Outdoor Furniture Care Tips:

While our outdoor furniture is designed to be weatherproof and durable, it's important to remember that weatherproof doesn't mean unbreakable. To keep your pieces looking great and lasting a lifetime, follow these simple steps:

- 1 Regularly dust or wipe rattan and synthetic rattan with a soft cloth or brush to protect the weave.
- 2 Clean teakwood occasionally with mild soap and water; avoid harsh chemicals to preserve its natural finish.
- 3 Rinse aluminum frames periodically to remove dust, salt, and dirt buildup.
- 4 Use weatherproof fabric cushions, but store them in a dry place during extended bad weather or when not in use.
- 5 Cover your furniture when not in use to protect against dust, fading, and dirt buildup.
