# A JOURNEY INSIDE THE LOUVRE

Through its evolution – from fortress to the largest museum in the world – the Louvre Museum has become home to some of Western art’s finest pieces.

**The sheer number of artworks and size of the Louvre itself is impressive to most tourists, but few realize the value of experiencing the museum in all its glory on a private tour.**

My Private Paris is committed to curating the exact experience you are seeking – whether it’s on a family excursion or a traveling friend group.

Apart from the intellectual appeal of some famous exhibitions, the physical beauty of what was once the palace of King Francis I is a surreal sight – with the famous glass pyramid and the large open hallways filled with sculptures and statues. It is true to the Parisian architectural style, yet unique and one of its kind.

# ON BOARD ON THE RIVER SEINE

The heart of the city of  
Paris

We can even link the motto of the city of Paris "Fluctuat nec mergitur" (she is tossed by the waves but does not sink) to the importance of the Seine for the city.
