

DENTXPERT

PRE-CLINICAL SIMULATION SYSTEM

DentXpert Dental Simulator

Precision Dentistry at Your Fingertips

For 2 Students + Four-Handed Operation

Dual Bench Dental Simulators with training and practice equipment allows the dentist & dental students to work on the simulated patient - Dental Phantom head with the look and feel close to a real patient and real dental procedure, training both their manual dexterity and problem- solving skills. Designed for universities and dental training centres, they feature a modular structure that helps to maximise space by creating self-contained learning stations. They reduce the gap between pre-clinical and clinical education. They provide a complete, ergonomic simulation that simulate lifelike situations, as in a clinical setting.

Single / Dual workbench for dental student clinical training simulation.

A complete system for 1 / 2 students reproducing the dental clinic environment and simulating realistically various clinical treatment procedures.
