

INDEPENDENT AGRONOMY
THE BUYING GROUP FOR BRITISH FARMERS

A group of five people (three men and two women) and a black dog are walking through a golden field. They are all wearing green jackets or vests. The background shows rolling green hills under a blue sky with some clouds.

FORMED BY AN ALLIANCE OF INDEPENDENT AGRONOMY BUSINESSES TO OFFER GROUP BUYING BENEFITS TO BRITISH FARMERS

Crop Advisors is a buying group that specialises in the group purchasing of seed, fertiliser, and crop protection products for farmers that use an independent crop consultant.

Farmers join Crop Advisors to partner with a trusted independent agronomist while benefiting from the combined purchasing power of the wider membership.

HERE FOR OUR MEMBERS

Typical group savings of 10%-25% annually

Independent Alliance offers agronomy for over 700 British farmer members

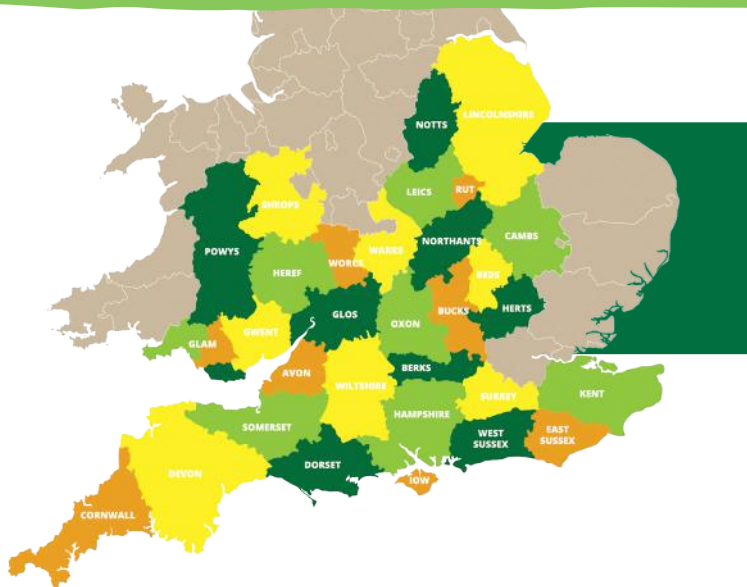

Supporting over 150,000 hectares across the UK

Crop Advisors is fully independent, taking no commission from supplier transactions. Instead, we charge a simple hectare fee, ensuring our focus stays on helping members run more profitable and efficient farming businesses.

Working closely with independent agronomists, we use the group's combined purchasing power to secure competitive pricing on agrochemicals, fertiliser and seed.

CROP ADVISORS

Our BASIS and FACTS qualified buying team combines expert knowledge with strong relationships across leading manufacturers, breeders, and research bodies across the UK to make proactive buying decisions.

We pride ourselves on offering a first class service to all our members. Understanding individual client needs is an integral part of achieving the tailored support required for your farm.

A SIMPLE PROCESS FOR YOUR AGROCHEMICAL, FERTILISER AND SEED PURCHASING

Our targeted buying approach, concentrating solely on core arable inputs, enables us to fully optimise the savings back to our clients.

Through expert product analysis, market monitoring, and independent performance data, the team ensures members benefit from informed purchasing decisions, reliable supply, and quality products tailored to their farming needs.

WORKING ALONGSIDE INDEPENDENT AGRONOMISTS

I'm a member of the Crop Advisors independent alliance which gives peace of mind on farm delivering my advice, whether it's variety selection, fertiliser strategy, or crop protection programmes, that Crop Advisors can source those products, keep prices down, and get them on farm when they're needed.

Stewart Sinclair. Agronomist with Hampshire Arable Systems

The Crop Advisors team works really hard behind the scenes to make sure the farmers I work with have the products they want when they need them. Knowing that Crop Advisors is taking care of negotiation and supply of product allows me to focus on my agronomy advice on the ground.

Dan Dines. Agronomist with Wessex Agronomy Ltd

INDEPENDENT AGRONOMY

A photograph of a man and a woman in a field. The man, in the foreground, is wearing a dark blue jacket with a white logo on the sleeve and is looking down at a plant. The woman, in the background, is wearing a light blue shirt and a dark vest, also looking at the plant. They are in a green field under a cloudy sky.

BECOME AN ASSOCIATE AGRONOMIST MEMBER

Associate members of Crop Advisors can concentrate their attention in the field, with confidence that the office team are managing both the supply and logistics of required agricultural products.
