UDM SUSTAINABILITY REPORT 2024

In an era where global challenges demand innovative and sustainable solutions, Universidad De Manila (UDM) proudly presents its Sustainability Report, a testament to our commitment to fostering a resilient, inclusive, and responsible academic community. This report outlines our efforts across the United Nations Sustainable Development Goals (SDGs), highlighting our achievements, partnerships, and enduring dedication to positively impacting society.

As a leading institution situated in the heart of Manila, UDM is uniquely positioned to drive transformative change. Our dedication to sustainability is not only reflected in our curriculum but also in our commitment to community engagement, responsible governance, and partnerships with government, industry, and global institutions. This report details our contributions to key goals such as quality education (SDG 4), gender equality (SDG 5), decent work and economic growth (SDG 8), and partnerships for the goals (SDG 17), among others.

The pages that follow showcase our structured approach to integrating sustainable practices into the core of UDM's operations and culture. From local initiatives that empower underserved communities to international collaborations that foster global solutions, we aim to inspire progress, promote transparency, and exemplify how higher education institutions can be at the forefront of sustainable development.

This Sustainability Report serves as both a reflection on our past achievements and a roadmap for future endeavors. It is our hope that it will inspire continued collaboration, innovation, and shared commitment to a sustainable future. We extend our heartfelt gratitude to our partners, faculty, students, and staff for their tireless dedication to these efforts, as we look forward to advancing our mission of sustainability for generations to come.

MESSAGE FROM THE PRESIDENT

It is with immense pride and a deep sense of responsibility that I share Universidad De Manila's Sustainability Report 2024. This document reflects our commitment not only to academic excellence but also to creating a lasting positive impact on society. In these pages, you will find evidence of UDM's dedication to fostering a sustainable, inclusive, and resilient community, one that upholds the values enshrined in the United Nations Sustainable Development Goals (SDGs) and brings them to life through concrete actions.

As an institution, we are uniquely poised to address critical challenges through education, research, and community engagement. Our efforts toward goals such as quality education, gender equality, decent work, and partnerships for global progress underscore our resolve to create pathways to a better future. This report highlights our initiatives that expand access to education, promote equitable economic opportunities, protect academic freedoms, and encourage collaboration across sectors. Each initiative is a step toward a sustainable future, where both local and global communities can thrive.

I extend my heartfelt gratitude to the faculty, staff, students, and our many partners who have contributed tirelessly to these efforts. Our accomplishments are a testament to their commitment, passion, and ingenuity. As we continue to grow as a university and as a driver of social change, we are motivated by our shared vision of a sustainable future for all.

Let this report inspire us to remain steadfast in our mission. Together, we will continue to forge pathways toward sustainable development, empowering future generations with the tools and values they need to build a just, equitable, and sustainable world. Thank you for your unwavering support and partnership in this journey.

history

On April 17, 1995, the City Ordinance 7885 was enacted establishing the Dalubhasaan ng Lungsod Ng Maynila known as the City College of Manila (CCM) headed by Hon. Mayor Alfredo S. Lim, the father and founder of CCM with the support of Hon. Vice Mayor Jose L. Atienza Jr., and the City Council with Hon. Nestor C. Ponce Jr., Hon. Humberto Basco and Hon. Bernardito C. Ang as Principal Sponsors.

On April 26 of the same year, City Ordinance No. 7885 was passed into law and became operational with the main objective of providing quality education to the less privileged but intellectually deserving graduates from the Public Schools of Manila.

On June 6, 2006, the Manila City Council, at its regular session enacted City Ordinance No. 8120 elevating the Dalubhasaan ng Maynila or the City College of Manila (CCM) into a university and renaming it Universidad De Manila (UDM) to attune it with its present campus site at 24,000 square meters Mehan Gardens at Arroceros (now Cecilia Munoz-Palma) cor. Hospital Street (Antonio Villegas) Streets, Ermita, Manila. The new University was inaugurated by Hon. Mayor Jose L. Atienza Jr., and Hon. Juan Miguel T. Cuna on June 19, 2006.

On June 28, 2006, of the same year, City Ordinance No. 8120 was approved by his Hon. Mayor Jose L. Atienza Jr., and as such shall continue to operate in accordance with law and within the powers and limitations specified and organized as a corporation under the same name.

In 2015, the University's College Programs were recognized by the Commission on Higher Education (CHED) in compliance with the CMO 30, S. 2006 - Policies and Standards in Operating Colleges and Universities.

In January 2020 UDM institutionalized the Learning Management System (LMS) that formed the basis of a remote blended learning platform or enriched virtual. In February 2020, Moodle App was adopted as a learning platform to provide students, faculty members, and administrators to create a new kind of learning environment where students and teachers need not to each other daily. It was operational during the pandemic.

UDM *history*

Prior to the Enhanced Community Quarantine on March 16, 2020, UDM conducted training regarding Moodle App and video tutorials via the Workplace App and as a source of communication among faculty and administration. During the entire duration of the quarantine period, the learning and teaching link between the students and faculty members of UDM were ongoing and students were able to comply with the different academic requirements satisfactorily. Since the start of the lockdown, there has been no disruption in the teaching and learning process in UDM.

On April 27, 2020, City Ordinance No. 8635 was enacted to amend the provisions of Ordinance No. 7885 as amended by Ordinance No. 8120, entitled "An Ordinance Amending Specific Provisions of Ordinance No. 7885, otherwise known as "An ordinance authorizing the City Government of Manila to operate the Dalubhasaan ng Maynila (City College of Manila) and for such other purpose", enacted on April 17, 1995". This Ordinance treated UDM as an independent and institutional department of the City of Manila.

From tertiary courses, the University has expanded with other program offerings -the Institute of Graduate and Professional Studies (IGPS), the College of Law (CoL), the Center for Micro credentialing and Industry Training (CMIT), and the Senior High School (SHS).

PRIORITY GOAL AND TARGETS 7

7 AFFORDABLE AND
CLEAN ENERGY

"Ensure access to affordable, reliable, sustainable and modern energy for all."

The Universidad de Manila (UDM) and the City Government of Manila have made noteworthy strides toward advancing Sustainable Development Goal 7 (SDG 7): Affordable and Clean Energy, with initiatives that emphasize energy efficiency, renewable energy integration, and sustainable practices across both the city and the university community. These efforts underscore a shared commitment to transitioning to sustainable energy sources and fostering energy awareness among students, staff, and residents of Manila.

7 AFFORDABLE AND CLEAN ENERGY

The City Government of Manila has developed policies that encourage the adoption of green technologies, focusing on the role of energy-efficient practices in reducing the city's environmental footprint. For example, through partnerships with social entrepreneurs, the city has launched projects aimed at reducing plastic pollution and improving waste management. These efforts support energy conservation by promoting sustainable consumption patterns, which indirectly contribute to energy efficiency. This proactive approach aligns with SDG 7 by creating an environment that is favorable to clean energy adoption and responsible energy use.

At UDM, sustainability efforts are evident in both the physical campus infrastructure and the educational programs that encourage clean energy practices. A key initiative includes the installation of solar-powered lights throughout UDM's garden areas. These solar lamps not only illuminate the campus efficiently but also reduce reliance on traditional, non-renewable energy sources. By integrating renewable energy into everyday campus operations, UDM directly supports SDG 7's objective of promoting clean energy solutions.

This is th

Additionally, UDM emphasizes energy awareness and sustainability in its academic offerings and research programs. The university collaborates with the Department of Environment and Natural Resources (DENR) and other relevant agencies to conduct research and develop educational initiatives focused on energy efficiency and renewable energy technologies. Through these collaborations, UDM is able to provide students with a solid understanding of sustainable energy practices, equipping them with the knowledge needed to address energy challenges. This academic approach not only educates future leaders on the importance of energy efficiency but also cultivates a culture of sustainability within the campus and the surrounding community.

Both UDM and the City Government of Manila exemplify a collaborative and practical approach to achieving SDG 7. Through policies, infrastructural improvements, and educational programs, they work together to ensure access to affordable, reliable, and sustainable energy sources, creating a greener and more energy-conscious future for all.
