

HUGIMALS™ WORLD

The calming hugs you've weighted for.

Weighted comfort for emotional well-being

Hugimals is a design-forward wellness brand created to bring **comfort, calm, and emotional grounding** through the science-backed power of weighted hugs. Founded by award-winning health and wellness journalist **Marina Khidekel**, the brand was born from a personal need to ease anxiety and has since been developed in collaboration with psychologists and occupational therapists to support both children and adults.

Hugimals is internationally recognized and award-winning, celebrated by titles such as TIME (Best Inventions), The New York Times, TODAY, Forbes, WSJ, and Oprah for its innovative approach to emotional well-being.
