Rainbow Bridge Inspired Cards Bring Comfort and Solace to Pet Owners Grieving the Loss of a Beloved Pet.

Rainbow Bridge

Just this side of heaven is a place called the Rainbow Bridge.

When a much loved animal dies, it goes to Rainbow Bridge. It runs and plays with special friends, in the rolling meadows and hills. There, animals are restored to health and vigor, just as we remember them. They are happy and content, but still miss the special people they have left behind.

There comes a day when a frolicking pet suddenly stops and looks into the distance. With bright eyes and eager body, it spots you and begins to run from its friends. Reunited, you embrace in a shower of happy tears and kisses. You look into the eyes of your beloved pet and realize that your love for each other will always live on.

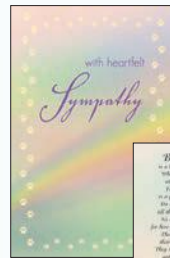

Finally together, you cross the Rainbow Bridge...

Inspired by a Norse legend

Inspired by Norse legend, the poem describes a peaceful place where pets once again run free in perfect health while eagerly awaiting the reunion with their beloved pet parent.

*By the edge of a meadow on the foot of a hill
is a lush green meadow where time stands still
where the friends of man and woman lie
when their time on earth is over and done
For here, because they loved and were loved
in a place where each beloved creature finds rest
the pain they feel they wait and they play
all the Rainbow Bridge they cross one day
the more do they wait, the more do they play
for they are whole, they have their old friends
they have their food, with strength renewed
They have their friends, their friends from long ago
and they are well, they are well and they wait
for you to come, you have not yet left
the end of a meadow, on the foot of a hill
is a lush green meadow where time stands still
where the friends of man and woman lie
when their time on earth is over and done
For here, because they loved and were loved
in a place where each beloved creature finds rest
the pain they feel they wait and they play
all the Rainbow Bridge they cross one day
the more do they wait, the more do they play
for they are whole, they have their old friends
they have their food, with strength renewed
They have their friends, their friends from long ago
and they are well, they are well and they wait
for you to come, you have not yet left*
