THE BEST TOWN AROUND

John E. McCormac
Mayor

George T. Brew
Director of Public Works

Message From Mayor John E. McCormac

Greetings Woodbridge Township Residents:

We are pleased to present the 2026 Woodbridge Township Sanitation & Recycling calendar!!!

As we look to celebrate the nation's 250th Anniversary throughout 2026, we took a look in the rearview mirror to highlight some of the Township's contributions and actions to improve sanitation and waste recovery operations as our Ten Towns expanded in population along with the development of industry and commerce. As you turn the page

for each month, you'll find a "sanitation history nugget" that offers insight into our growth as "The Best Town Around."

MORE GREAT NEWS!!!!

We're expanding the TOWNSHIP-WIDE YARD SALE WEEKENDS – three Saturdays in the Spring and another three Saturdays in the Fall with more opportunities to offer your treasures, goods, furniture and household items a new "lease-on-life."

SPRING 2026

- Saturday, April 11, 2026
- Saturday, April 18, 2026
- Saturday, April 25, 2026

FALL 2025

- Saturday, September 12, 2026:
- Saturday, September 19, 2026:
- Saturday, September 26, 2026:

Remember, the annual Yard Sale "Saturdays" are a great way to REDUCE, REUSE & RECYCLE... PLEASE NOTE THAT THERE IS NO CURBSIDE BULK WASTE COLLECTION FOLLOWING THE YARD SALES. BULK WASTE COLLECTION MUST BE SCHEDULED BY CALLING THE SANITATION OFFICE AT: 732-738-1311 X3600.

The Recycle Coach APP again accompanies the 2026 calendar. We made a number of improvements to the Recycle Coach APP that make the APP easier to navigate and simplifies trash and recycling collection schedules, special collection information and more – all right at your fingertips!!! Search the database for specific recycling instructions. Keep track of upcoming special collection events, household hazardous waste drop-off, confidential document shredding day, Christmas tree collection, bagged leaf collection and more. Report a waste problem or send comments and suggestions through the APP.

We are also proud to report that the Woodbridge Township Department of Public Works including the Office of Recycling continues their day-to-day work providing outstanding service to all of our residents. In fact, it's important to note that last year, the Office of Recycling earned \$ 287,342.72 from the New Jersey Recycling Tonnage Grant which is based on the amount/tonnage of materials collected and recycled along with \$ 230,710.00 from the New Jersey Clean Communities Grant. The grant funding allowed for the expansion of the ReUse It Center at the Public Works facility in Keasbey and to further expand our recycling efforts to include the recycling of Styrofoam, cooking oil(s), plastic bags, film and shrink-wrap. Throughout the year, the Department of Public Works will continue to implement many more sustainable initiatives and programs that serve to better manage the ways we offer services, conserve energy and other natural resources at work and home.

For more information on all of the Department of Public Works services and programs, call the Sanitation Office at 732-738-1311 x3600 or the Office of Recycling at 732-738-1311 x3035. Download the Recycle Coach APP or visit the Township Web Page at www.twp.woodbridge.nj.us for all the information regarding the Automated Trash Collection & Recycling Program.

Best Wishes,

John E. McCormac

1987 NJ mandates organized recycling in all municipalities

1987 Woodbridge begins its first recycling program with alternating pickups for commingled and cardboard/newspaper.

1995 NJ required 50% recycling; Woodbridge went beyond that goal.

1989–1990 NJ required towns to reach 15–25% recycling rates; Woodbridge exceeded those goals.

2009 Woodbridge wins its first Sustainable Jersey certification and Champion title.

2009 Woodbridge rolls out 95-gallon blue carts and begins single-stream recycling.

2010 - 2013
Woodbridge is Sustainability Champion four years in a row.

2011
Woodbridge earns Silver-Level Sustainable Jersey certification for sustained leadership.

2013
Woodbridge rolls out automated collection trucks, improving efficiency and saving \$136,000 in landfill costs.

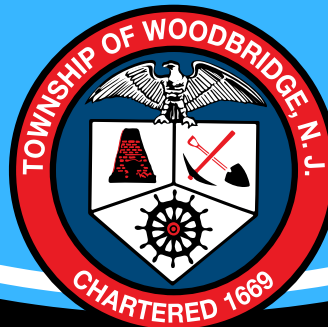

2014
Mayor John E. McCormac was honored as Environmentalist of the Year through the Governor's Environmental Excellence Awards program for his leadership in recycling and sustainability.

THE TOWNSHIP OF WOODBRIDGE

welcomes you

CHARTERED

IN 1669

2016

Woodbridge receives the Mayor Art Ondish Leadership Award, recognizing municipal excellence in sustainability.

2015 - 2021
Seven consecutive Sustainability Champion wins.

2019 Woodbridge wins the Sustainability Champion Award for the 10th time, earning more than 1,160 points.

2022 Woodbridge earns its 13th Sustainability Champion Award, achieves Water and Health Gold Stars, and scores 1,245 points, the highest in NJ.

Today

Woodbridge maintains a nearly 66% recycling rate, making it one of New Jersey's top performers. The township continues to lead in waste reduction through its Convenience & Recycling Center, ReUse It Center, automated collection, single-stream recycling, and Clean Communities program, along with drop-off services for electronics, bulky waste, leaves, brush, and metal.

How to use your calendar:

It's as easy as 1, 2, 3!

TRASH PICK UP			RECYCLING PICK UP	
Iselin Woodbridge	Avenel Colonia	Fords Hopelawn Keasbey Menlo Park Terrace Port Reading Sewaren	Avenel Colonia Iselin	Fords Hopelawn Keasbey Menlo Park Terrace Port Reading Sewaren Woodbridge
SWD 1 (Solid Waste District 1) Monday	SWD 2 (Solid Waste District 2) Tuesday	SWD 3 (Solid Waste District 3) Wednesday	RD 4 (Recycling District 4) Thursday	RD 5 (Recycling District 5) Friday

1. Locate your town.
2. Find the SWD and RD numbers for your town.
3. Find the corresponding SWD and RD numbers on your calendar and that's when your trash and recyclables will be picked.

That's all there is to it!

(A space has been provided at the bottom of each month of your calendar for you to write down your SWD & RD numbers)

The Woodbridge Township Sanitation Department provides once a week pick-up of trash and recyclables.

Remember to check your calendar for Holiday changes.

Follow your street index for special pick-up days for brush, leaf, and Christmas Tree pick-up.

PROBLEMS WITH SERVICE?

To report any problems with the collection of Trash or Recyclables please call the Sanitation Department at (732) 738-1311 ext. 3600.

1669 Woodbridge Township Chartered

Woodbridge, New Jersey's oldest township, was officially chartered on June 1, 1669. Settlers from Massachusetts arrived a few years earlier under Governor Philip Carteret's commission to establish the new community.

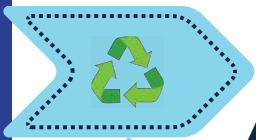

1600s Early Waste Ordinances

In 1657, New Amsterdam (today's New York City) outlawed dumping garbage in the streets, marking one of America's first public sanitation laws.

Litter doesn't Disappear

A single plastic bottle can take 450 years to decompose.

Curbside 101

✓ Check your calendar to make sure it's your collection day.

🕒 Place your cart at the curb after 4 p.m. the day before.

🕒 Remove your cart by 9 p.m. on collection day.

🚫 Only items inside the cart will be collected.
Nothing Placed Beside It!

♻️ **Do Not** bag recyclables.

🔧 No bulk trash unless you've scheduled a pickup with Sanitation.

🏠 Store carts in your side or rear yard after collection.

1717 The Jonathan Dunham House

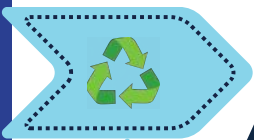

In the late 1600s, Jonathan Dunham built New Jersey's first grist mill along the Woodbridge River. Around 1717, his son Benjamin Dunham constructed the nearby homestead that still stands today, a lasting link to Woodbridge's colonial past.

Recycling: It's Electrifying

Recycling just one glass bottle saves enough energy to power a computer for 30 minutes.

1700s Nothing Went to Waste

In colonial America, nearly everything was reused fabric became rags, scraps became tools, and food waste fed gardens.

The Recycling Center

225 Smith Street, Keasbey

For Woodbridge Township Residents Only

Proof of Residency Required

Residents must check in with the Guard when entering the center.

Hours

Monday - Saturday 8:00 A.M. to 2:00 P.M.

1751 First Printing Press in New Jersey

Printer James Parker opened his Woodbridge press, producing newspapers and pamphlets that helped spread new ideas throughout the colonies.

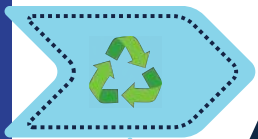

1750s Keeping Streets Clean

As towns expanded, local laws required residents to keep streets free of waste and debris, an early move toward organized sanitation efforts.

Block the Litter, Not the Drain

Paper litter can block storm drains when it gets wet and clumps together, contributing to street flooding.

Let's Sort It Out!

You might see a tag on your blue recycling cart. Don't worry, it just means a few items don't belong this time. The boxes on the tag show what needs to be removed. Once you've taken those out, give us a call and we'll swing by to pick it up.

Do Not Bag

No Plastic Bags or Wraps

No Foam

No Yard Waste

No Tangles

No Metal, Wood, or Furniture

No Bulky Items

No Cloths or Linen

Thanks for Helping Keep Woodbridge Recycling Right!

1800s Brickmaking Industry Booms

Woodbridge's rich clay deposits fueled a thriving 19th century brickmaking industry. Dozens of brickyards lined the Woodbridge River and Rahway Avenue, with M.D. Valentine & Bro Co. among the most renowned.

Second Rittenhouse mill, built 1702 (pictured 1890)
Retrieved from <https://rittenhousetown.org/about/>

1800s Paper Recycling Expands

Inspired by Philadelphia's Rittenhouse Mill, early paper mills reused fabric scraps to make new paper, recycling before it had a name.

Spring Clean-Up

BRUSH

Tree branches must be no longer than 4 feet, bundled and tied.

LEAVES

Leaves must be in biodegradable paper leaf bags.

Remember leaves only!

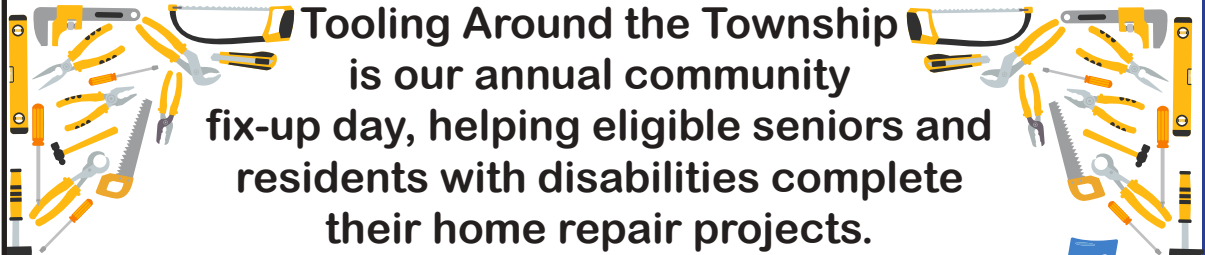

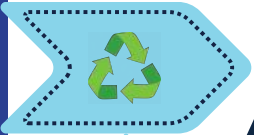

Leaf bags will be available at the Department of Public Works in Keasbey during the month of April

While Supplies Last!

Small Acts, Big Impact!

Every piece of litter cleaned up is one less that harms our parks, streets, and waterways, small actions add up!

Tooling Around the Township is our annual community fix-up day, helping eligible seniors and residents with disabilities complete their home repair projects.

For more information contact - Tooling Team at 732-634-4500 x 6496 or email tooling@twp.woodbridge.nj.us

Yard Sales

In the past, each town had its own yard sale Saturday, but now the whole month of April is open! Hold your yard sale on any Saturday that works best for you. It's the perfect time to declutter, recycle, and connect with neighbors across Woodbridge!

If you need a pickup, please call Sanitation at ext. 3600.

1876 Education Expands in Woodbridge

Approved in 1876, a new six-room schoolhouse for 800 students featured a clock tower inscribed "Wisdom is better than gold." Dedicated January 6, 1877, Woodbridge School No. 1 later became the township's first high school, graduating its first class in 1884.

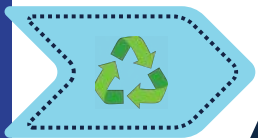

1870s Organized Sanitation Takes Shape

As public health concerns grew, cities began regular trash collection and street sweeping, shifting waste disposal to community systems.

Food for Thought: Keep Wrappers Off the Ground!

Food wrappers and containers are among the top littered items found during cleanups.

Convenience Center

225 Smith Street, Keasbey

1900s A Township on the Move

As railroads and highways expanded, Woodbridge evolved from a quiet industrial town into a busy suburban hub. Factories, new homes, and local businesses grew along these vital routes.

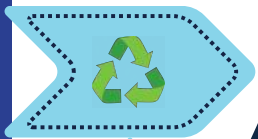

Litter Costs Us All
The U.S. spends over \$11.5 billion annually on litter cleanup.

Image Retrieved from The Old New York Page

1905 Power from Waste

New York begins using a garbage incinerator to generate electricity to light the Williamsburg Bridge, linking waste disposal with energy generation.

Household Hazardous Waste

Middlesex County sponsors HHW Drop Off Events for county residents every year.

These events allow all Middlesex County residents to drop off and properly dispose of hazardous materials.

Accepted materials:

- * Aerosol Cans * Lighter Fluid * Antifreeze * Gas/Oil Mix
- * **Rechargeable & button cell.** * **Car Batteries**
- * Pesticides/Herbicides * Gasoline * **Latex Paints**
- * Photographic Chemicals
- * Pool Chemicals * **Propane Tanks** * **Oil-based Paint**

1928 Woodbridge Speedway Opens

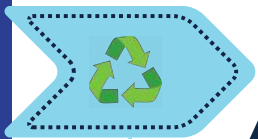

The world's fastest half-mile board track opened in Woodbridge, where today's WHS football field stands. Cars hit speeds near 100 mph on its steep 38° banked turns. Races continued until 1938, and the track officially closed in 1941

Make It Easy to Toss, Not Easy to Drop

Littering rates are highest in areas without visible trash bins or cleanup programs.

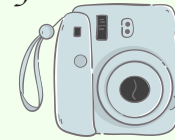

1920s Sanitation Modernizes

By the 1920s, covered trucks replaced open wagons, reducing odors, spills, and pests, a major step in sanitation.

ReUse It Center

Woodbridge's ReUse-It Center is a fantastic place to "Freecycle"!

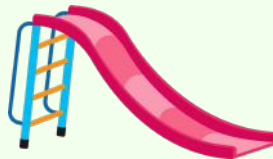

Give your unwanted items a second life! Before you discard something, ask yourself, could it be useful to someone else? Bring your items down to the ReUse Center and see how they can make a difference!

Visit us to discover hidden treasures while helping reduce waste and protect the planet.

From small furniture and tools to books, toys, holiday decorations and home goods, we have something for everyone

1940s Population and Industry Rise

World War II brought a surge in local manufacturing as factories in Woodbridge and across Middlesex County supported the war effort. The growing workforce fueled new neighborhoods and postwar prosperity.

When the Wind Blows, Litter Goes!

Lightweight items like plastic bags, cups, and wrappers can travel miles once airborne or caught in car drafts, spreading pollution from roadsides into parks, rivers, and neighborhoods.

1940s Waste Becomes a Resource

War-time shortages made waste valuable as communities collected metal, paper, and rubber for the military.

Food Waste

Woodbridge

Turning Food Waste into Energy!

Great news, Woodbridge Township!
You can now recycle your food waste through our voluntary drop-off program!

1. Sign up!

2. Collect: Save your food scraps at home in a sealed container. You can include all food from eggs, and bones to left over lasagna.

3. Drop Off: Bring your collected food waste in a clear plastic bag to one of our designated drop-off locations:

Woodbridge Recycling Center

(Keasbey)

Acacia Youth Center

(Port Reading)

4. Why Participate: Every bit helps!

Food waste recycling turns your scraps into valuable energy, reduces landfill waste, and supports a cleaner, greener community.

1951 Woodbridge Train Disaster

A Pennsylvania Railroad commuter train known as "The Broker" derailed on a temporary trestle at the intersection of Legion Place and Fulton Street, killing 85 people and injuring many others. The tragedy led to lasting improvements in rail safety.

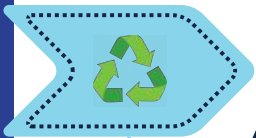

1950s Curbside Collection Expands

Regular curbside garbage pickup became standard as postwar suburbs grew, improving sanitation and community cleanliness.

The Start of the Anti-Litter Movement

The first major anti-litter campaign in the U.S. started in 1953 with the "Keep America Beautiful" program.

National Public Lands Day

Since 1994, National Public Lands Day has brought communities together each year on the fourth Saturday in September to restore, protect, and celebrate our shared public lands. On this day, national parks offer free admission to all visitors.

Join us on

September 26, 2026

for a day of giving back, help clean our parks, plant trees, and care for the green spaces that make Woodbridge

The Best Town Around!

Visit www.twp.woodbridge.nj.us

to learn how you can get involved and make a lasting difference for our community and the planet!

Middlesex County Paper Shredding

Clean out the clutter and protect your privacy!

Bring your old confidential papers to be shredded safely and securely at the Middlesex County Paper Shred Event. Events are held rain or shine, from 9 AM to 12 PM (or until the shredding truck is full).

Residents must stay in their vehicles; staff will remove materials directly from your trunk or cargo area.

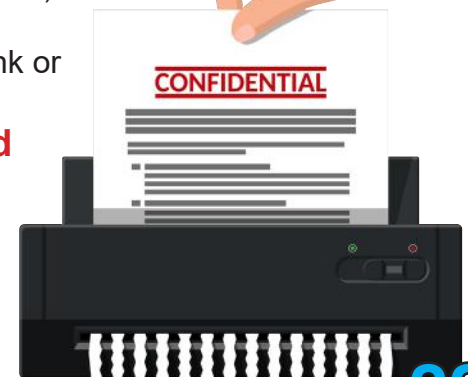

Proof Of County Residency is Required

Woodbridge Department of Public Works

225 Smith Street, Keasbey

1960s Expanding Services and Population

Woodbridge experienced a population boom during the 1960s, becoming one of New Jersey's largest municipalities. New schools, parks, and municipal buildings were constructed to meet the needs of rapidly growing neighborhoods in Colonia, Iselin, and Fords.

The World's #1 Litter: Cigarette Butts!

Cigarette butts are the most commonly littered item worldwide, about 4.5 trillion are discarded annually.

1965 Solid Waste Disposal Act

The first federal waste management law promoted safer landfill practices and marked a shift toward modern recycling and environmental standards.

Free Leaf Bags

<p>Woodbridge Community Center 600 Main St. Woodbridge Tuesday October 6th & 20th 4:30 pm to 7:30 pm</p> <p>Saturday October 17th 9:00 am to 1:00 pm</p>	<p>Evergreen Senior Center 400 Inman Ave. Colonia Wednesday October 7th & 21st 4:30 pm to 7:30 pm</p>
<p>JFK High School 200 Washington Ave. Iselin Thursday October 8th & 22nd 4:30 pm to 7:30 pm</p>	<p>Pelzman Park (Avenel Tennis Courts) Tappen St. Avenel Friday October 9th & 23rd 4:30pm to 7:30pm</p>

To obtain leaf bags all residents must show proof of residency

Mulch Your Leaves

Leaf It to Nature! Don't rake them away, reuse them! Mulch fallen leaves right where they land to feed your lawn and garden naturally. Mix them into your flower beds or add them to your compost pile for a boost of nutrients.

If you'd rather bag them, biodegradable paper leaf bags will be available starting October 1st at the Public Works Complex, 225 Smith Street, Keasbey, and other township locations (see schedule above).

Only paper bags will be collected, **no plastic bags, please!** Keep leaves out of the street to help prevent clogged storm drains and local flooding.

1971 Woodbridge Center Mall Opens

Woodbridge Center Mall opened as one of New Jersey's largest shopping destinations, becoming a major hub for commerce and community life.

A rally in New York. Source: Environmental Action Coalition, NYPL.

1970s Eco Laws & Earth Day

The first Earth Day, creation of the EPA, and passage of the Clean Air Act marked a national shift toward environmental protection and waste reform.

Don't Feed the Wildlife Your Waste!

Animals often mistake litter for food, leading to injury or death for birds, fish and wildlife.

First established in 1997 by Keep America Beautiful, America Recycles Day is the only nationally recognized day dedicated to promoting and celebrating recycling in the United States. Each year, communities, schools, and organizations across the country take part in events that encourage people to be mindful of what they consume and how they dispose of it. The day reminds us that recycling isn't just about keeping waste out of landfills, it's about conserving resources, supporting local economies, and protecting the environment for future generations.

1980s Renewing Woodbridge

Woodbridge focused on community renewal, upgrading parks, expanding public works programs, and embracing early environmental initiatives that foreshadowed the township's future Greenable Woodbridge programs.

One Piece Becomes a Pile

Psychological studies show that when people see litter already present, they're more likely to litter themselves, creating a "broken windows effect" where neglect encourages more neglect.

Retrieved from <https://dep.nj.gov/circularity/timeline/1987/>

1987 NJ Leads in Recycling

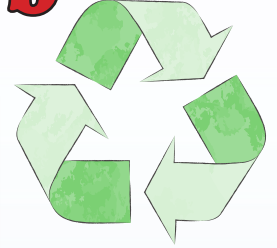

New Jersey became the first state to require curbside recycling, setting the model for the nation.

Recycling Right Starts at the Curb

2000s-2020s

The "Best Town Around"

Woodbridge launched environmental programs, recycling education, and Clean Communities initiatives that strengthened its reputation as a leader in sustainability.

Street Litter Becomes Sea Litter

About 80% of ocean litter starts on land, trash dropped on streets often travels through storm drains and waterways before ending up in the sea.

2000s - 2020s

A New Recycling Mindset

The focus turned from trash to treasure, with composting, food recovery, and zero-waste goals leading the way.

Recycling Beyond the Curb

Just because it can't go in your curbside bin doesn't mean it can't be recycled!

Cooking Oil

Shredded Paper

Plastic Bags

Styrofoam*

Food Waste

Drop off cooking oil, food waste, plastic bags and film, Styrofoam*, and shredded paper at the Recycling Center in Keasbey!

*Styrofoam is a trademark brand of Expanded Polystyrene (EPS) owned and manufactured by the DOW Chemical Company.

Snow Plowing

Throughout the winter months, the Department of Public Works is dedicated to keeping our roads clear and our residents safe. Primary roads are plowed and salted first to ensure emergency and main travel routes remain open, followed by all secondary and residential streets.

Residents can help by:

- Removing vehicles from the street when snow is predicted, and keeping them off until plowing is complete.
- Never shoveling or blowing snow into the street, it creates icy hazards.
- Waiting until plows have passed before clearing driveway aprons.
- Avoiding unnecessary travel during storms to allow plows to do their job safely and efficiently.

Together, we can keep Woodbridge safe, accessible, and the Best Town Around, all winter long!

Street Index:

How to use your street index:

1. Find the boxes with your town listed at the top. Please check all boxes. Towns are not in order and some boxes share multiple towns.
2. Once you've located your town boxes, check each box until you find your street listed.
3. Once you have found your street look at the top of the box to locate your RD and Zone number. Your special pick up days will be listed on your calendar by your RD and Zone number. Your special pick up days can also be found on the right hand side of the box.

A space has been provided at the bottom of each month of your calendar for you to write down your RD and Zone number

Know Your Flood Hazard: Protect Yourself and Your Property from Flooding

Protect Our Natural Floodplains

Only rain goes down the storm drain. The ability for storm drain systems to function correctly directly relates to minimizing flood inundation, potential damage sustained during strong rain events, and the reduction of non-point source pollution into our waterways. To learn more about the beneficial functions of natural waterways and floodplains...check out the Township floodplain management webpage: <https://www.twp.woodbridge.nj.us/635/Floodplain-Management>. Let's keep our waterways and floodplains clean and pristine. Report illegal dumping! Call: 1-877-WARN DEP and/or Woodbridge Twp Division of Engineering: 732-602-6057.

Know Your Flood Hazard

Woodbridge Township has areas of special flood hazards located in the AE, A, Coastal A, and VE zones. You can locate Special Flood Hazard Areas in your neighborhood by looking at the Flood Insurance Rate Maps (FIRM) at FEMA's Map Service Center or on the Township's floodplain management website, via the Woodbridge Township Interactive Flood Viewer which shows both the 2010 Effective FIRM and 2014 Preliminary FIRM, or by visiting our FEMA Flood Zones link on the Township's floodplain management webpage. Woodbridge Township contains areas of tidal and fluvial flooding. Never drive down flooded roadways. For your safety, our web pages have links to real-time tide gauge data. The Township of Woodbridge participates in the Middlesex County Hazard Mitigation Plan. The plan is designed to help identify local weaknesses and assess ways to potentially combat those issues. Thus, the overall outcome of the plan's development is to reduce devastating effects of future storm events and other natural hazards. The plan is available to view on the Township's floodplain management website. Please note that the Woodbridge Township Flood Viewer should only be used as a reference. For further flood zone clarification or to request a free flood zone designation letter for your property, please contact Thomas C. Flynn, M.P.A., CFM in the Woodbridge Township Division of Engineering.

Protect Yourself/Property from Flood Hazards

This information has been developed to help minimize risk within floodplains, and in order to reduce the amount of flood damage sustained during future flood events. Some areas of Woodbridge Township have been historically susceptible to flooding, and as a result it's important to know how to prepare for, respond to, and recover from a potential flood event. This information along with many other helpful flood preparedness and recovery tools can be found on the Township's floodplain management website: <https://www.twp.woodbridge.nj.us/635/Floodplain-Management>.

Build Responsibly

If you are in the market to potentially purchase property, you should examine any possibility of a flood hazard BEFORE YOU BUY & BEFORE YOU BUILD, and the need to have flood insurance to protect yourselves and your property. Historic flood risk may not be the same risk you face today or in the future. By rebuilding higher or to a more resilient standard, you can reduce-or avoid- future flood loss and reduce the impact on your finances. The Township recognizes The New Jersey State Flood Hazard Area (FHA) Control Act Rules, N.J.A.C. 7:13. Please note that in situations where the base flood elevation (BFE) denotes a more protective delineation, the State of New Jersey is using the information as the basis for statewide floodplain development standards. To learn more about the types of N.J. Flood Hazard Area Permit Authorizations, visit our Floodplain Management website and to view the Township's Municipal Flood Damage Prevention Ordinance, including Chapter 22 of the General Ordinance and the Township's Open Space Conservation & Resilience Zone Ordinance (OSC/R Zone).

Carry Flood Insurance

Federal law requires that a Flood Insurance Policy be obtained as a condition of a federally backed mortgage or loan that is secured by the structure located in an area of special flood hazard, as per the Effective Flood Insurance Rate Map (FIRM) delineation. Although some areas susceptible to flood risk do not require the purchase of flood insurance, it is recommended in order to best minimize financial vulnerability during a potential flood event. It's important to carry flood insurance even if you are not federally required to do so. According to FEMA, a structure located in a Special Flood Hazard Area has a 26% annual chance of experiencing a 1% annual exceedance probability flood(100-year flood event) over the course of a 30 year mortgage. A property not in a Special Flood Hazard Area (SFHA) may be damaged by a flood greater than that predicted on a flood study, such as a FIRM or state delineation. According to FEMA nearly 25% of all National Flood Insurance Program flood insurance claims come from policy holders outside of federally mapped Special Flood Hazard Areas. Learn more about how the Township's FEMA Community Rating System Program can help to potentially reduce your flood insurance premiums through the NFIP, even for structures mapped outside the SFHA.

FEMA COMMUNITY RATING SYSTEM – WHAT YOU NEED TO KNOW

The Woodbridge Township Division of Engineering, in conjunction with the Federal Emergency Management Agency (FEMA), implements the Community Rating System. For detailed FEMA Flood Insurance Rate Map (FIRM) determinations based on a street address which delineate floodways, limits of wave action, state protected natural areas, NOAA sea-level-rise data, historical extents of flood inundation, and flood depths contact the Woodbridge Township Division of Engineering for assistance: 732-602-6057. In addition, the Township offers flood protection assistance information in order to help property owners reduce vulnerability from flood related hazards. Flood-proofing techniques vary in size, scale and scope in relation to specific flood hazard conditions and the use of the structure. Some retrofitting alternatives might include elevating the structure, constructing engineered flood walls and protecting utilities from flood vulnerability. This service is intended to help provide one-on-one assistance to property owners in order to evaluate potential flood protection options. This service is not intended to function as means by which to offer design, engineering, or construction project support. Interested parties should contact the Division of Engineering in order to arrange for a consultation. Be sure to obtain all necessary permits before construction. NOTE: Consultation is based on the available "Flood Insurance Rate Maps(s)" of the municipality. This consultation does not imply that the referenced property will or will not be free from flooding or damage. A property may be damaged by a flood greater than that predicted on the FIRM or from a local drainage problem not shown on the map. This consultation does not create liability on the part of the municipality, or any officer, or employee thereof, for any damage that results from reliance on consultation determinations.

If you have questions about flood insurance policies or for detailed FEMA Flood Insurance Rate Map (FIRM) determination based on a street address contact the Woodbridge Township Division of Engineering for personal assistance: 732-602-6057

Tips to be better prepared for potential flooding events

- *Be aware of alternative evacuation routes from your neighborhood.
- *Gather supplies that you might need during a flood event, such as a "go-bag" battery-powered radio, emergency kit, etc.
- *Plan for how you will care for your pets.
- *Create a plan. Visit www.redcross.org to learn more about developing ways to be better prepared.
- *Avoid downed power lines that could pose a serious life-threatening hazard. Report these issues to utility companies immediately.
- *The Township conducts stream channel inspections annually and in relation to strong storm events. If you have a conveyance concern, you may call the Division of Engineering at: 732.602.6057.
- *Generators should never be operated inside your home or garage.

Steer Clear of Flooded Roads

- *Never drive on flooded roads - almost half of flood deaths happen in vehicles
- *6 inches of water is enough to cause you to lose control of your vehicle
- *If you encounter flood waters on a roadway Turn Around, Don't Drown.
