Brochure

KERB Social Club is our love letter to the old-school American sports bar, reimagined the KERB way.

Big flavours, bold energy and unforgettable nights are what we do best.

Retro-inspired design meets modern cultural energy in a space built for entertainment - whether it's Super Sunday screenings, Mario Kart marathons, chess finals, or karaoke showdowns. It's where fans and communities of all kinds come together.

One of KERB's most exciting street food traders is dishing out flavours made for sport and socialising.

Plus, with five fully bookable private spaces and a terrace designed for every kind of moment, there's a perfect spot for any occasion.
