

UNISUS Hockey Academy International Programs 2024

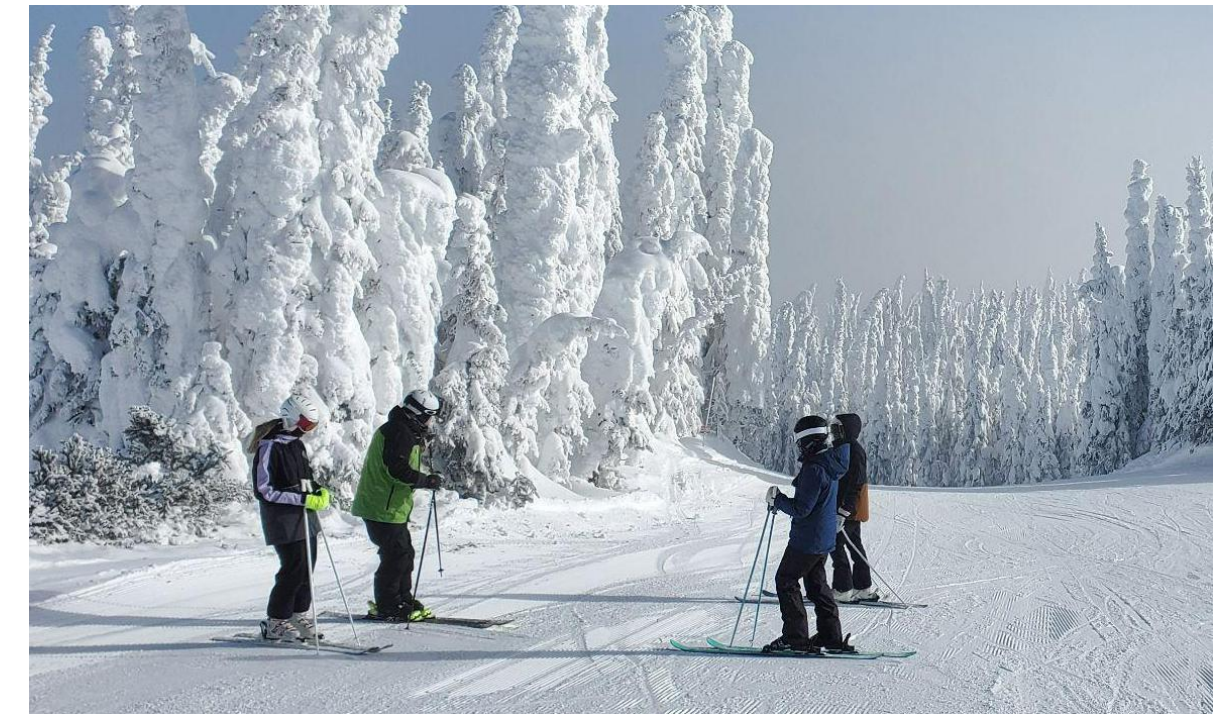

Why Join Our Program?

- The program adopts a holistic athlete development approach; training to include skills development, game strategies, strength and conditioning, mental wellbeing, and nutrition.
- Hockey skills training to be led by qualified Hockey Canada Accredited Coaches and former NHL players.
- Dry-land training to complement on ice training led by qualified sports therapists
- Competitive games with local Canadian teams
- Students also can experience an immersive English language learning environment and ESL classes.

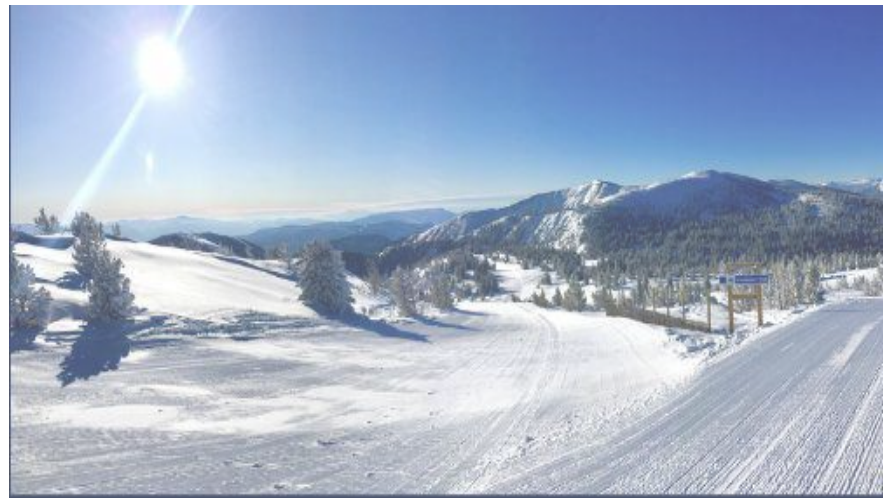

Who Should Join Our Program?

- The program is designed for both beginners and experienced hockey players who aspire to reach high-performance or advanced levels in hockey.
- English language learners looking for an immersive environment to further develop their English language capabilities. All ESL classes are delivered by qualified native English speaking instructors.
- Explorers who want to experience the best that the British Columbia has to offer in terms of outdoor recreational activities. All outdoor activities are led by qualified instructors.

Where is the Program Located?

- Summerland is located in the Okanagan Valley in British Columbia and is the #1 place to live in Canada in terms of weather.
- The Okanagan Valley is rich in hockey tradition. It is home to the Penticton Vees who were World Champions in 1955 and more recently National Junior A Champions in 2012.
- Participants will stay in our state of the art dormitory and train in world-class hockey facilities.
- The UNISUS campus is located 25 km from Penticton and 63 km from Kelowna and 400 km from Vancouver.
- In addition to hockey, participants can enjoy skiing in the winter and water sports during the summer.

Interested in having the camp in your country?

UNISUS Hockey Academy International Program is also available to be delivered in different countries. Contact us for more details.

Frequently Asked Questions

- Q: My child does not have a high level English. Is this a problem?
A: Not at all! One of the many features of UNISUS Winter Camp is the English Language Learning classes, which will help your child develop their English language skills
- Q: How will I be able to communicate with my child?
A: Participants will have access to their electronic devices during most part of the day. The moments they will not be able to use their devices are during activities (i.e. hockey training, English lessons, recreational activities)
- Q: Will there be someone looking after my child during the camp?
A: Yes. There will be a chaperone accompanying your participant from the moment they leave their home country to the moment they are back. At UNISUS we will have 24/7 monitoring while on campus and a designated staff member accompanying the group during outings.
- Q: Where will the students stay?
A: Participants will stay at UNISUS state-of-the-art dormitories, located inside UNISUS Campus. Dormitory arrangement is 4 participants per room.
- Q: Is the location safe?
A: Summerland, in the Okanagan Valley, is one of the safest places in British Columbia and it was ranked as one of the most desirable places to live in the country. The dormitories are monitored by cameras with floors and rooms access controlled by card.
- Q: What kind of food will be available for my child?
A: All meals are cooked by UNISUS own chef and offers a variety of options during the program. Participants will be able to enjoy food from different cultures as well as tastes that are similar to what they experience at home to create a rich but comfortable experience.
- Q: Does UNISUS offer medical assistance?
A: All participants will have medical coverage while in Canada during the duration of the program. Apart from that, UNISUS has its own nurse that will be able to provide the first consultation and assistance if necessary.
