(Round design)**

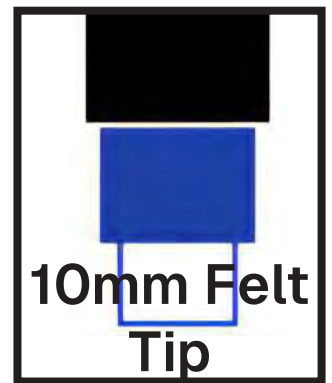

**Apply glue and wait a few seconds to
turn the glue to removable use**

Removable

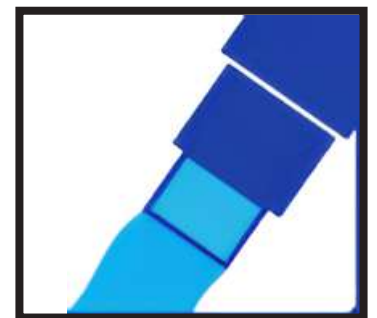

2in1 Glue Pen

Before use, cover the cap and shake the pen. Press the tip to release the air (1st time only). Press the tip down continuously until the glue goes out.

Do not squeeze the tip of the pen during gluing.

To start the glue pen, push the tip down several times until the glue soaks the whole tip. If the glue comes in contact with skin, wash with soap and water or alcohol.

2IN1 USE

1) PERMANENT:

Apply the glue, stick objects together. it will become permanent after 60 seconds or so.

2) REMOVABLE:

Apply the glue on chosen area and wait about 60 seconds for the glue to dry clear and it will become removable

Colors: yellow/green/blue/orange/pink • with glow-in-the-dark effect
Glitter Glue Glow in the Dark - glue with glitter particles for crafting and creative decoration on many materials. For designing pictures, greeting cards, wrapping paper, picture frames and much more with highly brilliant glitter effects. The extra soft tube with fine dosing tip enables clean and precise glue application and is ideal for small hands. Does not drip or leave threads. Solvent-free and washable. Dermatologically tested - but not a cosmetic product. If it comes into contact with skin, wash off with water.

Fascinating light effects in the dark / Suitable for many materials
Extra soft tube / Fine dosing tip / Does not drip and does not leave any threads
Solvent-free / Dermatologically tested

Use on paper, cardboard, plastic, wood, metal,
window, t-shirts, canvas, ceramic, etc ...
