Adventure in Nature's Classroom

Music and Band Camp

Camp Arnes offers an excellent facility for band or choir camp. Thirteen convenient sectional spaces, music equipment, and the opportunity to enjoy great activities between sessions make it a hit with students and directors alike!

Outdoor Education

It's here where students learn skills like fire and shelter building, how to shoot a bow, and the value of working together. Fun and learning are so interwoven that students can't tell where one begins and the other ends!

www.camparnes.com
bookings@camparnes.com
204-338-4647

Autumn

Fall at Camp Arnes is a great way to start out the school year. Your students will enjoy the beauty of changing leaves as they fly through the air on the Giant Swing, ride down the Zipline, and work together to finish the Initiatives Task Course.

Winter

Enjoy Manitoba's winter wonderland with outdoor activities like snowshoeing, ice fishing, and cross-country skiing. Once all the fun is done for the day, spend some time in front of our cozy fireplaces warming up with a mug of hot chocolate!

Spring

Sunny days and crisp air are the perfect environment to wrap up the school year. Climb up on our High Ropes Course, try for a bullseye at Archery, or enjoy the peaceful sound of bird calls as you walk one of our nature paths.

What Schools are Saying:

"Great balance between educating students and allowing them to be active and have fun"

"They are activities we cannot re-create in the classroom"

"Camp Arnes continues to be one of the most rewarding experiences I have with my kids!"

"Staff was great and enthusiastic. An amazing experience overall."

Funding Learning Outside the Classroom and Beyond

Make an astronomical impact among students by providing them with an innovative, immersive and interactive learning experience. Help families to raise the funds necessary for their children to participate in enriching activities and outings by introducing FundScrip, Canada's number one gift card fundraising program. It's safe, it's easy and eliminates unnecessary spending. Find out if FundScrip is right for your school's programs by requesting our free information kit today.

Just another **DAY** in the classroom

FUN AND ENGAGING LEARNING EXPERIENCE WHILE TRAVELLING MANITOBA'S INTERLAKE

Have you ever dreamed of exploring the incredible food, culture, history, and art that the Interlake has to offer? Now you can do it without a guide or even without leaving your home or classroom! The Interlake Tourism Association is proud to present over 225 points of interest in our new digital travel guide.

Download Driftscape now to experience self-guided tours, and Quest games or take a virtual field trip with no permission slips necessary - discover amazing places in Manitoba's Interlake - field trip planning made easy! Step into the world of the Interlake!

SELKIRK MURALS: AN INCREDIBLE JOURNEY THROUGH HISTORY, CULTURE & ART

Ready for an unforgettable field trip experience? Pack up your class and come discover the wonder of Selkirk, Manitoba's public street art! There are more than 30 vibrant murals that will bring you on a journey through its communities. Download the Driftscape app to take a FREE tour which includes all the artist's background stories, the inspiration behind each creation, and incredible knowledge-sharing opportunities.

Get out and explore this gorgeous city full of creativity, where one can gain insight into its people, history, and culture—all while having fun, enjoying the outdoors, and getting exercise. A perfect day in any season for any class!

CREATE YOUR OWN EDUCATIONAL TOUR OR QUEST!

Put your students on the path to learning with Driftscape's educational tours - taking you through exciting and important sites in the Interlake region! Choose from destinations tailored to fit any curriculum, then get ready for an adventure - create a Quest! Gamify their experience by turning it into a unique scavenger hunt. Let your class have thrilling outdoor adventures or discover hidden tales indoors with Driftscape Quests! Uncover the local stories, history, and art around you in a safe and engaging way.

FORT DAUPHIN MUSEUM

Exploring the Past

140 Jackson Street, Dauphin, MB | P: 204.638.6630
E: fortdphn@mymts.net | www.fortdauphinmuseum.wordpress.com

FORT DAUPHIN MUSEUM

Fort Dauphin Museum was established in 1975. It is located in the west end of Dauphin near the Vermillion River. Complete with a pioneer home, trading post, blacksmith shop, trapper's cabin, church, and one-room schoolhouse, the museum contains a vast array of artifacts and is an ideal source of information about Manitoba's past.

The Fort itself is a replica of a fur-trading post that was established in 1741. Fort Dauphin Museum is also the home of the Parkland Archaeological Laboratory, a facility that stores information on more than 1,000 archaeological sites in the Parkland Region.

Our goal is to communicate knowledge and to provide activities that allow the community and visitors to experience the past.

Call 204-638-6630 for more information.

EXPLORE

of the Prairies*

SCHEDULE YOUR TRIP WITH US

Leave it to the Pros

Our program includes free lessons with certified instructors, and because student safety is our priority, we were one of the first to make helmets mandatory.

Endless Entertainment

Schools have the option for tubing add-ons adding to a truly unique ski trip.

Looking to take a break? Our lodge offers a variety of comfortable seating with a court full of food and drinks to warm up to.

A Day to Remember

We will work with you to make sure the experience is one of the best, not only for students, but for teachers as well. Give us a call today to discuss your next trip!

Discover Manitoba's Past

CANADIAN FOSSIL DISCOVERY CENTRE

80 million years ago Manitoba was right in the heart of a saltwater sea called the Western Interior Seaway.

This seaway was home to some of history's most fearsome creatures - turtles the size of cars, toothed birds, extinct sharks, giant cousins of squid and octopuses and marine reptiles longer than a bus - all on display in Morden, MB!

Learn about Manitoba's palaeontology and geology with school tours tailored for your group.

Activity / lunch room and documentary theatre included.

Let Nature Be Your Classroom

INTERNATIONAL
PEACE
GARDEN

**Book your customized
tour today!**

Contact: Debra McCallum
coordinator@peacegarden.com
1-204-534-2510 (ext. 138)
www.peacegarden.com

Nestled in the Turtle Mountains is a garden.

A celebration of peace, a living monument to the ideals of friendship and cooperation among nations. Acres of uninterrupted prairie, forests and radiant floral gardens are defined by nature, not borders. The newly expanded Conservatory, home to 6,000 unique and rare species of cacti and succulents from every corner of the world, will reopen in late 2023.

Planning a School Ski & Snowboard Trip has never been easier!

Here at Holiday, we strive to keep things as simple as possible for busy teachers.

- **Pick a date, any date. We'll find a place for you.**
- **Adults can Ski too! The Resort offers 1 complimentary supervisor lift & rental package for every 10 students. Additional adults are offered the student price.**
- **Need a bus? Let us help! Ask our Office Team, we'll make the Bus Booking for you.**

That's it. Just show up and let us do the rest.

Upon Arrival your group will be greeted by a member of the Snow School and given a short safety briefing on the bus. You will then be taken to a designated area where you can store your belongings, eat, and gather.

Students are then led as a group into the rental shop. A short rental form is filled out with the student's name, height & weight. Lift tickets are then applied to the student's jackets, boots are fitted, skis & snowboards are set and helmets are sized. Members of our Snow School Team will be on hand to assist with all these steps.

Once ready to go, these budding young athletes are sent right to the Bunny Hill! Never – Evers go immediately into a lesson. Self-proclaimed “Pros” head up the Carpet Lift to show off their skills to our Nationally-Certified Instructors. Their Helmets will be marking accordingly and then it's off to the big hills!

Beginner = Green Circle. Intermediate = Blue Square. Advanced = Black Diamond. Orange Pill = Expert, Terrain Park Features. These markings correspond with the run ratings. Students are required to stay on only the runs that they are rated for. This ensures that they do not attempt to navigate a run that is beyond their current ability level. Upgrade Lessons are available at 11:30, 1:00 & 2:00 daily.

At the end of the day, we simply ask that the Students drop off their equipment in the rental shop. That's it, we'll do the rest.

When the kids fall in love with our Favorite Sports – we've got them covered. Every student who visits on a school trip is eligible for a Season Pass for only \$20! That's unlimited Skiing & Snowboarding for the rest of the winter.

Holiday Mountain is fully compliant with all the guidelines and recommendations set out by the Manitoba School boards in their Planning Ski and Snowboard Education Programs Guide.

PEMBINA THRESHERMEN'S MUSEUM

The Pembina Threshermen's Museum is dedicated to preserving and presenting local agriculture and heritage. Stroll through our Heritage Village. You will marvel at an old school, church, general store, MTS/post office, barbershop, barn, elevator, sawmill, blacksmith shop, CPR train station, caboose, NWMP outpost, and Wildlife Exhibit.

Encompass our large displays of antique tractors, farm machinery, and small engines.

Don't forget to behold the generations as you meander through our four Heritage homes and our indoor Brimberly Village.

PREPARE TO BE AMAZED!

BRUCE D. CAMPBELL
**FARM AND
FOOD DISCOVERY
CENTRE**

Students get hands-on learning at the Farm and Food Discovery Centre

Located 15 minutes south of Winnipeg on Highway 75, the Bruce D. Campbell Farm and Food Discovery Centre offers an interactive and educational environment to explore modern farming and food production.

From the moment students walk through the doors, they'll be greeted by sights and sounds of agriculture all around them. Colourful exhibits take them through a farmer's field, from planting to harvest, allowing them to learn about the many factors that influence crop production, from soil to climate.

Students can explore livestock production practices through the viewing windows into the hog, dairy and egg layer barns. In the dairy facility featuring robotic milkers, students learn about milk production and follow the steps milk takes to get to the store. In our new egg layer barn, they will see

how egg farmers care for their hens and watch how the eggs are packed before heading to market. Food processing, food safety, and human nutrition are highlighted in the demonstration kitchen where students prepare foods to bring the food production journey full circle.

Educators can select from 10 curriculum-focused programs, including the popular Farm to Fork, Life in a Handful of Soil, and Discovering Dairy. Our newest program, Nutrition Necessities, lets students make their own lunch from foods we farm, while learning about the importance of nutrients on our health. All activities connect curricular themes found in social studies, science, geography, health, and nutrition to the food we eat.

Open Tuesday-Saturday - 10:00 am – 4:00 pm —
(February to mid-December)

Contact 204-883-2524 or visit www.ffdc.ca for admission costs and more information.

Come explore the Farm and Food Discovery Centre!

Where does our food come from? How do we take care of the environment and the animals? What is the connection between nutrition and health? Through our curriculum-based, hands-on workshops, your students will explore the science behind how food is made, learn about sustainable agricultural practices, and turn locally produced, nutritious ingredients into tasty treats in the kitchen.

Book your field trip today!

for more information.

Bringing Curriculum to Life

Educating middle school students can be a challenge. But what if you can bring the curriculum to life? Springfield Middle School teacher Samantha Luczenczyn-Lane did just that when she booked the Folklorama at School program.

“I wanted to offer my students something that was more hands-on,” said Luczenczyn-Lane. “Experiencing cultures is a part of the grade seven curriculum, and having artists perform, and talk about their heritage hits a lot of the curriculum points.”

During their experience, Luczenczyn-Lane’s grade seven students were introduced to two distinct cultures through The McConnell Irish Dancers and Mittal Joshi, an Indian classical dancer. Both groups teamed up to help students gain insight into different cultural communities and traditions.

“When reading my students’ reflections after our Folklorama at School experience, I was really able to see what students personally took away from it,” said Luczenczyn-Lane. “We’ve read a lot of stories and watched videos, but this experience was so much more personal and was able to connect with students in a different way.”

Folklorama at School is designed to help students appreciate and respect cultural differences and motivate students to take pride in their own cultural heritage, all while meeting with the Manitoba curriculum.

“They really pay attention when it’s right there in front of them and they get a chance to participate,” said Luczenczyn-Lane. “I would recommend Folklorama at School to any educator looking to get real experience for students. The process to book was easy and I really saw my students become engaged.”

Book your experience today by contacting Folklorama at

GET MOVING. GET FRESH AIR. GET OUTSIDE.

Get out of the classroom and outside with us! We offer year-round outdoor recreation adventure options for students to explore the outdoors on ice, snow, water and pavement. We make planning your group adventure easy with group rentals and guided options for a variety of ages and abilities. No transporting, no maintenance, all FUN!

In the spring and summer spend time on bike trails and on the water in canoes, kayaks, pedal boats and more. In the winter choose fat tire bikes, ice bikes and snowshoes.

Contact us to book your class today!

\$15
PER
STUDENT

ONLINE STUDY GUIDES AVAILABLE TO ENRICH YOUR STUDENTS' OPERA EXPERIENCE

THURSDAY, NOVEMBER 16, 7:30PM

Grades 6+

21st century Joséphine-Marie, through a grandmother's story, is transported to 1870s Montana where she encounters an ancestor, the sharpshooter Josette. There she falls in love with the young Louis Riel, in disguise and on the run from assassins. The pair confront jealousy, destiny, deprivation, and torment but are comforted by ghost choruses of ancestors, the bison brigades, and the women of their peoples, as they try to salvage a nation and save themselves in the burning heart of the continent of the 1870s.

Li Keur: Riel's Heart of the North is the world premiere of the first Indigenous-led opera to appear on a Canadian main stage

THURSDAY, APRIL 11, 7:30PM

Grades 8+

Confident, strong, beautiful - Carmen steals the heart of almost every man she meets, but what she values most is the freedom to live life on her own terms.

The smitten young soldier Don José lets his desire for Carmen spiral into obsession. Their destinies are intertwined in George Bizet's timeless tragedy, renowned as one of the greatest stories that opera has ever told.

One of the world's most popular operas!

Plug In Institute of Contemporary Art

is a non-profit contemporary art gallery which offers FREE guided tours and programming to students!

We encourage student groups to participate in our education programs which include in-depth curriculum guides customized for each exhibition, coupled with comprehensive exhibition tours and related workshops led by local artists.

Plug In ICA's Learning Programs provide students in Manitoba with the opportunity to engage with contemporary art and improve their visual learning skills. Students are able to learn about the process of production, and material/conceptual themes.

Additional programming is offered through the Interpreting [Interrupting] Youth platform which offers youth ages 16-24 the chance to engage directly with exhibitions.

actüa

University
of Manitoba

WISE Kid-Netic Energy offers hands-on, curriculum-based science, engineering and technology deliverables for youth K-12. We deliver workshops and host summer camps in locations across Manitoba, and offer extracurricular clubs and events year-round! We aim to inspire & empower youth in the sciences by providing access to quality resources and activities, enriching STEM education for all Manitoba youth.

WORKSHOPS

Our workshops are fun and hands-on STEM sessions designed to be brought right in to school classes or community centres. Each workshop links to the K-12 Manitoba science curriculum, and is delivered by a university student studying in a STEM or education-related field. When you book a workshop with us, we bring all the materials to your location (up to 1.5 hours from Winnipeg during the school year, and even further during the spring/summer). We have a catalogue of over 20 workshops to choose from, which is updated for each new school year!

Who: Classes grades K-12 | Where: Locations up to 1.5 hours from Winnipeg | When: Sept – June

CLUBS

Our clubs are for students interested in exploring specific STEM topics and sharing their interests with other kids outside of their school classrooms! Clubs meet on a weekly basis throughout the school year. Our clubs include a Girls** Club that meets on the University of Manitoba campus on Saturdays, an Inner-City STEM Club that meets after school, a Dissection Program that meets after school, and a Robot Fight Club that meets on the University of Manitoba campus.

Who: Grades 3-12* | Where: U of M campus or specific Winnipeg schools* | When: Sept – Apr*
*Specifics depend on the club | **For all girl-identifying youth and including youth who identify as non-binary, trans, and/or gender-diverse.

CAMPS

Our week-long summer day camps are full of messy and interactive STEM activities. They include indoor and outdoor components, and incorporate everything from physical activity to creative design challenges, to digital technology. Each year we develop a new set of STEM theme days for our camps, and bring them to locations across Manitoba.

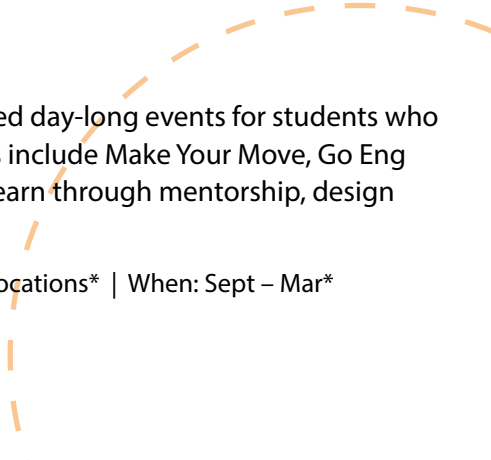

Who: Ages 9-12* | Where: Communities across Manitoba* | When: July & Aug

*Specifics change from year to year

EVENTS

Throughout the school year, we organize a number of focused day-long events for students who wish to dip their toes into a particular STEM field. Our events include Make Your Move, Go Eng Girl, and Go Code Girl - which each give girls the chance to learn through mentorship, design challenges, and/or interactive sessions.

Who: Grades 7-12* | Where: U of M campus or specific Winnipeg locations* | When: Sept – Mar*
*Specifics depend on the event

Le Musée de Saint-Boniface Museum: A Pillar of Francophone and Métis Heritage in Manitoba

Along the beautiful streets of historic St. Boniface, stands the “little white house” along the Red River, at 494 Taché Avenue. Come visit Le Musée de Saint-Boniface Museum, housed within the original Grey Nuns’ convent, which has stood the test of time to become the oldest building in the city of Winnipeg.

Here, you’ll discover magnificent architecture, artfully curated exhibits, and a charming gift shop. The Museum aims to provide visitor experiences that encourage greater awareness, appreciation and understanding of the French-Canadian and Métis cultures in Manitoba. The Museum’s exhibits explore topics relating to Métis and Indigenous Peoples, early French-Canadian settlers of Manitoba, the fur trade, the Métis bison hunt, Louis Riel, the province of Manitoba, and the Grey Nuns. Led by our welcoming and engaging interpreters, our family-friendly and school programs for all ages allow visitors to engage, interact, and connect with Manitoba’s rich history. For example, relive the stories and experiences of Métis families through hands-on programs such as Uprooted Nation and The Métis Bison Hunt. In the gift shop, you’ll find educational materials to help support course curriculums, as well as a little something for everyone from our wide selection of local, handcrafted, and Indigenous-made gifts.

Make Le Musée de Saint-Boniface Museum your next destination, and take part in one of our many experiences, whether it be a museum tour, our neighbourhood walking tours, or an interactive program.

Discover magnificent architecture, artfully curated exhibits, and a charming gift shop.

Brandon Bus Lines

Brandon Bus Lines started in Oct. 2006 as a family run business by Gordon and Natalie Hrechka with the help of their daughter Jeanelle running the day-to-day work in the office. Our well maintained Prevost buses will get you to your destination safely. We pride ourselves as a family run business and pass that family run pride on to our customers making sure that everyone's charter demands are met. All of our professional drivers have experience of 5 years or more. Our coaches are equipped with USB plugs, washrooms, DVD players, and WIFI capabilities.

No job is too big or too small. We can travel all through Canada and the United States. We are happy to have you call our office and discuss your charter needs at 1-877-571-0231.

Phone: (204) 981-6828

Beaver Bus Lines is a family-run charter bus company operating out of Winnipeg, Manitoba for over 50 years. John Fehr Sr. purchased the company in 1972 and since then it has grown into the largest charter bus company in Manitoba.

We offer 16, 36, 40, and 54/56-passenger luxury motorcoaches, driven by professional and courteous drivers. Our motorcoaches come equipped with reclining seats, USB/110 volt outlets, CD/DVD, interior overhead compartments, large under-bus luggage compartments, and washrooms. Another economical option for local transportation is our 47-passenger transit-style buses which have reclining seats and air-conditioning.

We pride ourselves in providing safe, luxury group transportation to all points in Canada and the USA at a competitive price. We are large enough to handle your needs, as well as small enough to provide the "personal touch." Whether you have to get your group across the country or across town, we're at your service.

Fehr-Way Educational Tours is proud to have earned the reputation of being the industry leader, specializing exclusively in Student Group Travel. We take great care in each of our student tours. Our experience has shown that every successful student tour must be educational, economically priced, and exciting!

Educational travel is an important aspect of learning as schools prepare students to compete in a more complex world. Travel brings curriculum alive for many students who learn best when experiencing concepts their teachers present, and can motivate students to apply themselves in the classroom. Additionally, travel teaches young people communication skills which will help them succeed as adults in a global society.

We would be happy to help you discover the tour that perfectly fits you. Call Dave Robinson at (204) 981-6828.
