- Insert the needle through the cork
- Give it 4-6 gentle pumps to gently release the cork

Wine Aerator

9149

£17

This device perfectly aerates red wine to perfection. No batteries are required and the results are instant, unlike typical decanters.

When wine is poured through the aerator, it passes through a specially designed chamber that draws in air. The oxygen interacts with the wine's tannins, softening their astringency. By breaking down the ethanol and sulfites, harsh notes are mellowed, making the wine smoother and more enjoyable.

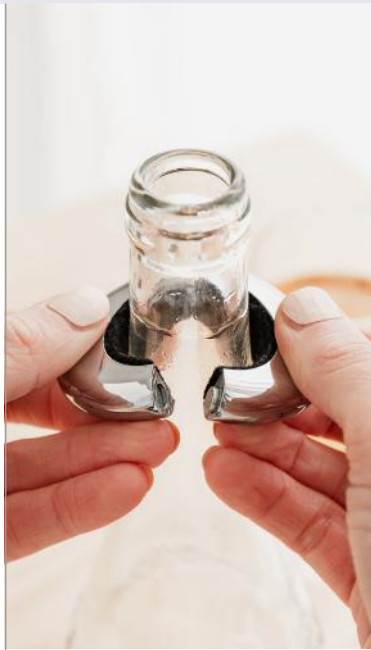

Professional Foil Cutter

9142

£10

A quick twist is all it takes to remove your wine's foil top and reveal the cork.

Featuring a revolutionary design with six spinning blades, this cutter effortlessly slices through foil-wrapped wine bottles. Get one step closer to enjoying your favourite bottle of wine, in a few simple twists.
