and upgraded by adding backsides to strengthen them even further. All fabrics can withstand washing at 30 degrees Celsius, which means that products can withstand wet cleaning. Finally, most of our fabrics are OEKO-TEX® Standard 100 certified, signifying that they are free of harmful substances.

Recycled fabrics

The supply of fabrics made from recycled fibers is fortunately constantly increasing. More than 1/3 of our quality fabrics are made from recycled polyester which can for instance be recycled plastic bottles. Please look for Bouclé, Vivus and Argus fabrics - see page 157.

Lower CO₂ footprint

Since 1989, all our products have been designed for flat packing, which minimizes CO₂ emissions during transportation and storage. We continuously work to reduce the environmental impact of our activities, and you can read more about our specific initiatives on our website. Although we are not CO₂ neutral, we are committed to minimizing our CO₂ footprint.

Maintain and refresh

Designing for flat packing means creating a set of parts that easily combine into a full product. The complexity and number of parts vary from product to product, but the design strategy allows for easy replacement of components to prolong a product's life cycle - whether it is to replace a worn-out part or refresh product's appearance.

Disassembly and recycling

In our design process, we focus on the ability to disassemble our products and materials after their life cycle ends. We carefully consider which materials to use, how to combine them, and how to separate them into individual parts for recycling. Each design presents a unique challenge, and some are more suitable for disassembly than others, but the ECO-dimension is always an integral part of our design philosophy.

Durability | 5 years warranty

Quality and durability are at the center of our design and production process. We offer a 5 year warranty on all designs and a lifetime warranty on slats and gears for all sofa beds in our Multifunctionals category. For further information about our warranty, please visit our website.

Certified production facilities

We engage in the development of local communities to contribute to a better tomorrow in the areas we operate in. To ensure ongoing improvement, our production facilities undergo continuous audits to confirm that our group values and working conditions are upheld, as outlined by third-party standards such as the amfori BSCI Code of Conduct. In addition our production units are also FSC®-certified.

For more information about our standards and principles, please visit our website.

European Modernism

A selection of designs inspired by the revolutionary Bauhaus school's thoughts on how to create modern, functional quality furniture optimized for industrial production. The modernist furniture movement was largely driven by the enthusiasm for industrial processing of metal, and our range pays homage to this with signature metal legs.

The Kiffa table is a flexible and easily height adjustable table for any purpose.

Size Ø 45 cm | Height 41 - 70 cm |
 Table base: Matt black steel Top in
 Lacquered oak veneer or black stained
 oak veneer.

Comfort

Pocket Spring

The individual pockets in these models ensure that pressure is applied to each individual spring for optimal support – in seating as well as sleeping position. The high resilient foam casing contributes to a breathable mattress while providing a soft top support.

The following models have this comfort:

Conlix, Cosial, Eluma Deluxe Button, Idun, Ghia, Ganoa, Idun, Madala, Nolis, Nordham, Pascala, Patrik, Recast, Sabie, Sigga X, Splitback, Sly, Sly Wood, Stornes, Trym, Unfurl, Unfurl Lounger and Zeal.

Pocket Spring Dual

The Pocket Spring Dual comfort share the general composition of the Pocket Spring models apart from the extra layer of hyper soft foam that gives these sofa beds an extra soft feel. This extra layer of luxury provides a soft seating and sleeping comfort.

The following models have this comfort:

Cornila, Dublexo, Frode, Malloy, Malloy Wood, Osvald and Tripi.

Excess Pocket Spring

The higher coils in the Excess Pocket Spring models provide a softer sofa comfort. In combination with the core foam casing, the Excess mattress has higher absorption of pressure on each spring for a more comfortable sleep.

The following models have this comfort:

Bifrost D.E.L., Cassius D.E.L., Long Horn D.E.L., Pyxis D.E.L., Supremax D.E.L., Vogan, Vogan Lounger and Yonata.

No-zag Spring

The no-zag springs and the thick layer of high resilient foam provide an even and soft seating as well as sleeping experience.

The following models have this comfort:

Cubed, Hogalar, Mega, Ramone and Olan.

Sigmund

Pocket Spring mattresses ensure that pressure is applied to each spring separately. The result is a mattress that supports individual parts of your body better. The springs are surrounded by layers of high resilient foam providing a soft top support – whether for playing, sitting, or sleeping. Pocket Split mattresses consist of two separate mattresses that can be used separate or in combination.

The following model has this comfort:

Sigmund.

Puri

A core of high resilient OEKO-TEX® foam surrounded by soft layers of fiberfill creates a firm mattress suitable for comfortable seating and sleeping.

The following model has this comfort:

Puri.

Multifunctionals

Customize your sofa

- 01 Choose frame
- 02 Select mattress type
- 03 Choose between fixed or removable cover
- 04 Select the styling of your cover
- 05 Select frame cover for the seat
- 06 Choose fabric

The frames

- Aslak**, see page 78
- Balder**, see page 70
- Junus**, see page 116

The mattresses:

Soft Spring

Firmness rating: Extra soft

Mattress sizes: 140 x 200 cm.

The Soft Spring mattress offers a unique comfort achieved through the combination of pocket springs and the built in topper of hyper soft foam. Choose our Soft Spring mattress for an extra soft comfort.

Non-detachable covers

Nordic Mattress

This is the standard mattress look with pull downs. You decide the textile you like, and should you later happen to change your mind about style or color, you can choose between the two detachable cover options we offer.

Available for all mattresses on page 157.

Detachable covers

Nordic Cover

This cover has a sleek, rounded surface with stylings in each of the corners of the mattress. It covers up your entire mattress, giving you the option of choosing a different color. Should you want to change the look, simply buy a new cover instead of a new mattress. Available for all mattresses on page 157.

Sharp Plus Cover

This cover has a sleek surface with stylings across the edges of the mattress. It covers up your entire mattress, giving you the option of choosing a different color. Should you want to change the look, simply buy a new cover instead of a new mattress. Available for all mattresses on page 157.

Frame covers

A back frame cover is always included. If you prefer the full cover look, a seat frame cover can be purchased.

Back frame cover (always included)

Front seat cover (optional)

Inno Toppers

90 / 140 / 160 / 180 x 200 cm.

A 5 cm durable and reversible top mattress with a core of hyper soft foam that provides an even and supportive sleeping surface on all adjustable sofa beds. The cover is 100% polyester which is breathable, removable and machine-washable at 60 degrees Celsius.

The top mattress comes with a bag for storage when not in use. The bag helps minimise the volume of the topper for better storage.

Mattress Pads

90 / 140 / 160 / 180 x 200 cm.

A mattress pad provides a little extra cushioning and an added layer of protection for your mattress. They can be removed and machine-washed at 60 degree Celsius. The fabric is OEKO-TEX® standard 100 certified.

Available for most mattresses.

Fabric Specifications

We place high value on ensuring that our fabrics all match the high quality of the design as well as durability of our sofa beds. All fabrics are enhanced with additional backing for extended life time and undergo rigid testing to meet the high standards we impose on our designs and production. In accordance with our Planet Promise we ensure that an increasing selection of fabrics are OEKO-TEX® certified.
